Dear Mrs. Weidenfeld,

I am listing below the names of three "Virginia Gentlemen" who several of us feel would be the top-notch choices of escorts for Miss Ford.

- (1) Thursday Evening - Billy Pifer, 21 years old, 6 feet, a Junior at Washington and Lee, plans to attend Medical School, is great at tennis and skiing and is the son of Dr. and Mrs. William Pifer (Father, Chm. of Winchester Republican Party).
- (2) Friday Evening - Jim Robinson, 22 years old, 6 ft. 2 in., History Major at Madison, coaches swimming, skiis, plays tennis and football and looks and does most everything athletic, son of Congressman and Mrs. J. Kenneth Robinson.
- (3) Saturday Evening - David Kern, 22 years old, 5 ft. 11 in., Senior at the University of North Carolina, History Major and plans to attend Law School next year. Phi Beta Kappa, Morehead Scholar, great tennis player, likes all kinds of music and is the son of Mr. and Mrs. Robert Kern (Father, Chief Engineer at National Fruit Product Company)

These really are outstanding boys in personality, looks and just generally all around nice guys. If Miss Ford accepts these young men, would you let me know as soon as possible, as they have exams and transportation arrangements to make.

I have also included her schedule and a map of Winchester showing where she will be according to the schedule. I will be glad to answer any questions that may arise.

Everyone is getting very excited, praying for good weather and looking forward to our new Queen. Will be in touch again soon.

Most sincerely,

Sandra L. Armstrong

Dear Susan,

I think this is a very nice invitation!  
It is from a lady in Winchester, Virginia,  
inviting you to drop by the new SPCA Animal  
Shelter while you are in the area. As  
she says, "It would really add such a human  
touch to your reign as our Queen and mean  
very much to the ordinary citizenry of  
Winchester." The only trouble is it might  
be difficult to work in.

~~X~~ Drop by animal shelter if  
Pete Sorum can work it into  
the schedule.

Thank you,

4-24  
Dear Mrs. Fard,

Our little town is most honored that you will be our Queen next <sup>May 24<sup>3</sup></sup> weekend, and I'm sure the Apple Blossom Festival Committee has a jam-packed schedule for you. However, most of your contacts will be with the prominent citizens, ones who will be showing you their choice of places to visit -- and forgetting some of the accomplishments of just ordinary folks of our community.

From all accounts I have read, you're basically an average young lady of today, who likes jeans, kids, dogs & cats and vegetable gardens. Therefore, if you could squeeze it into your schedule, would you please request a short visit to our new S.P.C.A. Animal Shelter? After 27 years of fund raising, the facility was finally built last year, and all but about \$10,000 has been paid in full. The prestige of your personage merely making such a request (and visiting the shelter if at all possible) would be such a boost to the morale of the true dedicated workers through all those years; and it <sup>might</sup> just cause more prominent citizens into realizing that the "little people's" accomplishments should be appreciated too ... at other than election times.

I realize that the Secret Service has probably been here for weeks, and this might give them "heart attacks", but our little town

is not so large that a detour of a few blocks off route sometime along your night seeing faunt would be prohibitive. It would really add such a human touch to your reign as our Queen and mean very much to the ordinary citizenry of Winchester.

If you think this is possible, I believe Miss Charlotte De Hart, (112 N. Washington St., Winchester, Va., 22601; tel. number 703-662-4392) would be the long time dedicated S. P. C. A. person to contact. The Shelter is closed to the public that weekend. If it is not possible, I can understand; and I hope your reign here will bring you as much real joy as your presence will bring to all of us.

Very truly yours,  
Rosemary Warner

P.S. Enclosed are some clippings of only one recent example of their work, but which our paper thought news worthy.

Dear Jean,

I just got back from Europe and found your present waiting for me. I can't wait to see if my cup of tea will turn out as good as yours. You were wonderful to send it and I really appreciate it.

Susan had a fantastic time in Winchester and is still talking about everybody she met and how nice they were to her.

You couldn't have been nicer and I speak for everybody from the White House who was involved. If there is every any way I can be helpful, please don't hesitate to call me.

Many thanks again for the Constant Comment.

Dear Sheila,

I don't know how to thank you for all your cooperation with the Festival. You really made our job easier and we all appreciate it.

There's no way we could possibly let this time go by without asking you to pass on to whom ever the proper person would be - our gratitude and thanks to the Secret Service - Those young men were truly gentlemen and helped us so much to handle the situations which were a little beyond us. We've had any number of compliments on them, even from people who weren't fortunate to work with them.

By the way - the iced tea we used was <sup>on your Credenya</sup> Bigelow "Constant Comment" - A package of it is on its way to you.

Thanks again, and please come back for a nice quiet weekend - we do have them.

Sincerely,  
Sean

Some 200,000 persons from all over the continent flock to see and be a part of the "The World's Most Famous Springtime Extravaganza", traditionally held on the first weekend of May. The vast orchards of the area are then pink and white against the fresh green of the hills and the famed Shenandoah Valley provides a lovely backdrop for Winchester to roll out the carpet of hospitality. **HISTORIC WINCHESTER**  
 and Frederick County in Old Virginia

*Where the South Begins, at the Gateway to the Beautiful Shenandoah Valley*

Winchester was once Shawnee Indian camping ground to which Pennsylvania Quakers came to settle in 1732.

The town was named Frederick Town after Frederick, father of George III of England. In 1752 the name was changed to Winchester in honor of the ancient English capital.

In 1748, Thomas, Lord Fairfax, proprietor of a five-million acre royal grant lived near White Post (12 miles from Winchester) until he died in 1783. Having met George Washington at Belvoir, near Mt. Vernon, he employed him to survey lands in what is now Frederick County. During Washington's three years in this area he had his office in a small building at the corner of Cork and Braddock Streets in Winchester. This building still stands and is open to the public as a museum.

During the French and Indian Wars, Winchester was a center of defense against Indian raids. During the period 1756-1757 Washington was a young Colonel commanding Virginia troops here, with headquarters in his old survey office.

**The Civil War**

Winchester's importance during the Civil War is evident by the six battles fought near the town; by the 70 times the opposing armies marched and counter-marched through her streets; and by the eight thousand Union and Confederate soldiers who sleep in her National and Stonewall Cemeteries.

Then, as now, Winchester was the hub of the finest highways — arteries for the movement of troops and supplies.

In Confederate hands, Winchester guarded the rich farms of the Shenandoah Valley which provided food for the Confederate armies around Richmond. Winchester was a threat to Washington, and to the roads, railroads and canals which connected the Union capital with the mid-west.
