# AN INTERFAITH APPEAL FOR THE LIFE OF DR. MIKHAIL SHTERN

*Mrs. Bucher*

TO: Mr. Nikolai Podgorny  
President U.S.S.R.,

As Christians and Jews who believe that human life is sacred, we appeal to you on behalf of Dr. Mikhail Shtern, former Chief of the Department of Endocrinology at the Vinnitsa Hospital.

For thirty years Dr. Shtern was dedicated to alleviating human suffering. He organized the first endocrinological clinic in the Western Ukraine and was responsible for the elimination of the thyroid diseases endemic to the area. In his capacity as Medical Director of a sanatorium for orphans he gave selflessly of his talents and compassion to children whose parents were killed by the Nazis.

Now Dr. Shtern faces eight years in a Soviet prison camp, and we fear that he cannot survive his term, for he suffers from heart disease and from a paralyzing spinal ailment.

As Dr. Shtern has already served one year in prison, we ask you in the name of humanity to grant him clemency and allow him to rejoin his family.

June 18, 1975

MEMORANDUM FOR:

BRENT SCOWCROFT

FROM:

PHILIP BUCHEN *P.W.B.*

SUBJECT:

Dr. Mikhail Shtern

Congressman John Wydler from New York asked Max Friedersdorf to have me meet with Ms. Inez Weissman, who is President of the Long Island Committee for Soviet Jewry, and with Dr. August Shtern in regard to August's father, Dr. Mikhail Shtern. The father is a noted Jewish endocrinologist from the Ukraine who has recently been sentenced by the Ukrainian Supreme Court to 8 1/2 years of hard labor, after a trial on charges brought only after the defendant declined to persuade his son August from emigrating to Israel. This case has apparently aroused considerable sympathy in this country and has resulted in an ad on June 8, 1975, in the New York Times and one in the Washington Post on June 17, 1975, copies of which are attached.

I also have an English-language account of the facts of the case as presented by the prisoner's attorney to the Ukrainian Supreme Court, if you care to see it.

The people who called on me would like the help of the President or Dr. Kissinger. I have, of course, made no comment on what, if anything, can be done in this regard. I assume that others in the Administration, as well as Members of the Congress, will be approached to help motivate this Administration to act. Therefore, I would appreciate your good counsel on what should be done to respond to the persons concerned.

Meeting  
6/18/75  
10 a. m.

4:30 Cong. John Wydler's office called back to confirm a meeting tomorrow (Wednesday 6/18) at 10 a. m. for Dr. August Shtern of Israel. Mrs. Singer's mother is ill and won't be able to come with Dr. Shtern; however, the President of the Long Island Committee for Soviet Jewry -- Inez Weissman -- will accompany him, as well as Miss Grayce Perlbinder. 225-5516

I have advised that in the event something is urgently scheduled we will call Gloria Pershing in the Congressman's office so that the meeting can be rescheduled if necessary. 225-5516

June 16, 1975

Dear Jack:

I have your letter of today's date about the possibility of Mrs. Lynn Singer and Dr. August Shtern meeting with the Counsel to the President on June 16, 17 or 18.

Your letter has been passed along to Mr. Philip Buchen and you will hear from his office as soon as possible.

With kindest regards,

Sincerely,

Max L. Friedersdorf  
Assistant to the President

Mr. Max L. Friedersdorf  
Special Assistant to the President  
The White House  
Washington, D.C. 20500

Dear Max:

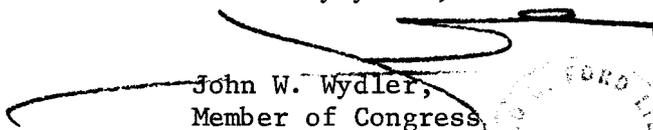

My constituent Mrs. Lynn Singer, Vice President of the Long Island Committee for Soviet Jewry, 134 Jackson Street, Hempstead, New York, has asked my help in arranging a meeting with the Counsel to the President, for herself and Dr. August Shtern of Israel.

I understand from Mrs. Singer that Dr. August Shtern is a native of the Ukraine who emigrated to Israel. He is currently visiting in the United States on behalf of his father, Dr. Mikhail Shtern, a noted Jewish endocrinologist from the Ukraine who is a Soviet prisoner-of-conscience, having recently been sentenced by the Ukrainian Supreme Court to some 8-1/2 years at hard labor.

Mrs. Singer and Dr. August Shtern will be here in Washington June 16, 17 and 18th and if at all possible would like to meet at that time, or at any other early date, with the Counsel to the President to discuss the case of Dr. Mikhail Shtern.

Any assistance you may properly be able to render on this request will be much appreciated.

