BACKGROUND -- Indiana

Indiana lost five Republican House seats in the 1974 elections. One of the losers was William Hudnut, who has subsequently been elected mayor of Indianapolis. Hudnut had served only one term in Congress. He is a former Presbyterian minister.

Indianapolis, a predominantly Republican city, is an office town with major banks, insurance companies and of course state government. It has a population of almost 750,000 with only two percent black and a small ethnic population.

The primary date is May 4th. Indiana is the 11th largest state. The Equal Rights Amendment just failed to pass the Indiana legislature.

Although both Senators are Democrats, Governor Otis Bowen, a physician, is a Republican. Dr. Bowen was elected in 1972 and will be up for re-election this fall. He reportedly is very popular and is expected to win another four-year term.

Senator Vance Hartke's seat is up this year. The two leading contenders in the GOP primary are former Governor Edgar Whitcomb and former Indianapolis Mayor Richard Lugar.

Dear Mrs. Ford:

On May 1, 1976 Pan American World Airways -- in the pioneering spirit we celebrate this Bicentennial Year -- will fly its newest airliner, the 747SP "Clipper Liberty Bell," on a record-setting round-the-world flight with 130 passengers aboard.

It would be one of the finest honors our Company could receive if you would consent to christen this new airplane at ceremonies scheduled for Friday morning, April 30, at Dulles International Airport.

We boast with pride of the former First Ladies who have christened our Pan Am Clippers over the years as we have forged air links for the U.S. around the globe. In 1970 Mrs. Nixon christened our first Boeing 747 "Clipper Young America." Mamie Eisenhower christened the first American-built Jet Airliner 707 Jet "Clipper America" in 1958. The "Yankee Clipper" Boeing B-314 was christened by Eleanor Roosevelt in March of 1938; Mrs. Herbert Hoover christened the "American Clipper" Sikorsky S-40 in October, 1931; and Mrs. Calvin Coolidge christened the Fokker F-10 in November 1928.

Pan Am is proud to again be the first to carry the American Flag around the world with the faster, ultra long-range Boeing 747SP which will also provide the first nonstop commercial service between New York and Tokyo.

The 747SP represents a new U.S. aviation technological development, and The Boeing Company anticipates the sale of 200 SPs through the next fifteen years. Of these, 125 will be sold to international carriers, resulting in a favorable impact of approximately 3.750 billion dollars on balance of payments and a significant employment factor at Boeing and its many subcontractors throughout the land.

I do hope your schedule permits you to be with us on this important occasion in the history of U.S. air transportation.

Sincerely,

# The LBJ Memorial Grove on the Potomac

Unique among presidential memorials is the park overlooking the Nation's Capital honoring the 36th President, Lyndon B. Johnson, who served in the U.S. Congress and the White House for 32 years.

"All my life I have drawn sustenance from the rivers and from the hills of my native state . . . I want no less for all the children of America than what I was privileged to have as a boy," embodies the late President's thoughts on the environment, and is one of four LBJ quotations used in the Grove.

The simply designed 15-acre grove of white pine trees, flowering rhododendron, azalea and golden daffodils with a large, roughhewn granite rock at the center is located along the Potomac River in Lady Bird Johnson Park in Washington, D.C.

"It is my hope that with its trails and benches, its plantings and bowers of trees, the Grove will become a people place. I hope, too, that its view—spanning the whole of Washington's skyline—will inspire visitors to greater citizen participation," Mrs. Johnson said when the site was chosen.

NEW YORK (AP) — The glorious sounds of the late Duke Ellington thundered through the Cathedral Church of St. John the Divine as Betty Ford and other jazz lovers paid tribute to the American composer.

Nearly 4,000 persons lined the smooth, gray stone walls of the cathedral or sat in rows of tattered folding chairs last night to hear the memorial for Ellington that doubled as a benefit concert for Cuttington College in Liberia.
