Mr. Louis Fink P.O. Box 5685 Orlando, Florida 33112

Dear Mr. Fink:

This will reply to a recent letter sent to this Department signed by yourself and nine other persons from the Orlando, Florida, area setting forth what you allege to be possible violations of Federal and New Mexico election laws in connection with the 1970 re-election campaign of Senator Joseph M. Montoya. As we see them, the substance of your allegations is that Senator Montoya received several contributions from labor organizations which were funneled through paper political committees located in the District of Columbia.

Federal law does not prohibit the acceptance of political contributions by "paper" committees on the behalf of candidates for Federal office, provided that such committees register and report pursuant to the applicable Federal disclosure statute. In 1970, that statute was the Corrupt Practices Act of 1925, Title 2 United States Code, Section 241 et. seq., which has since been replaced by more stringent provisions contained in Title III of the Federal Election Campaign Act of 1971. Under the Corrupt Practices Act, a political committee was only required to file reports of contributions and expenditures accepted or disbursed in connection with a general election, as contrasted with primary contests; and then only if the committee in question operated in more than one state. The Act did not define the District of Columbia as a state. Moreover, neither this legislation, nor the new Federal Election Campaign Act, prohibits the operation of "paper" political committees, as long as they have both a Chairman and a Treasurer.

As you are probably aware, Federal law does prohibit the making and the knowing acceptance of contributions from labor organizations such as those described in your correspondence. The applicable statute is Title 18, United States Code, Section 610.

1. Say

However, as construed by the courts, and as amended by Section 205 of the Federal Election Campaign Act, this section prohibits only such contributions which are made from the union treasury or from other monies which are either coerced from union members or are required as a condition for membership in the union. Section 610 does not generally prohibit the making or the acceptance of political contributions from a political committee supported by a union, (such as the Committee on Political Education which is affiliated with the AFL-CIO), provided that the monies contributed to such a political committee constitute the voluntary and personal donations of the union's members and such funds are kept segregated from monies that are required as a condition for membership in the union. Should you have any information tending to indicate that any of the contributions listed on page two of your correspondence either represented the donation of general union funds, or monies coerced from the unions' respective memberships, we recommend that you provide such information to the local office of the Federal Bureau of Investigation.

Finally, we note that your letter raises several possible violations of New Mexico law arising out of Senator Montoya's 1970 campaign. Since these are not Federal matters, they are not within the jurisdiction of this Department. We therefore suggest that you bring any information that you may have in this regard to the attention of the New Mexico Secretary of State.

Sincerely,

HENRY E. PETERSEN Assistant Attorney General Criminal Division

MEMORANDUM TO: Honorable Gerald R. Ford

In compliance with your verbal request to me, I enclose a list of checks written by our Committee or its subsidiary, to payees connected with you or your campaign organization during 1970 and early 1971.

It should be noted that these items have been extracted from the reports filed with the Clerk of the House in accordance with the then-existing law.

The first group of checks on the attached list were written on the account of the National Republican Congressional Committee. The second group were drawn on the account of the Republican National Finance Advisory Committee, which is a subsidiary and depository committee of ours.

It is also worth noting that all of the Republican Members of the Michigan delegation received \$2,000 of organization and education (campaign) funds from us on July 7, 1970 and \$1,500 each on October 1, 1970. However, our records do not show any checks written to you on either of these dates which would seem to indicate that you or your authorized representative instructed us to hold the money on deposit for your future use rather than disburse it to you or your campaign organization at that time.

None of these transactions was handled with me, to the best of my memory, and I assume that our then-Finance Director,

Curtis R. Fulton, received the instructions from you or your authorized agent. However, I would be perfectly willing to attest to what our records show, if necessary. Major Fulton is now employed by the General Services Administration here in Washington, if it is necessary to consult with him.

If I can be of any further assistance, please let me know.

John W. Gardner, Chairman

October 19, 1973

Honorable Claiborne Pell 325 Russel Senate Office Building Washington, D.C.