Sincerely yours,

  
John W. Wydler,  
Member of Congress

MEMORANDUM FOR: PHILIP BUCHEN  
FROM: BRENT SCOWCROFT   
SUBJECT: Dr. Mikhail Shtern

Thank you for your memorandum of June 18 concerning your recent meeting with Mrs. Weissman and Dr. August Shtern, during which they sought the help of the President or Secretary Kissinger in behalf of Shtern's father, Dr. Mikhail Shtern.

Our embassy in Moscow reports that Mikhail Shtern was arrested for the economic crime of speculation, but that this arrest was probably linked to his own advocacy of the right to emigrate and his son's emigration to Israel. The case is in the hands of the Soviet Government, which regards it strictly as an internal matter. Nevertheless, the expressions of concern in the U.S. -- a humanitarian concern -- have been made known quite clearly to the USSR. We feel that the best way to make progress on emigration and humanitarian issues is to continue to strengthen our relations with the Soviet Union on a broad front, thus encouraging Soviet flexibility and respect for issues so important to the United States.

As you know, the Soviet Union views emigration and criminal cases as extremely sensitive elements in our relations and tends to view each action in this area -- official or private -- as reflections of U.S. policy. I believe, as a general rule, it is in our best interests to turn inquiries or requests for meetings concerning Dr. Shtern or other similar cases over to the Department of State for action and reply. State is accustomed to dealing with these requests and with individuals wishing to express their concern over these sensitive cases. Furthermore, the State Department is usually aware of the specific circumstances involved in each special case and can therefore more appropriately deal with the problem.

Dear Mr. Buchen,

Before President Ford departs to attend the European Conference on Security and Cooperation I appeal to you to use your influence to bring an urgent case to his attention.

Mikhail Edelman and his wife , Feiga, of Riga (Avotu 35, apt.11, Riga, Latvian SSR, USSR) have been waiting since 1971 for permission to leave the USSR for Israel. For two years he has not received any of the many letters sent to him from the USA. His letter of appeal, which was brought out of the USSR, is attached and explains his situation in full.

We see the joint Apollo-Soyuz Space Project as the latest expression of detante. Let human detente follow!

I urge you to do your utmost for the Edelmans. Mrs. Edelman's health is failing. The President's action for them is the Edelmans only hope.

Shalom.

Captain Mikhail Edelman , 59 from Riga who has been waiting four years for exit visa while his daughter and grandchildren were permitted to go to Israel describes the situation in the following letter:

TO ALL JEWS OF THE WORLD: I, Mikhail Edelman, am 59 years old. I live in the USSR, Riga- Avotu 35, apt. 11. My only daughter, my grandchildren as well as all the rest of my relatives and sisters of my wife are living in Israel. Until March 1971 I worked as a captain of a merchant ship. Then our family applied for emigration to Israel and while my daughter and sisters were allowed to leave, my wife and I were refused. For the past four years these refusals have continued on the grounds of "secrecy" of my former work. In the beginning the KGB set a three year waiting period, but since then the period has been extended to five years, seven years and now again to five years. During these years of waiting I as a person "leading a parasitic and anti-social way of life" had to work as a carrier and now I am unemployed. I worked hard all my life. I became a sailor forty-two years ago and since 1946 I served as a captain with a "break" in the 1950s (imprisonment under Stalin). During the war I spent four years in a German concentration camp waiting for death every day. Now I wonder whether I will live to see my daughter and my grandchildren again. My wife, Feiga, now fifty-seven used to be a nurse during the war. She dedicated all her life to work and to her family. She is now very ill. Both of us suffer greatly from the separation from our dear ones. Every day of our forced detention in the USSR deprives us of our strength, health and hope. I have exhausted all methods of appeal in the USSR and I therefor appeal to the world public and to my People and request.....Help me go to Israel and join my daughters, my People and my Homeland.

Signed: Mikhail Edelman

WE ASK YOU TO USE YOUR GOOD OFFICES TO SUGGEST TO PRESIDENT FORD THAT AS A REQUISITE FOR HIS ATTENDENCE AT THE INTERNATIONAL CONFERENCE IN HELSINKI, THE CAUSE OF SOVIET JEWRY BE ON THE AGENDA, AND A CONSTRUCTIVE CONCLUSION BE NECESSARY-- I.E. THE RIGHT OF ALL THOSE WHO HAVE APPLIED FOR EMIGRATION BE GRANTED VISAS, AND THOSE WHOSE INVITATIONS HAVE NOT YET BEEN DELIVERED RECEIVE THEM WITH PERMISSION, WE ALSO ASK THAT THE CASE OF DR MIKHAIL SHTERN BE INCLUDED ON THE AGENDA. THE WHITE HOUSE  
WASHINGTON

July 26, 1975

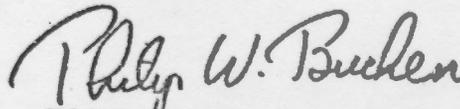

Dear Mrs. Ritt:

Thank you very much for your letter of July 21, 1975, concerning the case of Mikhail Edelman and his wife of Riga.

