MEMORANDUM FOR THE PRESIDENT

FROM:

JIM CANNON

SUBJECT:

Olympic Sports Commission

Mike Harrigan, Executive Director of the Olympic Sports Commission, has been away since you first asked for information about the Olympics.

Tod Hullin, who has this responsibility for the Domestic Council, is meeting with other members of the Olympics staff tomorrow, January 15.

INFORMATION

MEMORANDUM FOR THE PRESIDENT
FROM JIM CANNON *JMC*
SUBJECT OLYMPIC SPORTS COMMISSION

While in Vail, Susan Chaffee indicated to you that the Olympic Sports Commission was encountering some problems with the Winter Olympic authorities in Innsbruck, Austria.

Tod Hullin of the Domestic Council staff has reviewed the situation with the staff of the Commission. At this time, the Commission staff reports that they are not encountering any major problems with the U. S. Olympic Committee or the Austrian authorities. We will be informed if problems are encountered.

You also asked about the Olympic Sports Commission budget situation. The Commission is operating on reprogrammed money from HEW. At the present time, the Commission estimates that it will need an additional \$75,000. OMB has been asked to review the budget situation with the Commission staff and appropriate HEW officials.

SUBJECT:

President's Commission on Olympic Sports

The President's Commission on Olympic Sports, which you established on June 19, 1975, has forwarded to you through Secretary Mathews the first of two required reports. As you recall, the Commission is charged with the responsibility of reviewing the United States Olympic Committee and amateur sports organizations as they relate to the effectiveness of the U. S. effort in international and Olympic competition.

The first report analyzes the current system of amateur sports in this country and identifies the strengths, weaknesses and needs of this system. Specifically, the report examines the need for a pre-eminent amateur sports authority to resolve the conflicts of rival sports federations. The report also reviews the organization of amateur sports in other countries.

The second and final report of the Commission, which will contain more detailed analysis of each Olympic sport and recommendations for the restructuring of the American amateur sports system, will be forwarded to you in September of this year.

In light of the recent winter Olympic Games and your personal interest in this matter, I have attached for your review a copy of the report, which contains a short summary at Tab A.

Also attached for your consideration is a proposed letter to Gerald B. Zornow, Chairman of the Commission, acknowledging receipt of the report. Bob Hartmann has approved the text of the letter.

RECOMMENDATION

That you sign the letter to Gerald B. Zornow at Tab B.

In accordance with Section 4(b) of the Executive Order creating the President's Commission on Olympic Sports, attached is the first report of the Commission. This report marks the end of the first five months of the Commission's existence and thereby presents our initial findings, conclusions and recommendations with regard to the current structure of amateur sports in the United States.

In the coming weeks and months, the Commission will address itself to:

- Determining the appropriate and acceptable nature and activities of a restructuring mechanism.
- Examining the feasibility of proposed mechanics in terms of legal, administrative and fiscal implications.
- Reviewing the alternative strategies for implementation and proposed mechanisms.
- Conducting a sport-by-sport analysis to provide information on the status of individual Olympic sports and to test the projected effectiveness of any proposed solutions within each sport.

The second and final report will present the results of these activities.

Dear Mr. Zornow:

I would like to thank you and the other members of the President's Commission on Olympic Sports for your first report to me on the status of amateur sports in this country. I appreciate the hard work that went into your analysis of the problems, weaknesses and needs of the American amateur system.

I am looking forward to reading your second report, which will further detail the need for a reorganization of the current structure of amateur sports and examine the American Olympic program on a sport by sport basis. As you know, I am committed to work toward achieving the best Olympic program possible for our country.

The Commission is interested in Federal programs that affect amateur sports. For the purpose of this study, sports is defined as competitive activity, whether individual against individual or team against team. Programs involved in the construction of bike paths or hiking trails would, therefore, come under the heading of recreation. Whereas, programs involved in the construction of basketball or tennis courts would be considered sports-related programs.