Dear Senator Pell:

In considering the nomination of Representative Gerald Ford for Vice President of the United States, Congress will establish historic precedents for operation of the 25th Amendment. We believe the procedures Congress adopts for its deliberations on a Vice Presidential nomination should include:

Adequate time for thorough investigation of the nominee's background, views and character to ensure public confidence both in the nominee and in the procedures Congress follows in considering the nomination;

Full public hearings and debate in both Houses of Congress, preferably televised so that the public can share in the proceedings as it does in national nominating conventions.

Since the spring of 1972, well before the political conventions, Common Cause has urged more thorough consideration of potential Vice Presidential nominees. In recommending detailed scrutiny of Representative Ford's qualifications, we do not suggest or anticipate any derogatory findings. Rather, we seek the establishment of a precedent for thorough, intensive review of any potential Vice President's record.

Common Cause believes in the need for full public financial disclosure by all public officials in positions of influence. The U.S. Senate has recently passed such a disclosure requirement for federal officers. Upon • that precent Common Cause recommends that the Rules and Administration • Committee obtain and make public the following information about Mr. Ford's personal and campaign finances during the last five years:

Personal Financial Information (1968-1973)

1. Income tax returns

2. Statement of personal finances, enumerating:

(a) the amount and source of each item of income, each itemRD

October 19, 1973 Page 2

> of reimbursement for any expenditure, and each gift (other than gifts from his wife or any member of his immediate family) received by him or by him and his wife jointly during the preceding calendar year which exceeds \$100 in amount or value, including any fee or honorarium received in connection with delivery of a speech, attendance at a convention or meeting, or preparation of any article, and the monetary value of subsistence, entertainment, travel, and other facilities received by him in kind;

- (b) each asset held by him, or by him and his wife jointly, which has a value in excess of \$1,000;
- (c) each liability owed by him or by him and his wife jointly, which is in excess of \$1,000 as of the close of the preceding calendar year;
- (d) any transactions in securities or commodities by him, or by him and his wife jointly, or by any person acting on his behalf or pursuant to his direction during the preceding calendar year if the aggregate amount involved in the transactions exceeds \$1,000;
- (e) any purchase or sale, other than the purchase or sale of his personal residence, of real property or any interest therein by him or by him and his wife jointly, or by any person acting on his behalf or pursuant to his direction, during the preceding calendar year if the value of the property involved in such purchase or sale exceeds \$1,000.

All of the provisions in section 2 above are contained in S. 372, recently passed by the Senate, in a section introduced by Senator Howard Cannon, which would require all federal officials to provide this comprehensive information on their personal finances. In addition, Common Cause recommends that the following information be made publicly available:

- 3. Statement listing all business and professional positions held, including partnerships, directorships, and others, plus all direct and indirect financial relationships with other individuals, groups and companies.
- 4. A complete disclosure of all campaign contributions and expenditures associated with Rep. Ford's election campaigns of 1968, 1970, and 1972. This should include full disclosure of the contributions

October 19, 1973 Page 3

raised prior to April 7, 1972 on his behalf and not disclosed in the reports filed under the new 1972 campaign finance disclosure law.

It is clearly in the national interest that all of the above information be made part of the Rules and Administration Committee's report on the nominee and that it be made available to the public as well as the Congress well in advance of floor consideration of the nomination.

Sincerely Tach John W. Gardner

I know you will agree with me that the sanctity of Federal Income Tax returns should be kept inviolate regardless of the individual involved. I would, therefore, reiterate my hope that you will not make public every detail of my returns or permit them to be seen by unauthorized persons while they are in your custody. However, I have no objection, if you deem it proper, to your making a summary of the pertinent total amounts.

If any of the above items have failed to reach you, please let me know and I will supply copies. I am as anxious as any Member of the 93rd Congress to establish a sound precedent under the 25th Amendment of the Constitution, which we framed in the 89th Congress.

Therefore, as I assured you in person, I am doing my best to cooperate fully, not only with my colleagues in the Congress but also with the full field investigation being conducted by the Federal Bureau of Investigation, the Internal Revenue Service, the General Accounting Office and other agencies. Although this is a novel experience for me, and certainly unprecedented in history, I hope, as you do, that it will result in a greater public confidence in government.

