THE VICE PRESIDENT'S BRIEFING PAPER  
Tuesday, March 19, 1974

-----

- 9:30 AM Mr. Miltich recommends you accept this interview.
- 10:30 AM This is a study program for those students interested in pursuing government careers. They are students from all over the U.S. and now from military families in the European countries. This is their 7th year for this program. We understand that you have attended all seven programs in the past.
- They would appreciate you delivering a few general remarks and then Q & A.
- 3:00 PM Bruce Triplehorn is sixteen years old and from Columbus, Ohio. He sent you a ltr re: your football career at the Univ. of Michigan. It seems his great uncle Howard Triplehorn was a colleague of yours. Bruce has found a Michigan-Michigan State Football program dated October 6, 1934 w/your picture in it. He would like you to autograph it for him.
- Since few people can come up w/a 1934 football program (Mi.), this would not create any future scheduling problems.
- His parents are here on business this week, so we felt it would be a memorable occasion for the young man. (WE HOPE YOU AGREE!)
- 3:15 PM Amb. Kahn wants to pay a courtesy call. Mr. Marsh endorses this visit.
- 3:30 PM Dr. David is presently V.P. for Research, Gould, Inc., Chicago, and President of Gould Laboratories. He is a former Science Advisor to President Nixon and Director of the Office of Science and Technology. Dr. David would like to discuss some of the concerns of the science community.
- Frank Pagnotta endorses this visit.
- 6:30 PM Cong. Sikes for the past four years has been entertaining friends on his wedding anniversary. This particular one is their 25th ANNIVERSARY. We have explained to his office, you would probably drop-by for a few minutes.
- 7:00 PM You will receive the "Man of the Year Award." The ceremony should last for about 40 minutes. BUSINESS SUIT.

THE VICE PRESIDENT'S BRIEFING  
PAPER

Thursday, March 21, 1974

- 
- 8:00 AM This briefing from Interior is the same as you have been attending with other Department Heads.
- 9:30 AM Amb. Eberle, President's special representative for trade negotiations, wants to discuss the Trade Reform Act. He is anticipating action being taken this morning.
- 10:00 AM The President has requested a meeting on current political climate as subject.
- 2:00 PM This will be a courtesy call. Mr. Marsh endorses this visit.
- 2:40 PM Mt. Holyoke College Professor Victoria Schuck's class of political science students. Ms. Schuck has taught the political science class for 34 years, she initiated the concept of summer student internships in Washington in 1949. About 40 women each summer are personally placed by Ms. Schuck in offices on the Hill and around town by virtue of her personal contacts with officials. We are informed that you have employed an intern every year.
- There are 50 students from Holyoke, Amherst, Smith, Univ. of Mass., and Hampshire.
- This year each student has chosen a piece of major legislation and is following and studying it in depth and reporting to the rest of the class each week. The group should be well versed in current public policy issues.
- 3:00 PM The President has called for a National Sec. Mtg. regarding SALT.
- 4:15 PM Mr. Miltich suggested this interview.

THE VICE PRESIDENT'S BRIEFING  
PAPER

Thursday, March 21, 1974

- 
- 8:00 AM This briefing from Interior is the same as you have been attending with other Department Heads.
- 9:30 AM Amb. Eberle, President's special representative for trade negotiations, wants to discuss the Trade Reform Act. He is anticipating action being taken this morning.
- 10:00 AM Mr. Miltich endorses this interview. We believe this is the first interview from any Yale publication.
- 2:00 PM This will be a courtesy call. Mr. Marsh endorses this visit.
- 2:40 PM Mt. Holyoke College Professor Victoria Schuck's class of political science students. Ms. Schuck has taught the political science class for 34 years, she initiated the concept of summer student internships in Washington in 1949. About 40 women each summer are personally placed by Ms. Schuck in offices on the Hill and around town by virtue of her personal contacts with officials. We are informed that you have employed an intern every year.
- There are 50 students from Holyoke, Amherst, Smith, Univ. of Mass., and Hampshire.
- This year each student has chosen a piece of major legislation and is following and studying it in depth and reporting to the rest of the class each week. The group should be well versed in current public policy issues.
- 3:00 PM The President has called for a National Sec. Mtg. regarding SALT.
- 4:15 PM Mr. Miltich suggested this interview.