Examples of possible programs affecting amateur sports include:

- . Construction of stadiums, field houses, tennis courts, velodromes (cycling tracks); funding research into diet for athletes; the effect of drugs on athletes; the cause of sport-related injuries; endurance studies
- . The development of training programs for athletes, coaches, officials;
- . Training films; training manuals;
- . Travel arrangements and expenses for teams and officials for national and international competition and training
- . International coach and athlete exchanges
- . Stipends for athletes and coaches while training or teaching
- . Promotion of safety in design and fabrication of equipment for sports and building of sports facilities
- . Arbitration of sports disputes

Your charge to the Commission on Olympic Sports is to improve the environment of the American athlete in the United States by recommending to you improvement in the organization of amateur sports and to determine ways to finance amateur sports.

Recognizing that the following is not part of its direct charge, the Commission, nonetheless, respectfully suggests that the United States government take appropriate action to honor the achievements of the American athlete at the recently completed Winter Olympic Games. The Commission believes that these athletes, who have sacrificed so much to represent their country in Olympic competition, should be given national recognition.

SPEECH MATERIAL: Briefing paper to be prepared by the Domestic Council.

PRESS COVERAGE: White House Press Corps; Photo Opportunity.

STAFF: Lynn May

RECOMMEND: Jim Cannon and Jack Marsh.

PREVIOUS PARTICIPATION: The President has not met with any of the 1976 Winter Game medal winners.

BACKGROUND: In 1974, the President invited the International Olympic Committee to stage the 1980 Winter Games at Lake Placid. Responding to Congressional legislation that would authorize Federal financing of games, the President recently made the decision to finance the construction of permanent sports facilities at Lake Placid. The proposed event would provide an opportunity for the President to dramatize his position on the matter and pay tribute to some of the medal winners of the 1976 Winter Games.

SUBJECT: Lake Placid Winter Olympics

Attached is a schedule proposal for the President to announce his support for Federal funding of permanent sports facilities at Lake Placid, prior to the 1980 Winter Olympics. Bill Nicholson is currently trying to block out a time next Friday.

Because of the extreme concern of Congressman McEwen and the Lake Placid Organizing Committee over resolution of this issue, I think that it would be appropriate, once the event is cleared, to notify the Congressman and possibly Senators Javits and Buckley, that the President has made a decision and is planning to announce it next week in an event in which they are invited to participate. Attached are talking points that you might use in your conversation.

TALKING POINTS

1. The President has decided that it would be appropriate for the Federal Government to finance permanent sports facilities at Lake Placid prior to the 1980 Winter Olympics at Lake Placid. The funding level would be \$28 million.
2. The President would like to announce his proposal next _____ at an event honoring some of the 1976 Winter Olympic medal winners. Your participation along with key members of the Lake Placid Organizing Committee would be appreciated.

NOTE: Congressman McEwen might be concerned about the effect of the new Congressional budget procedure on the timing of the introduction of a new authorization bill. OMB assures me that this won't be a problem because most of the funds necessary for Lake Placid will be available from the new EDA appropriations.

SUBJECT: Lake Placid Ceremony

I developed at your request a schedule proposal for a ceremony at which the President could announce Federal funding for Lake Placid.

Tentatively, it is to be held Friday at 12:00 noon. Since last Friday Bill Nicholson has led me to believe that the ceremony was virtually a sure thing except he had not obtained final clearance. As this week wore on I was forced to notify the Olympic medal winners, Congressmen and others that we were thinking of holding a ceremony to announce our position and could they please hold Friday open for us.

Today I discovered that Jim Lynn has been holding the matter up and is now trying to kill it by a phone call to Cheney. I was led to believe earlier, however, that his objections had been overcome by Jack Marsh and Paul O'Neill. Tomorrow I'll be forced to call everyone and tell them its no go. I'm sure that the Congressional Committees and Governor Carey, who has taken an interest in this, will be angry. I recommend that you talk to Lynn and Cheney to resolve this in favor of the ceremony.