The President is deeply concerned for those unable to exercise fundamental human rights -- including the right of emigration. The upcoming Conference on Security and Cooperation in Europe which the President will soon be attending represents a step forward in improving relationships between the Soviet Union, on the one hand, and the United States and the North Atlantic Treaty Organization (NATO) allies, on the other.

Although the proposed declaration will not necessarily bring a solution to the problems you pose, it will represent a step forward toward reunification of families and toward increased human contacts and flow of information among the nations involved. In this way, the views of the U. S. Government and of organizations like yours may in time be more effectively conveyed and could alleviate the situation about which you are particularly concerned. I am at the same time sending a copy of your correspondence to the State Department.

Sincerely,

Philip W. Buchen

Dear Mr. Buchan,

I would like to again thank you for allowing us to meet with you and discuss the tragic case of Dr. Mikhail Shtern. We feel that the International Conference, to be held in Helsinki, serves as prime time for discussion of the general problems of Soviet Jews and the particular case of Dr. Mikhail Shtern. UNION OF COUNCILS FOR SOVIET JEWS APPEALS TO FORD TO INCLUDE SOVIET  
JEWRY ISSUE AND CASE OF DR. MIKHAIL SHTERN IN HELSINKI AGENDA

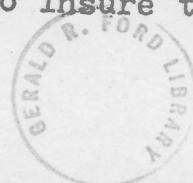

The national Union of Councils for Soviet Jews, with its headquarters in Hempstead, New York, appeals to President Ford for the inclusion of the problems of Soviet Jews, and particularly the case of Dr. Mikhail Shtern, the imprisoned Jewish endocrinologist who was sentenced to eight years in a Soviet labor camp on trumped up charges of bribery of two chickens, one goose, some vegetables, 70 eggs, and 770 rubles over a twenty year period, in the agenda of the International Conference to be held next week in Helsinki.

While visiting the United States, Dr. August Shtern, the son of Dr. Mikhail Shtern, had met with Philip Buchan, the top legal advisor to President Ford in a White House meeting, along with officers of the Union of Councils for Soviet Jews. At that meeting, Mr. Buchan showed great interest in the case of Dr. Shtern, and the Union of Councils for Soviet Jews feels that the time has come for White House action.

Although the International Conference in Helsinki has been called on behalf of the problems of "reunification and freedom of all people," the Soviet Jewry question has been deliberately left out. Ms. Inez Weissman, president of the Union of Councils for Soviet Jews and the Long Island Committee for Soviet Jewry stated:

We feel that it would be a grave deceit to hold an international conference on 'reunification and freedom' and ignore the problem of Soviet Jews. The Soviet Union has, in the past months, increased the harrassment of Jews, from the denial of visas to the incarceration of innocent men like Dr. Shtern. The President must not allow the Helsinki conference to be a mockery, but substantive results pertaining to the Soviet Jewry issue must be forthcoming. Although the Soviet Union has, in the past, been a signatory to many documents deploring inhumane practices and supporting the right of freedom for all people, such as the Human Rights Declaration of the United Nations, in its practices, the Russian government has not adhered to its signature. We thus ask that President Ford not only demand that meaningful resolutions on behalf of Soviet Jews be passed and signed, but also carried out.

The various member councils of the Union of Councils for Soviet Jews, who are situated throughout the United States, have not only appealed to the President, but have asked their congressmen and senators to use their good offices and relations with the President to insure the placing of Soviet Jewry in the Helsinki agenda.

Dear Mr. Buchen,

Before President Ford departs to attend the European Conference on Security and Cooperation I appeal to you to use your influence to bring an urgent case to his attention.

Mikhail Edelman and his wife , Feiga, of Riga (Avotu 35, apt.11, Riga, Latvian SSR, USSR) have been waiting since 1971 for permission to leave the USSR for Israel. For two years he has not received any of the many letters sent to him from the USA. His letter of appeal, which was brought out of the USSR, is attached and explains his situation in full.

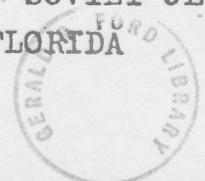

We see the joint Apollo-Soyuz Space Project as the latest expression of detente. Let human detente follow!