Warm personal regards, A

Gerald R. Ford, M. C.

RE: Ford for Congress Committee

Dear Mr. Lawson:

Confirming our telephone call this afternoon, I am enclosing copies of a letter I received from "The Committee to 'Rè-Elect Jerry Ford" dated April 6, 1972 and a typewritten list dated April 25, 1972 of checks received from that Committee. It is my opinion that the list was prepared by my then secretary, Mrs. James LaBan (Derothy). Mrs. LaBan is no longer in my employ but she can be reached at 602-885-6392.

Yours very truly,

BRIT GORDON

Estimate of cost of printing newsletter?

Number printed?

Cost include paper and envelopes?

\$117.00 printing on both sides of paper

21,729

\$117 includes paper but GPO furnishes envelopes. Tom Lankford has to print the address on the envelopes and this costs \$65.19

These figures were based on the last printing of the 117.00 65.00 per week > 5 182.00 per week > newsletter

GERALD R. FORD

The records of the following bank accounts relative to Gerald R. Ford are in our office.

Sergeant at Arms Central Bank Union Bank - Attorney Account Union Bank - Fifth District Account Old Kent Bank - Ford for Congress National Capital Bank Washington - Minority Leadership Account.

Sergeant at Arms and Central Bank:

Our records on these two accounts include cash receipts and cash disbursement journals, deposit slips, check books, cancelled checks and bank statements. Cash receipts and cash disbursement journals go back to approximately 1959. Bank account records to approximately 1964.

Union Bank - Attorney Account:

The attorney account records and summaries of each years transactions are prepared and submitted to us by Eleanor Todish, a former secretary of Mr. Ford. We do not have the deposit slips and cancelled checks regarding this account.

Union Bank - Fifth District Account:

All records, including deposit slips, cancelled checks and bank statements for 1967 through September 30, 1973 are physically in our office. These were transferred here from Mr. Ford's Washington Office during the week of October 22nd. This account is handled in total by Mr. Ford and his We have never been involved with this account and were Washington staff. totally unfamiliar with the nature of its transactions. Internal Revenue has furnished us with copies of schedules from this account for years 1967 It is evident that Mr. Ford uses this account as a clearing through 1972. account for the Honorariums he receives for his speaking engagements. The checks are deposited in full, including travel expenses, into the account with the honorarium portion being transferred to either Sergeant at Arms or Central This leaves the original purchase of airline tickets and related expenses Bank. and their reimbursement as offsets in this account and they have never been considered in the preparation of Mr. Ford's tax returns.

Old Kent Bank - Ford for Congress Account:

The records of the Ford for Congress account were obtained from Mr. Britton Gordon as requested by Internal Revenue Service. This account is purely political and was organized for Mr. Ford's 1972 campaign. The account has been closed with its remaining balance being transferred to the Friends of Gerry Ford account under the control of Walter Russell.

National Capital Bank, Washington - Minority Leadership Account:

This account is provided Mr. Ford because of his leadership position and is located at the National Capital Bank in Washington D.C. It is under the direct control of Mr. Ford. Again, the records were brought to our office for investigation by Internal Revenue. I.R.S. has provided us with a complete schedule of all receipts and disbursements for the period of 1967 through 1972. As in the case of the Fifth District account we were totally unaware of its existance, or the nature of its transactions, and have never considered it in the preparation of Mr. Ford's tax returns.

Working Papers and Tax Returns:

We have on file in our office all of Mr. Ford's tax returns since 1949. In addition we have complete sets of working papers relative to the preparation of his tax returns from 1963. These working papers include a continuing trial balance of Mr. Ford's assets, liabilities and net worth on a cost basis. Each years transactions from the Sergeant at Arms and Central Bank journals are posted to these worksheets after appropriate adjustments. These worksheets become the source of information for Mr. Ford's tax returns.

GERALD R. FORD

The records of the following bank accounts relative to Gerald R. Ford are in our office.

Sergeant at Arms Central Bank Union Bank - Attorney Account Union Bank - Fifth District Account Old Kent Bank - Ford for Congress National Capital Bank Washington - Minority Leadership Account.