I. PURPOSE

To honor U.S. Medal Winners and announce Administration legislative proposal to fund certain permanent sports facilities at Lake Placid for the 1980 Winter Games.

II. BACKGROUND, PARTICIPANTS, AND PRESS PLAN

A. Background:

On April 22, 1976, you decided to adopt an OMB recommendation to provide special financial assistance for the 1980 Winter Olympic Games at Lake Placid which would:

- . give the Secretary of Commerce the responsibility for coordinating the Federal assistance for the construction of the permanent sports facilities required for the Games (estimated cost of \$28 million). The Secretary would use existing program authorities and budgets to the maximum extent possible, and could request additional appropriations, if needed, to finance the construction;
- . permit the Federal Government to pay up to 50% of cost overruns on the construction of the sports facilities; and
- . the Federal Government would not assume any special responsibility for financing other facilities or services which may be needed for these Games. These costs would be the responsibility of the State and local governments.

The sports facilities expected to be built with Federal financial support include:

- . A new field house with two ice sheets and a seating capacity of 9,000;
- . A 90-meter ski jump which would be the only one of its kind in the country;
- . A 400-meter outdoor speed skating oval; and
- . A luge run.

TALKING POINTS

I want to extend a very warm welcome to all of you today - the representatives of the Lake Placid Organizing Committee, Philip Krumm, President of the United States Olympic Committee, Gerald Zornow, Chairman of the President's Commission on Olympic Sports and other Commissioners of that body, distinguished Congressmen and finally and most particularly to the seven athletes, who won medals at the 1976 Winter Olympic Games in Innsbruck.

We are gathered here today to pay tribute to your recent accomplishments and to look forward toward the future of amateur sports and the Olympic efforts of this country. I doubt anyone here, except you athletes, really comprehends the tremendous sacrifices that each of you and your fellow teammates had to endure to be able to compete in the Olympic Games. I would like to thank you on behalf of all Americans for your achievements which have so honored our country and advanced the cause of international fellowship. You make us all very proud.

I believe that the time is right for greater understanding and support of amateur athletic competition in this country. For this reason, I appointed a Presidential Commission on Olympic Sports last year to examine the nature of American amateur athletics. Their report, due later this year, will assess the organization and financing of amateur sports in this country and how it affects American participation in international competition like the Olympic Games.

Another factor of importance in the success of American Olympic teams under examination by the Commission is the availability of first class facilities for training and competition. Many of the most thrilling events of the 1976 Winter Olympics, like the bobsled races and ski jumping events, were held on facilities that required tremendous expenditures to construct. Europe has several speed skating rinks and 90 meter ski jumps. The United States has only one speed skating rink and no 90 meter ski jumps. As a result, American athletes in these events are forced to spend long months abroad to prepare for competition or curtail their training.

I believe that America is proud of her Olympic athletes and proud to have them take part in the great Olympic pageant. I am proposing, therefore, legislation that will provide special financial assistance for the 1980 Winter Olympic Games to be held at Lake Placid, New York. The funds will be used to build permanent sports facilities, including a speed skating rink, a 90 meter ski jump, a luge run and others. These facilities will not only be used for the 1980 Winter Games but will also be available for United State athletes to train on thereafter.

I know that many of the Senators and Congressmen here today, like Bob McEwen of New York, have been working hard to improve amateur athletics and also to bring the 1980 Winter Games to the United States. I trust that my Administration can work with you to realize these goals. Thank you very much for coming.

TALKING POINTS

I want to extend a very warm welcome to all of you today - the representatives of the Lake Placid Organizing Committee, Philip Krumm, President of the United States Olympic Committee, Gerald Zornow, Chairman of the President's Commission on Olympic Sports and other Commissioners of that body, distinguished Congressmen and finally and most particularly to the seven athletes, who won medals at the 1976 Winter Olympic Games in Innsbruck.