I urge you to do your utmost for the Edelmanns. Mrs. Edelman's health is failing. The President's action for them is the Edelmanns only hope.

Shalom.

MEMORANDUM

THE WHITE HOUSE

ADMINISTRATIVELY CONFIDENTIAL

July 7, 1975

MEMORANDUM FOR:

PHILIP BUCHEN

FROM:

BRENT SCOWCROFT 

SUBJECT:

Dr. Mikhail Shtern

Thank you for your memorandum of June 18 concerning your recent meeting with Mrs. Weissman and Dr. August Shtern, during which they sought the help of the President or Secretary Kissinger in behalf of Shtern's father, Dr. Mikhail Shtern.

Our embassy in Moscow reports that Mikhail Shtern was arrested for the economic crime of speculation, but that this arrest was probably linked to his own advocacy of the right to emigrate and his son's emigration to Israel. The case is in the hands of the Soviet Government, which regards it strictly as an internal matter. Nevertheless, the expressions of concern in the U. S. -- a humanitarian concern -- have been made known quite clearly to the USSR. We feel that the best way to make progress on emigration and humanitarian issues is to continue to strengthen our relations with the Soviet Union on a broad front, thus encouraging Soviet flexibility and respect for issues so important to the United States.

As you know, the Soviet Union views emigration and criminal cases as extremely sensitive elements in our relations and tends to view each action in this area -- official or private -- as reflections of U. S. policy. I believe, as a general rule, it is in our best interests to turn inquiries or requests for meetings concerning Dr. Shtern or other similar cases over to the Department of State for action and reply. State is accustomed to dealing with these requests and with individuals wishing to express their concern over these sensitive cases. Furthermore, the State Department is usually aware of the specific circumstances involved in each special case and can therefore more appropriately deal with the problem.

SUBJECT:

Dr. Mikhail Shtern

Congressman John Wydler from New York asked Max Friedersdorf to have me meet with Ms. Inez Weissman, who is President of the Long Island Committee for Soviet Jewry, and with Dr. August Shtern in regard to August's father, Dr. Mikhail Shtern. The father is a noted Jewish endocrinologist from the Ukraine who has recently been sentenced by the Ukrainian Supreme Court to 8 1/2 years of hard labor, after a trial on charges brought only after the defendant declined to persuade his son August from emigrating to Israel. This case has apparently aroused considerable sympathy in this country and has resulted in an ad on June 8, 1975, in the New York Times and one in the Washington Post on June 17, 1975, ... copies of which are attached.

I also have an English-language account of the facts of the case as presented by the prisoner's attorney to the Ukrainian Supreme Court, if you care to see it.

The people who called on me would like the help of the President or Dr. Kissinger. I have, of course, made no comment on what, if anything, can be done in this regard. I assume that others in the Administration, as well as Members of the Congress, will be approached to help motivate this Administration to act. Therefore, I would appreciate your good counsel on what should be done to respond to the persons concerned.

Dear Max:

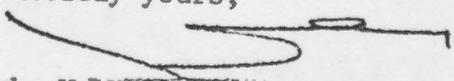

My constituent Mrs. Lynn Singer, Vice President of the Long Island Committee for Soviet Jewry, 134 Jackson Street, Hempstead, New York, has asked my help in arranging a meeting with the Counsel to the President, for herself and Dr. August Shtern of Israel.

I understand from Mrs. Singer that Dr. August Shtern is a native of the Ukraine who emigrated to Israel. He is currently visiting in the United States on behalf of his father, Dr. Mikhail Shtern, a noted Jewish endocrinologist from the Ukraine who is a Soviet prisoner-of-conscience, having recently been sentenced by the Ukrainian Supreme Court to some 8-1/2 years at hard labor.

Mrs. Singer and Dr. August Shtern will be here in Washington June 16, 17 and 18th and if at all possible would like to meet at that time, or at any other early date, with the Counsel to the President to discuss the case of Dr. Mikhail Shtern.

Any assistance you may properly be able to render on this request will be much appreciated.

Although the issues you raise are not on the agenda for specific discussion in the limited time available for private meetings between the President and General Secretary Brezhnev, the general nature of the proposed declaration on Security and Cooperation in Europe does offer considerable hope. It will represent a step forward toward reunification of families and toward increased human contacts and flow of information among the nations involved. The upcoming Conference on Security and Cooperation in Europe which the President will soon be attending represents a step forward in improving relationships between the Soviet Union, on the one hand, and the United States and the North Atlantic Treaty Organization (NATO) allies, on the other.