Sergeant at Arms and Central Bank:

Our records on these two accounts include cash receipts and cash disbursement journals, deposit slips, check books, cancelled checks and bank statements. Cash receipts and cash disbursement journals go back to approximately 1959. Bank account records to approximately 1964.

Union Bank - Attorney Account:

The attorney account records and summaries of each years transactions are prepared and submitted to us by Eleanor Todish, a former secretary of Mr. Ford. We do not have the deposit slips and cancelled checks regarding this account.

Union Bank - Fifth District Account:

All records, including deposit slips, cancelled checks and bank statements for 1967 through September 30, 1973 are physically in our office. These were transferred here from Mr. Ford's Washington Office during the week of October 22nd. This account is handled in total by Mr. Ford and his Washington staff. We have never been involved with this account and were totally unfamiliar with the nature of its transactions. Internal Revenue has furnished us with copies of schedules from this account for years 1967 through 1972. It is evident that Mr. Ford uses this account as a clearing account for the Honorariums he receives for his speaking engagements. The checks are deposited in full, including travel expenses, into the account with the honorarium portion being transferred to either Sergeant at Arms or Central This leaves the original purchase of airline tickets and related expenses Bank. and their reimbursement as offsets in this account and they have never been considered in the preparation of Mr. Ford's tax returns.

Old Kent Bank - Ford for Congress Account:

The records of the Ford for Congress account were obtained from Mr. Britton Gordon as requested by Internal Revenue Service. This account is purely political and was organized for Mr. Ford's 1972 campaign. The account has been closed with its remaining balance being transferred to the Friends of Gerry Ford account under the control of Walter Russell.

National Capital Bank, Washington - Minority Leadership Account:

This account is provided Mr. Ford because of his leadership position and is located at the National Capital Bank in Washington D.C. It is under the direct control of Mr. Ford. Again, the records were brought to our office for investigation by Internal Revenue. I.R.S. has provided us with a complete schedule of all receipts and disbursements for the period of 1967 through 1972. JOHN R. RARICK 6th District, Louisiana

> The Honorable Gerald R. Ford H-230 U. S. Capitol

Dear Jerry:

It has been brought to my attention that your name has been associated with a group known as the Bilderburgers. This was reported in your biography in Who's Who in America. The Bilderburgers, I am given to understand, are a secret or quasi-secret international organization or movement which has been linked with representatives of foreign governments and international people of great wealth and influence, whose aims may or may not coincide with those of the American people.

Inasmuch as President Nixon has nominated you for the office of Vice President of the United States, a decision in which I will be called upon to cast my people's vote, I would greatly appreciate your advising me if you have ever been a member of the Bilderburgers or directly participated in any of their functions.

If your answer is in the affirmative, will you kindly supply me or the committees charged with investigating your qualifications to hold the office of Vice President with a detailed explanation so that the American people can know fully who the Bilderburgers are and what is their goal and mission.

I would greatly appreciate your early reply.

Honorable Wilbur D. Mills Chairman Joint Committee on Internal Revenue Taxation House of Representatives Washington, D. C. 20515

Dear Mr. Chairman:

I am enclosing a copy of a letter from Congressman Ford dated November 13, 1973, relative to the examination of his tax returns for the years 1967 - 1972, inclusive.

Mr. Ford requested that I make available to the Joint Committee on Internal Revenue Taxation information reflecting the scope of this examination, the issues raised and the overall results of the examination. He also requested that this information be made available to the Chairman of the appropriate committees concerned with his confirmation.

The information referred to in Mr. Ford's letter is furnished herewith for your use and for dissemination in accordance with Mr. Ford's request.