We are gathered here today to pay tribute to your recent accomplishments and to look forward toward the future of amateur sports and the Olympic efforts of this country. I doubt anyone here, except you athletes, really comprehends the tremendous sacrifices that each of you and your fellow teammates had to endure to be able to compete in the Olympic Games. I would like to thank you on behalf of all Americans for your achievements which have so honored our country and advanced the cause of international fellowship. You make us all very proud.

I believe that the time is right for greater understanding and support of amateur athletic competition in this country. For this reason, I appointed a Presidential Commission on Olympic Sports last year to examine the nature of American amateur athletics. Their report, due later this year, will assess the organization and financing of amateur sports in this country and how it affects American participation in international competition like the Olympic Games.

Another factor of importance in the success of American Olympic teams under examination by the Commission is the availability of first class facilities for training and competition. Many of the most thrilling events of the 1976 Winter Olympics, like the bobsled races and ski jumping events, were held on facilities that required tremendous expenditures to construct. Europe has several speed skating rinks and 90 meter ski jumps. The United States has only one speed skating rink and no 90 meter ski jumps. As a result, American athletes in these events are forced to spend long months abroad to prepare for competition or curtail their training.

I believe that America is proud of her Olympic athletes and proud to have them take part in the great Olympic pageant. I am proposing, therefore, legislation that will provide special financial assistance for the 1980 Winter Olympic Games to be held at Lake Placid, New York. The funds will be used to build permanent sports facilities, including a speed skating rink, a 90 meter ski jump, a luge run and others. These facilities will not only be used for the 1980 Winter Games but will also be available for United State athletes to train on thereafter.

I know that many of the Senators and Congressmen here today, like Bob McEwen of New York, have been working hard to improve amateur athletics and also to bring the 1980 Winter Games to the United States. I trust that my Administration can work with you to realize these goals. Thank you very much for coming.

Federal Assistance for the 1980
Winter Olympic Games

The President has decided that he will request legislation to provide for special financial assistance for the 1980 Winter Olympic Games to be held in Lake Placid, New York.

The proposed legislation will:

- . Give the Secretary of Commerce the responsibility for coordinating the Federal assistance for the construction of the permanent sports facilities required for the Games (estimated cost of \$28 million). The Secretary would use existing program authorities and budgets to the maximum extent possible, and could request additional appropriations, if needed, to finance the construction;
- . Permit the Federal Government to pay up to 50% of cost overruns on the construction of the sports facilities; and
- . The Federal Government would not assume any special responsibility for financing other facilities or services which may be needed for these Games. These costs would be the responsibility of the State and local governments.

The sports facilities expected to be built with Federal financial support include:

- . A new field house with two ice sheets and a seating capacity of 9,000;
- . A 90-meter ski jump which would be the only one of its kind in the country;
- . A 400-meter outdoor speed skating oval; and
- . A luge run.

UNITED STATES MEDAL WINNERS
OF THE 1976 WINTER OLYMPICS

THE ROSE GARDEN

FRIDAY, MAY 7, 1976

-1-

I WANT TO EXTEND A VERY WARM WELCOME TO ALL OF YOU TODAY

-- THE REPRESENTATIVES OF THE LAKE PLACID ORGANIZING COMMITTEE;

PHILIP KRUMM, PRESIDENT OF THE UNITED STATES OLYMPIC COMMITTEE;

GERALD ZORNOW, CHAIRMAN OF THE PRESIDENT'S COMMISSION

ON OLYMPIC SPORTS, AND OTHER COMMISSIONERS OF THAT BODY;

DISTINGUISHED CONGRESSMEN; AND FINALLY AND MOST PARTICULARLY
TO THE SEVEN ATHLETES WHO WON MEDALS AT THE 1976 WINTER OLYMPIC
GAMES IN INNSBRUCK.

TODAY WE ARE HERE TO PAY TRIBUTE TO YOUR RECENT
ACCOMPLISHMENTS AND TO CONSIDER THE FUTURE OF AMATEUR SPORTS
AND THE OLYMPIC EFFORTS OF THIS COUNTRY.