Although the proposed declaration will not necessarily bring a solution to the problems you pose, it will represent a step forward toward reunification of families and toward increased human contacts and flow of information among the nations involved. In this way, the views of the U. S. Government and of organizations like yours may in time be more effectively conveyed and could alleviate the situation about which you are particularly concerned. I am at the same time sending a copy of your correspondence to the State Department.

Sincerely,

MEMORANDUM FOR

Mr. Mark J. Garrison  
Director, Office of Soviet Union Affairs

Per our conversation, I have enclosed at Tab A the most recent letter which Mr. Buchen received from Mrs. Ritt, Chairwoman-Soviet Jewry Committee. Mrs. Ritt's December 22 letter mentions a couple named Tamara and Emanuel Neifach, in addition to the Edelmans.

Enclosed at Tab B is a copy of Mr. Buchen's July 26 letter to Mrs. Ritt in which he mentions the upcoming Helsinki conference as a hopeful sign for the reunification of families.

Your advice as to how to handle the December 22 letter would be much appreciated. In particular, we would need your direction on how to respond to Mrs. Ritt's statement about the Helsinki Agreement and on whether there is anything positive we can report about the Edelmans' exit visa problems.

Thank you.

Dear Mrs. Ritt:

Thank you very much for your letter of July 21, 1975, concerning the case of Mikhail Edelman and his wife of Riga.

The President is deeply concerned for those unable to exercise fundamental human rights -- including the right of emigration. The upcoming Conference on Security and Cooperation in Europe which the President will soon be attending represents a step forward in improving relationships between the Soviet Union, on the one hand, and the United States and the North Atlantic Treaty Organization (NATO) allies, on the other.

Dear Mrs. Ritt:

Thank you for your letter of December 22 in which you discuss the plight of the Mikhail Edelman and Emanuel Neifach families of Riga, who have been refused Soviet exit permission to emigrate to Israel.

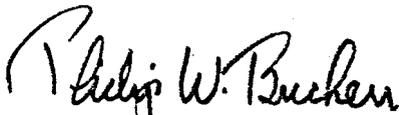

The Soviet Government is well aware of the deep concern of the American people and Government about the situation of Soviet Jews refused the right to leave the USSR and settle in the country of their choice. We believe our Government's sustained support for the principle of free emigration and our raising of this human rights issue with Soviet officials at all levels have been important factors influencing Soviet policies which have made it possible for over 100,000 Soviet Jews to emigrate since 1971. However, the U.S. Government has no standing to raise individual cases of Soviet citizens who wish to depart the USSR for Israel. We do, of course, make frequent representations with the Soviet authorities via our Embassy in Moscow on behalf of individuals who have applied to leave for the United States, and we hope our more general efforts to promote freedom of emigration will benefit families such as the Edelmanns and Neifachs.

Although the Final Act of the Conference in Helsinki is not a treaty with legally binding commitments, it does set standards for the behavior of the signatories in a number of areas, including human rights. Seen in this context we believe it represents an important step which lends added support to our interest in promoting concepts such as family reunification.

I sincerely hope that the Edelman and Neifach families are reunited very soon.

Sincerely,

Philip W. Buchen

Dear Mr. Buchen,

I wish to bring two cases of severe suffering to President Ford's attention.

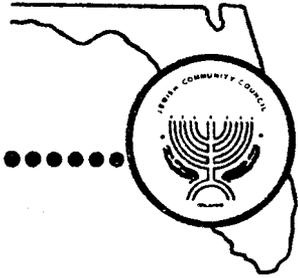

Zipperah and Mikhail Edelman (Avotu 35, apt. 11, RIGA, LATVIAN SSR, USSR) have been waiting over six years to emigrate to Israel to be reunited with their only daughter and her family. Recently the OVIR (RIGA, LATVIAN SSR, USSR) has hinted at the possibility of issuing them an exit permit in January, 1976. A letter from the President to the OVIR urging them to issue the Edelmanns their exit visa is of a great urgency and would be of supreme help!

Also in RIGA are Tamara and Emanuel Neifach (Suverova St. No. 113, Apt. 51, RIGA, LATVIAN SSR, USSR) and their daughter-in-law Maria. Maria expects her first child in two months. Her husband has been in Israel since October, 1975. The Neifachs have been waiting 12 years for permission to emigrate to Israel. Again I ask for President

Ford to write to the OVIR( OVIR, RIGA, LATVIAN SSR, USSR) to urge them to grant the required exit visas.

Just two letters by the President may bring freedom to these people. I hope you can convince the President to act on behalf of the Edelmans and Neifachs.

These are just two cases where the Soviet government has not lived up to the Helsinki Agreement. What actions is the President taking to pressure the Soviet Union to comply?

Thanking you for your kind attention to my appeal