With kind regards,

Sincerely,

DESCRIPTION OF RECORDS EXAMINED

This examination for the taxable year 1967 - 1972 was made at the request of the taxpayer, Mr. Gerald R. Ford, in his letter dated October 19, 1973, to Commissioner Alexander. He also stated in a memorandum dated October 19, 1973, to Commissioner Alexander that Mr. Robert McBain, his accountant, will have full power of attorney (copies of these documents are in the file). On the same date, October 19, 1973, we (Revenue Agents Joseph Miller and Albert Gaines, P.O.D. Detroit, Michigan) were assigned the examination of the taxable years 1967 - 1972. Mr. Glenn Cagle, Chief, Audit Division, Detroit, Michigan accompanied us to Mr. Cardoza's office, Director of the Detroit District. Arrangements were made with Mr. McBain, by telephone, to make the examination of Mr. Ford's records in his office, Room 435 Old Kent Building, Grand Rapids, Michigan. The following morning, October 20. 1973, we started our examination in Mr. McBain's office. Mr. Kenneth VanNoord, CPA, a staff member, explained to us the books and records and the method of accounting. They keep a complete double entry set of books, using the cash method of accounting, e.g., income is recorded when received and expenses recorded when paid. A description of these records follow:

- Cash Receipts Journals: This is a record of all monies flowing into two bank accounts, the Central Bank, Grand Rapids, and the Sergeant at Arms, Washington, D. C.
- Cash Disbursements Journals: This is a record of all checks written on the Central Bank and Sergeant at Arms Bank accounts.
- Trial Balance: This serves as the general ledger. Balance sheet amounts of the prior year are carried over to the current year. A separate trial balance is prepared for each year. Journal totals reflecting transactions for the year are posted to the trial balance. Adjusting journal entries are also posted to the trial balance. The trial balance is the principal source for items of income and expense that appear on the income tax returns.
- Adjusting Journal Entries: These are journal entries made to correct improper postings in the journals, take into account attorney income, to set up depreciation amounts, or any other necessary entries.

The accountants also keep workpapers which include depreciation schedules, combination schedules and other types of schedules, such as prepaid interest. Central Bank, Grand Rapids, Michigan Account No. 0764-0016 Deposit slips

Cancelled checks

Bank statements

The principal sources of monies that came into this account are rental income payments from the two-family flat on Sherman Street in Grand Rapids, rental income from the condominium in Vail, Colorado, a few honorariums for speaking engagements, medical insurance refunds, directors fees, and an occasional transfer of funds from the Sergeant at Arms account. The checks written from this account are generally for living expenses. These include checks to cash which are usually cashed at any one of several Safeway stores for pocket cash. Groceries would also be purchased. Other expenditures were made out of this account for medicines, payment to maids, cleaners, beauty salons, house repairs, etc. This account could be termed a household account. Mrs. Ford signed most of the checks.

Sergeant at Arms Account - National Bank of Washington, Account No. 0511-0121

The principal sources of monies received are his salary checks as a member of Congress, honorariums received for speaking engagements, travel expense reimbursements, some of the rental income from the Sherman Street flat and the Vail condominium, Director's fees from Rose Patch, Ford Paint and Varnish Co., debenture bond interest and monies borrowed.

Principal expenditures out of this account are for gasoline purchases, Federal income tax payments, contributions, insurance payments, flowers, clothing, house repairs, some airline trips, some household expenses, security purchases for his children, various clubs, etc. Most of the checks are signed by Mr. Ford.

Attorney Account - Union Bank, Grand Rapids

We did not examine this account. This account is handled by Eleanor Todish, a former secretary of Mr. Ford. She prepares and gives to the accountants a summary of the year's transactions which are journalized. The income and expenses are taken into account on the returns. The principal sources of income are legal fees for services rendered from Rapistan and Joe Brown & Sons, both Grand Rapids firms. The principal checks written are for Bar Association dues, some withdrawals by Mr. Ford, payments to Eleanor Todish and a few payments to Mr. McBain for accounting services. We did not examine this account for the reason that the money amounts involved are small and we have traced withdrawals by Mr. Ford to the Sergeant at Arms account and the Central Bank account.

In addition to the records kept by the accountants, leads in the Sergeant at Arms account led us to several other accounts. These are:

- 1. Fifth District Account
- 2. Ford for Congress Account
- 3. Friends of Jerry Ford Committee
- 4. Minority Leader Account
- Gerald R. Ford Fifth District Account Account No. 932-524-9 Union Bank & Trust, Grand Rapids, Michigan

We received bank statements, cancelled checks and most of the deposit slips. The principal source of deposits are honorariums, reimbursement for travel expenses and some political contributions. Checks are issued for airline travel to various political functions and to places where talks are given, transfer of honorarium income to the Sergeant at Arms and Central Bank accounts, for various office operating expenses and checks to cash to supply him with funds on his trips.