I DOUBT WHETHER ANYONE HERE, EXCEPT YOU ATHLETES,
FULLY UNDERSTANDS THE TREMENDOUS SACRIFICES THAT YOU
AND YOUR FELLOW TEAMMATES HAVE MADE IN ORDER
TO SUCCESSFULLY COMPETE IN THE OLYMPIC GAMES.

I WOULD LIKE TO THANK YOU ON BEHALF OF ALL AMERICANS
FOR THE HONOR WHICH YOUR ACHIEVEMENTS HAVE BROUGHT
TO OUR COUNTRY AND FOR ADVANCING THE CAUSE OF INTERNATIONAL
FELLOWSHIP. YOU MAKE US ALL VERY PROUD.

I BELIEVE THAT THE TIME IS RIGHT FOR GREATER
UNDERSTANDING AND SUPPORT OF AMATEUR ATHLETIC COMPETITION
IN THIS COUNTRY. FOR THIS REASON, I APPOINTED
A PRESIDENTIAL COMMISSION ON OLYMPIC SPORTS LAST YEAR
TO EXAMINE THE NATURE OF AMERICAN AMATEUR ATHLETICS.

THEIR REPORT, DUE LATER THIS YEAR, WILL ASSESS THE ORGANIZATION
AND FINANCING OF AMATEUR SPORTS IN THIS COUNTRY
AND HOW IT AFFECTS AMERICAN PARTICIPATION IN INTERNATIONAL
COMPETITION SUCH AS THE OLYMPIC GAMES.

AN IMPORTANT FACTOR IN THE SUCCESS

OF AMERICAN OLYMPIC TEAMS IS THE AVAILABILITY

OF FIRST CLASS FACILITIES FOR TRAINING AND COMPETITION.

MANY OF THE MOST THRILLING EVENTS OF THE 1976 WINTER OLYMPICS,

LIKE THE BOBSLED RACES AND SKI JUMPING EVENTS, WERE HELD

AT FACILITIES WHICH REQUIRED TREMENDOUS EXPENDITURES TO CONSTRUCT.

EUROPE HAS SEVERAL SPEED SKATING RINKS AND 90 METER SKI JUMPS.

THE UNITED STATES HAS ONLY ONE SPEED SKATING RINK AND

NO 90 METER SKI JUMP.

AS A RESULT, AMERICAN ATHLETES IN THESE EVENTS MUST SPEND
LONG MONTHS ABROAD TO PREPARE FOR COMPETITION OR LIMIT
THEIR TRAINING.

AMERICA IS PROUD OF HER OLYMPIC ATHLETES AND PROUD
TO HAVE THEM TAKE PART IN THE GREAT OLYMPIC PAGEANT.

I AM PROPOSING, THEREFORE, LEGISLATION THAT WILL PROVIDE
SPECIAL FINANCIAL ASSISTANCE FOR THE 1980 WINTER OLYMPIC GAMES
TO BE HELD AT LAKE PLACID, NEW YORK. THE FUNDS WILL BE USED
TO BUILD PERMANENT SPORTS FACILITIES, INCLUDING AMONG OTHERS
A SPEED SKATING RINK, A 90 METER SKI JUMP, AND A LUGE RUN.

THESE FACILITIES WILL NOT ONLY BE USED FOR THE 1980 WINTER GAMES
BUT WILL ALSO BE AVAILABLE FOR UNITED STATES ATHLETES
TO TRAIN ON THEREAFTER,

I KNOW THAT MANY OF THE SENATORS AND CONGRESSMEN
HERE TODAY, LIKE BOB McEWEN OF NEW YORK, HAVE WORKED HARD
TO IMPROVE AMATEUR ATHLETICS AND TO BRING THE 1980 WINTER GAMES
TO THE UNITED STATES. HOPEFULLY MY PROPOSAL WILL PERMIT
THE FULL REALIZATION OF THESE GOALS.

THANK YOU VERY MUCH,

Dear Jim:

This is addressed in further regard to the subject of our recent telephone conversation.

