Draft - Remarks for Vice President Ford's film

Welcome to Washington

For the next two days/you will be part/of an important event in the Republican effort/to involve an ever growing number/of Citizens from Spanish speaking backgrounds/in the political life of the Party/in the active, political life of the country.

Most important/this Conference was the idea of Spanish-surnamed Americans/of men with initiative/of men in the tradition that makes, and keeps this country strong.

As men/and women/of initiative/as proud self-reliant people/as people who care about their families/and the sort of tomorrow we make for our children/you know the Republican Party embodies your principles/your aspirations for America/as we begin our third century as free people.

I was disappointed to find/that previous commitments/made it impossible for me to accept your invitation/and to participate ,in the Conference/but I want you to know/that you have my enthusiastic, best wishes/ And I look forward to another invitation/from one of the Assembly's future Conferences/of which I expect there will be many.

Thank you.