2. Ford for Congress Committee, Old Kent Bank

This account was opened during 1972 with an initial deposit of about \$38,450.00. The principal payments were to Insight for Political Advertising for the 1972 campaign. The remainder in this fund was transferred to the Friends of Jerry Ford Account. The analysis of this fund indicated that it was a purely political fund.

 Friends of Jerry Ford Committee Union Bank & Trust Co., Account No. 933-463-8

This is a purely political fund controlled by Walter Russell, an attorney in Grand Rapids. The source of income is political contributions by individuals. The expenses are for political activities. This fund was opened on September 22, 1972.

4. Minority Leader Account of Gerald R. Ford National Capital Bank, Account No. 202-345-8

This account is used to defray the expenses incurred by Mr. Ford as the House Minority Leader. For this purpose he received \$250.00 a month plus \$300.00 per quarter. The principal expenditures are for House of Representatives Restaurant, Michigan Bell Telephone Company, Army and Navy Club, Blackistone, Inc. (flowers)

and others of a political nature.

- Diaries: Mr. Ford's diaries had recorded in them the date and place of his trips. He also recorded in red figures in the date on which he gave a talk the amount of the honorarium.
- Stationery Account: Each representative received \$4,200.00 a session which he can draw upon to operate his office. He can receive any residue if not reelected, or if he pre-deceases his spouse or children, the residue is payable to them.
- Forms 942: We received from Mr. Ford copies of Employer's Quarterly tax return for household employees for the years 1967 - 1972.
- Forms W-2: Copies of W-2's submitted to household employees for the years 1967 - 1972.

We examined Forms 942, scheduled them and accepted them as filed. We tied Forms W-2 to Forms 942.

AUDIT PROCEDURE

ACCOUNTANTS RECORDS 1967 - 1972

Sergeant at Arms and Central Bank Accounts and Their Related Journals

Amounts shown on deposit slips were traced into the cash received journals and into the bank statements. About 50% of cancelled checks drawn on the Central Bank were examined. All checks to cash were examined. Nothing significant was found. Examined almost all of the cancelled checks drawn on the Sergeant at Arms account. Traced selected checks into the cash disbursements journal. Nothing significant was found.

Traced the cash receipts and cash disbursement journals to the trial balances. All this checked out. Traced the trial balances to the income tax returns. This checked out. Traced the adjusting journal entries, which included a journal entry to take into account income and expense from the attorney account, into the trial balance. This tied in.

Prepared an analysis of Schedule C income and expense to determine whether all honorariums appear on Schedule C. They do. All Schedule C expenses were traced to their source.

Legal income consisting principally of legal fees from Rapistan and Joe Brown and Sons, were reported on Schedule C. Director's fees from Rosepatch were reported.

Leads were found in the Sergeant at Arms account which led us to the "Gerald R. Ford Fifth District Account" with the Union Bank in Grand Rapids and to the "Minority Leader Account of Gerald R. Ford" with the National Capital Bank in Washington, D. C. We requested the cancelled checks, deposit slips and bank statements for both accounts.

GERALD R. FORD FIFTH DISTRICT ACCOUNT

A cancelled check analysis and deposit analysis was prepared. Initially, we found that a number of deposit slips were missing. We requested these and received some of them, but were told that the balance of the missing deposits slips could not be found. However, with the use of the diary and Mr. Ford and Mr. Buchen's assistance, most of the unidentified deposits were explained. (Mr. Buchen is a Grand Rapids attorney and a former law partner of Mr. Ford.)

This account was used as a conduit to funnel the honorariums into the Sergeant at Arms account, which in turn appeared as an item of gross income in Schedule C.

The honorariums were traced from the diary into cash receipts with a few exceptions which were subsequently explained after research by Mr. Ford, his staff and Mr. Buchen. Cancelled checks from this account for honorariums transferred principally to the Sergeant at Arms account, and a small number of them to the Central account were traced, and ultimately appeared as income on Schedule C by prior tracing. Expense items were examined and are explained in the "Examination Results" part of this narrative.