For the 1932 Olympics at Lake Placid, the bobsled run at Mount Van Hoevenberg, the 70 meter ski jump at Intervale and the Olympic Arena were all constructed. Most significant is the fact that these facilities have been continuously used for succeeding winter games and competitions for the past 44 years, and, in fact, will be utilized again in the 1980 Games.

The additional sports facilities to be constructed for the 1980 Games will likewise be used for years to come. They will serve to make this community a complete winter sports center for both training our athletes and for national and international competitions.

What has concerned me, and others, is how to meet the need for athlete housing, i.e. an Olympic village.

Because Lake Placid is a beautiful small mountain village, it is an ideal setting for the Games. At the same time, however, this presents a problem on finding a use for this housing after the Games are over.

One of the sites that has been considered is the state facility at Ray Brook. It was originally constructed as a hospital for the care and treatment of tuberculosis patients. With the advent of the so-called wonder drugs and the control of tuberculosis, it was no longer needed for that purpose. Subsequently, it was used as a drug treatment center. Now, it is surplus, and the state is looking for some use for Ray Brook.

May 5, 1976

It is situated between Lake Placid and Saranac Lake and would be a convenient location for an Olympic village. The fine buildings of this facility are set back at some distance from the main highway in a very beautiful wooded area.

It now occurs to me that this facility might be improved, including security fencing desirable for an Olympic village, and find an after use as a federal youth center.

I am told that we now have federal youth centers at Morgantown, West Virginia; Ashland, Kentucky; Englewood, Colorado; and Pleasanton, California. Additionally, youth centers are under construction at Miami, Florida; Memphis, Tennessee, and Bastrop, Texas. This year, there is a request for an appropriation to build such a center at Talladega, Alabama.

You will note from this list the absence of any federal youth center in the Northeast. I am told that there has been appropriated planning money for locating such a facility in New York, as well as the Pennsylvania-Maryland area and Ohio.

With the anticipated announcement to be made by the President concerning the 1980 Winter Games, we shall be committed to successfully hosting this event. It would seem that a site, such as Ray Brook, might be considered for a federal youth center. There would be adequate time to make the necessary renovations and improvements in order to have it available for the Games in 1980 and immediately thereafter to be used as a correctional facility.

It is my understanding that these federal youth centers are minimum security institutions with dormitory-type living accommodations.

For both your interest in this matter and your anticipated inquiry into it, I am most appreciative.

With kindest regards, I remain

Cordially,

Robert C. McEwen

Dear Bill:

I want to thank you for your participation in the White House ceremony honoring the 1976 Winter Olympic Medal winners. I'd especially like to express my appreciation for the can of maple syrup which you brought for me. Both were very enjoyable.

Although I'm a downhiller myself, I really admire your performance in the Olympics in an event that is very gruelling. I believe the example you set will inspire future American athletes to do well in events like cross country skiing that have not traditionally been sports in which we have excelled. I am very proud of you and all your fellow teammates.

Sincerely,

Mr. William C. Koch

NEWS RELEASE

May 27, 1976
Release # : 76-64-526

WASHINGTON---Congressman Robert C. McEwen, R-N.Y., announced today the Federal government will take a close look at the former hospital and drug rehabilitation center at Ray Brook, N.Y., for dual use as housing by athletes participating in the 1980 winter Olympics at Lake Placid and later as a Federal correctional facility for youthful offenders.

The considerations result from a meeting initiated by Congressman McEwen with Rep. John M. Slack, D-W.Va., Chairman of the State, Justice and Commerce Appropriations Subcommittee of the House of Representatives, which will oversee the Federal funding for the Olympic facilities and already oversees the funding for the Federal Bureau of Prisons of the Justice Department.

Norman A. Carlson, Director of the Bureau of Prisons, who also met with the Congressmen, told them his Bureau is looking for a Northeast site for a youth correctional facility to house 500 inmates in the 18-25 year old age bracket. The facility would employ 150-200 persons.

