Additional information is provided in OMB's enrolled bill report at Tab A.

MEMORANDUM FOR THE PRESIDENT

Subject: Enrolled Bill S. 3625 - Extension of the Federal
Energy Administration Act of 1974
Sponsors - Sen. Javits (R) New York and
Sen. Ribicoff (D) Connecticut

Last Day for Action

Action should be taken prior to July 1, 1976.

Purpose

To provide a 30-day extension of the expiration date of the Federal Energy Administration Act of 1974 from June 30, 1976, to July 30, 1976.

Agency Recommendations

Office of Management and Budget	Approval
Federal Energy Administration	Approval (Informally)

Discussion

The Federal Energy Administration (FEA) Act of 1974, which provides the basic organizational authority for FEA, will expire on June 30, 1976. S. 3625 is a simple 30-day extension of the current expiration date, which will allow additional time for the Administration to work with Congress to achieve a mutually acceptable long-term FEA extension bill. House and Senate conferees are now meeting and trying to reach agreement on such a bill.

We believe that the most practical course of action is to accept a 30-day extension as provided by the enrolled bill. It will provide organizational stability and continuity in carrying out important energy programs until a longer term solution is reached.

MEMORANDUM FOR THE PRESIDENT

SUBJECT: Enrolled Bill H.R. 13965 - District of Columbia
Appropriation Act, 1976
Sponsor - Representative Natcher (D), Kentucky

Last Day for Action

July 12, 1976 -

Signature on Wednesday, June 30--the last day of fiscal year 1976--is recommended. Representatives of the District of Columbia Government have emphasized the importance of having this bill enacted by the end of the fiscal year so that several outstanding debts, payments on which are due July 1, might be paid back more easily.

Purpose

Appropriates \$1,940,175,700 for the activities of the Government of the District of Columbia for fiscal year 1976 and the transition quarter.

Agency Recommendations

Office of Management and Budget	Approval
District of Columbia Government	Approval (informally)

Discussion

This enrolled bill provides Federal payments and loans of \$532,196,300 for the District of Columbia and appropriates District of Columbia funds in the amount of \$1,407,979,400. Only the Federal payments and loans are included in the Federal budget.

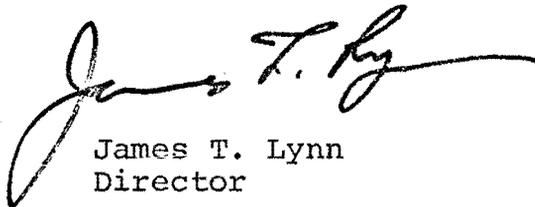

The bill provides a Federal payment of \$322,196,300, a decrease of \$5.4 million from the budget request, and Federal loans for capital improvements in the amount of \$210,000,000, a decrease of \$38.2 million from the budget request. The decrease in Federal loans reflects the deletion of several planned city construction projects. Total Federal funds for 1976 (Federal

payment plus loans for capital outlay) are \$80.2 million above the amounts appropriated for fiscal year 1975. The bill will reduce outlays from the budget estimates by an estimated \$5 million in 1976 and \$0.3 million in the transition quarter.

District of Columbia funds (not included in the Federal budget totals) are reduced by \$43.6 million. Most of this decrease (\$38.5 million) occurs in the capital outlay program.

Recommendation

I recommend that you sign the enrolled bill.