With respect to honorariums for 1967, we encountered difficulty in tracing these. Reconciliation of honorariums recorded in the diary and in the receipts journal indicated an amount of \$236.50 more in the receipts journal than in the diary. This was not pursued any further.

MINORITY LEADER ACCOUNT

An analysis was made of cancelled checks and deposits of this account. Expense items were examined and are explained in the "Examination Results" part of this narrative.

GRAND RAPIDS MUTUAL FEDERAL SAVINGS & LOAN ASSOCIATION

This is a savings account in the name of "Hon. Gerald R. Ford & Elizabeth B. Ford." The ledger sheet and signature card were received from the bank. Withdrawals and deposits were traced with the exception of a number of \$33.75 deposits. Interest income from this account was properly reported. In view of the small amount these items were not questioned at this time. However, source of these deposits will be verified at a later date.

FRIENDS OF JERRY FORD COMMITTEE UNION BANK AND TRUST CO. GRAND RAPIDS, MICHIGAN

Mr. Walter Russell, a Grand Rapids attorney, is chairman of this account. He provided us with Xerox copies of the account and listings of contributors' names. Cancelled checks were analyzed and deposits reconciled to the amount of contributions. This is a political account. No personal benefits to Mr. Ford were found.

Results of Examination

On November 2, 1973 we were advised that an interview had been arranged with Mr. Ford and reservations were made for our trip to Washington, D. C. On November 3, 1973 we met with Mr. Ford and Mr. McBain to discuss the request for additional information and determine what records were available to satisfy the request and expedite the audit. At the meeting we discussed items previously included in 1972. We also made arrangements to receive the diaries from Mr. Ford for our inspection and analysis. This meeting and a subsequent meeting on November 7, 1973 included a discussion of the following issues.

Auto Depreciation and Expense

The return reflects the deduction of auto expense and depreciation for each of the years. We were previously informed that since Mr. Ford was the Minority Leader of the House a chauffeur driven automobile was provided for the fulfillment of these duties.

Mr. Ford stated that the auto was depreciated due to the fact that he has unusually long hours and does not like to work his chauffeur over 40 hours a week. He also stated that he has extensive travel by auto for honorarium speeches, travel to and within his home district and that on occasions it is necessary for his wife to attend functions when he is not available, thus requiring the use of the personal auto.

We considered an adjustment for the years 1967 and 1968 based on the fact that the taxpayers depreciated two autos at 50% business usage. Since the adjustment would result in a small tax change, and in view of the fact the statute of limitations had expired no adjustments were made for these years.

Dues and Entertainment

Dues and Entertainment were initially questioned because of the lack of documentation and lack of knowledge by the agents of the business relation-ship of the expenditures at the various clubs.

Mr. Ford explained the membership and purpose for each of the facilities as well as what clubs he considered business as distinguished from those handled as personal expenditures. Mr. Ford charged to his drawing account as nondeductible personal expenses amounts paid to Burning Tree Club, Congressional Country Club, Henry Smith Flowers, University Club, Blackistone (flowers), Fostoria Glass Co., and Gandels (liquors and wines) and others. The records substantiate Mr. Ford's statements that where there was no business purpose these amounts were treated as personal in the Sergeant at Arms and the Central Bank accounts. Payment of all expenses were verified by our inspection of the cancelled checks.

Contributions

Several Contributions were questioned due to the lack of knowledge about the organization in the Grand Rapids area. The larger contributions claimed on the return were as follows:

Grand Rapids Board of Education Scholarship Fund	\$1,000
YMCA	250
National Football Foundation Building Fund	400
Vail Clinic	550
UFCS Committee of 100	400

In each case the contributions were accepted as being allowable as a result of our discussion with Mr. McBain and inspection of the cancelled checks. Nominal contributions were checked under Code Section 170(c) and are accepted as correct by inspection of the cancelled checks.

Depreciation - Vail, Colorado

The prior RAR contained a reviewers comment concerning depreciation with regard to Section 179. We also felt that an issue should be raised as to the use of 200% depreciation since the condominium was first depreciated in 1970.

