# The Markets Ranked by Size

# EXHIBIT 'E'

Here are the television markets of the U.S. ranked in descending order by the number of television homes they contain. Also shown are the numbers of women, men, teenagers and children in each market and the percentage of the total U.S. population each represents.

Lacking sales data, these population distributions are a rough and ready guide to the sales potential of TV markets for commodity products. All data is from American Research Bureau, and represents the ARB TV household and population estimates for the 1972-1973 season.

|  | ADI TV Households |                | ADI Women       |                | ADI Men         |                | ADI Teen-Agers  |                | ADI Children    |                |

COMMENTS:

1/7/74 Moore talked to Ambassador Scali who requested that he not be used as a spokesman for anything that could be viewed as political or non-partisan.