"The Ray Brook site will be considered for both purposes," Congressman McEwen said, "The Olympic village and its security system would have a long term after-use because the initial review indicates it would also meet the housing and security requirements of a youth correction center."

"I am delighted that Mr. Carlson will be making a first-hand inspection of the Ray Brook site in the very near future," Congressman McEwen said.

"My primary concern with the possible selection of the site as a correctional facility," the Congressman emphasized, "is its acceptability for this use by the community, and its suitability for use by the Bureau of Prisons."

"Should the community be willing to accept the correctional facility concept and it is also found acceptable as Olympic housing, the Federal government has an obligation to pursue the use of the Ray Brook site," he said.

THE WHITE HOUSE
WASHINGTON

Dear Mr. Hale:

Thank you for your kind letter regarding Mike's visit to Lake Placid in June. From what I have been told, your description of hiking on some of your mountains is no exaggeration.

Regarding your question about Federal funding for the 1980 Winter Games at Lake Placid, I submitted to the Congress legislation for the construction of permanent sports facilities at Lake Placid for future American Teams. This bill, which would cost approximately \$28 million, has been passed by the Senate. A larger authorization, sponsored by your Congressman Bob McEwen, has been passed by the House. The House bill includes funds for the housing of Olympic athletes as well as the construction of sports facilities.

I am convinced that we can do more, in the long run, to train future American champions. To that end, I am asking the Congress to extend the life of my Commission to examine the problems of sports organization in our country and to recommend effective funding mechanisms for training and development. I am confident we can find ways to preserve our athletes' bona fide amateur status and still provide the means of Olympic training and development.

Again, I thank you for your kind words and your invitation to visit Lake Placid during the 1980 Games. I know they will be a great success and am currently planning to attend.

Sincerely,

Mr. Edward Hale

Dear Mr. President:

Our staff was delighted to receive your letter of June 8. As parents, my wife and I know the difficulties of keeping up with the adventures of offspring. Your situation must make communication especially difficult.

Some background on the area your son visited: We in the Adirondacks are very fond of our mountains. But two of the high peaks, Street and Nye -- are pesky. Usually hikers aim to get up and down them quickly. The blowdown is fierce; crawling is often the only way to progress. And while on their knees, even the best of Christians have called upon the Lord in vain. So your son has tackled one of the most trying of training grounds.

As you know, Lake Placid is counting on a visit from you in 1980. We hope you'll try one of our more hospitable mountains -- Whiteface, for example -- before the 1980 Olympics.

Our major concern here centers on the federal funding authorization for the '80 Games (House, \$49,040,000, and Senate, your \$28,000,000 proposal). If you could let this weekly know what your final resolution of the money level will be, we'd be most grateful. It's hard to be the last to publish a story that has so much local impact. That story is one we'd love to break along with your rationale for so doing.

I wish you every success in your candidacy.

Dear Senator Stevens:

I just read copies of your correspondence with the President in the matter of the 1980 Winter Games at Lake Placid. I thought it would be appropriate for me to let you know that amateur sports is one of my areas of responsibility for the Domestic Council and that I have been working closely with the President's Commission on Olympic Sports, OMB and Congressman Bob McEwen's office on the matter of Federal funding for Lake Placid.

I would be more than happy to establish the same working relationship with you and your staff. I plan to visit Lake Placid shortly to inspect the area for myself. I welcome any suggestions or criticisms you might have about our current policies toward amateur sports and the Olympic Games.

Sincerely,

F. Lynn May

You will be interested to know that I have seen a copy of your Thursday, May 27, 1976, edition of The Lake Placid News in which you carried two articles regarding our son's experience of hiking on Street Mountain.

I very much appreciated reading the detailed stories of Mike's trip. You can imagine that Mike never related to us any of the specifics of the trip, and we are grateful to know what happened.

You will find enclosed a check in the amount of \$1.00. I am wondering whether it would be possible to purchase five additional copies of this edition of the paper. If so, would you please send them to the attention of my Personal Secretary, Mrs. Dorothy Downton.

Thank you again for your great stories and for your cooperation.
