MEMORANDUM FOR: The Honorable Philip W. Buchen  
Counsel to the President  
The White House  
Washington, D.C. 20500

SUBJECT : Watergate Case

On 15 January 1974 Mr. Lyle L. Miller of this Agency and I met with Mr. J. Fred Buzhardt, then Special Counsel to the President, to review various "Watergate" documents that this Agency had made available to others. Subsequent to that meeting, Mr. Buzhardt requested of me the loan of the classified volume entitled Sensitive Information Provided by CIA Orally (Supplement to Vol. III of "Documentation Provided by CIA"). Mr. Miller delivered that document to Mr. Buzhardt on 18 January 1974. It was our understanding at that time that the document would be returned when Mr. Buzhardt finished his review. Having no response from Mr. Buzhardt, I corresponded with him on 2 April 1974, requesting that if his review was complete, we would appreciate the return of the volume in order that we could clear this outstanding matter from our records. In response thereto, on 6 May 1974, Mr. George Williams, then Associate Counsel to the President, responded on behalf of Mr. Buzhardt that Mr. Buzhardt "would like to keep the material for a while longer until he gets some reaction from the Committee." Again, we would like to clear this outstanding matter from our records; therefore, we would appreciate your returning the document if you have no further requirement for it. We will be glad to pick it up if you so desire.

MEMORANDUM FOR:

Mr. James Wilderotter  
Associate Deputy Attorney General  
Department of Justice

With this document, I am transmitting to you the following documents (which are in part classified) for the use of the Department of Justice:

1. Affidavit of Karl Wagner, dated February 5, 1974.
2. Volume I - Sensitive Information Provided by CIA Orally (Supplement to Vol. III of "Documentation Provided by CIA")  
OLC MASTER COPY
3. Volume II - "Supplement to Vol. III of Documentation Provided by CIA"
4. Memorandum to Director, Central Intelligence, dated February 22, 1974, "Watergate Incident" from Howard J. Osborn. [Secret].
5. Memo to Philip Buchen from John Warner dated September 24, 1974, re: Watergate Case.
6. Memo to J. Fred Buzhardt from Philip Buchen dated October 1, 1974.

Contrary to the record made by my memorandum of October 1, 1974, Fred Buzhardt did not return the documents requested by the Warner letter of September 24, 1974. Instead he retained those documents until he resigned his White House position later in

October, and at that time he turned all listed documents over to me in a sealed envelope, with the suggestion I should read them before disposing of them.

Not until later did I receive a CIA clearance to see any of its classified documents, and I never looked at these particular documents until the last few days of December 1974, when I began to review in behalf of the President the allegations being made in the press about domestic activities of the CIA and the Colby report on such activities. My purpose then was to see if these documents might have a bearing on the allegations made. I have since reported on their contents to the President and, as you know, had you read them in my office.

MEMORANDUM FOR: The Honorable Philip W. Buchen  
Counsel to the President

SUBJECT : Watergate Case

On 24 September 1974 I wrote you regarding the disposition of and accounting for a volume of "Watergate" documents this Agency had previously made available to Mr. J. Fred Buzhardt, then Special Counsel to the President. A recent review of our records discloses that this volume of material has yet to be accounted for.

The facts related to the original loan of the volume to Mr. Buzhardt are as follows: On 15 January 1974 I met with Mr. Buzhardt to review various "Watergate" documents that this Agency had made available to others. Subsequent to that meeting, Mr. Buzhardt requested of me the loan of the classified volume entitled Sensitive Information Provided by CIA Orally (Supplement to Vol. III of "Documentation Provided by CIA"). That document was delivered to Mr. Buzhardt on 18 January 1974. It was our understanding at that time that the document would be returned when Mr. Buzhardt finished his review. Having no response from Mr. Buzhardt, I corresponded with him on 2 April 1974, requesting that if his review was complete, we would appreciate the return of the volume in order that we could clear this outstanding matter from our records. In response thereto, on 6 May 1974, Mr. George Williams, then Associate Counsel to the President, responded on behalf of Mr. Buzhardt that Mr. Buzhardt "would like to keep the material for a while longer until he gets some reaction from the Committee." My letter to you of 24 September again requested the return of this volume, but to date I know of no reply thereto.

Again, we would like to clear this outstanding matter from our records; therefore, we would appreciate your returning the document if you have no further requirement for it. We will be glad to pick it up if you so desire.

Dear Tony:

On October 4, 1974, J. Fred Buzhardt, who was then employed at the White House, delivered to me certain materials which he advised had come from the files of the CIA. Reference to this material was contained in a memorandum of September 24, 1974, from John Warner to me, a copy of which I enclose.

Later on January 14, 1975, we furnished copies of these documents to the Department of Justice and a copy of the transmittal and receipt dated January 14, 1975, is enclosed.

We still find in our files two copies of Item 1 and single copies of Items 2, 3 and 4 as listed on the transmittal to the Justice Department.

At this point, I believe it is desirable that we return to you the foregoing materials so that no copies will remain here in the Presidential files.

Sincerely,

**MEMORANDUM FOR THE FILE:**

**Subject: Conference with Fred Bushardt on his  
employment status - 10/2/74**

Special Counsel Bushardt concurred to me that his work here could be wound up by Friday or Saturday and not later than Wednesday, October 9. He said he would still have to be back in Washington to appear before Judge Sirica in Chambers on the matter of the "chain of custody" of the tapes but that this would probably not occur until the week of October 14th at the earliest. I suggested that if there were further occasional services to be performed after October 9, he should make himself available as a consultant. He said, however, that he was going to begin drawing down his pension as soon as his compensation here terminated and that he would willingly serve thereafter in a volunteer way for any help we needed. He was concerned about how the announcement would be handled and preferred that his departure be announced only after he left. However, by telephone callback, I suggested that he prepare to furnish me tomorrow a letter of resignation and that we would see if it would be possible to hold announcement of resignation until after its effective date. We also discussed procedures that JFB would follow to handle file material remaining in his office. He agreed to the following:

1. Inventory of each file going into storage with rest of Nixon papers -- copies of inventory to JFB and to PWB.
2. Before going into storage, duplicates will have been made of file contents for current matters and for those which will have a continuing operational value and kept in EOB legal offices.
3. Will take copies of current material receipts (chain of custody) already in Special Prosecutor's hands, but

-2-

part will be covered by copies either with Jerry Jones  
or remaining in EOB legal offices.