The cut off date for the use of 200% depreciation for this type of property was 7/25/69.

The records presented to us substantiated the fact that the purchase contract was signed and an initial deposit was made on 6/25/69 supported the use of both 200% declining balance depreciation and additional first year depreciation. The basis for depreciation purposes was properly reduced prior to computing depreciation.

Basis of Ford Paint and Varnish Stock and Debenture Interest Income

The information received from Mr. McBain's office and Kent County records compared with the sale of stock on the return reflected a difference in the number of shares. The records of Kent County revealed that Mr. Ford received 651 1/4 shares of stock as an inheritance from the estate of his father, Gerald R. Ford. The 1967 tax return discloses the sale of 1076 1/4 shares of stock of Ford Paint and Varnish on 6/67. Mr. Ford stated that he did purchase shares of common stock of Ford Paint and Varnish before or during World War II, that he did not remember the purchase price but that the stock was sold in 1967 to Detroit Paint Co. The valuation of the 651 1/4 shares of stock inherited was \$11,114.34. Due to the nominal amount of \$935.91 for the remaining 425 shares the basis was accepted as reported. He also stated that at the same time the Debentures that he owned were extended for a period of five years with an increase in the interest rate from 7% to 8%. The records maintained in Mr. McBain's office also reflected that one interest payment for 1969 was received 1/2/70 and recorded in 1970 as interest income.

Repairs - Grand Rapids Rental House

We questioned the expense for a roof repair in the amount of \$655.00 and one other repair to the flat.

Mr. Ford stated that he did not remember the transactions other than the persons renting requested that the work be done. He did state that for a house that size (he described the house and number of rooms on each floor) it would cost a lot more than that for a new roof. We accepted this item based on the statements by Mr. Ford, and inspection of the two cancelled checks in payment thereof.

Deposits

We discussed with Mr. McBain and Mr. Ford the fact that the list of deposit tickets requested on 10/26/73 was not received in total and that although numerous deposit tickets were received the source of some were not identified. Mr. Ford explained the source of the 1972 deposits and requested that a list of the particular items be submitted so that his staff could trace them. The list was prepared and many deposits were traced to sources not previously identified. The amounts of the remaining unidentified deposits were nominal supporting the fact that the source of the deposits was not from Honorariums. On this basis the remaining items were not taxed to Mr. Ford.

Cash Available for Living Expenses

We had originally been informed by Mr. McBain that all income was deposited to the bank (either S/A/A or Central). This meant that the only way of obtaining cash for living expenses was to write a check to Cash. The analysis of the checks to Cash or Safeway is as follows:

	Central (W-1 - Household Acct.)	S/A/A - Mr. Ford
1967	3,380.00	3,600.00
1968	2,160.00	1,130.00
1969	2,190.00	1,940.00
1970	2,262.00	980.00
1971	3,000.00	3,350.00
1972	2,675.00 Maids pd. by	y Cash 225.00

Mr. Ford explained the absence of checks to cash as a combination of the following:

- (1) In addition to the above amounts, Betty (his wife) also writes checks to Farlington Beauty Salon in round amounts. The amounts appear to be for more than her hair. He believes she is receiving cash.
- (2) He was surprised himself to know that he can go through a week spending \$5.00 or less because of his numerous meetings and lunches paid by others, particularly during the campaign season. When he is on the road in his congressional district, all 3 meals each day are paid for by some political or social group.
- (3) Mr. Ford went through his 1972 diary and informed us of the following trips. As a result of the examination of Mr. Ford's 1972 diary and further discussion with him, the following trips were identified:

1/1 - 1/6	Vacation - Vail, Colorado.
	(Checks for \$450.00 in 1971 - per Agent's
	analysis of cancelled checks)
4/1 - 4/8	Palm Springs, Calif.
.,,.	All expenses pd by 5th Congressional Dist.
	Acct per Agent's analysis of cancelled
	checks.
5/28 - 29	Winston - Salem, N.C.
J720 - 2J	Expenses Reimbursed Commencement Speaker
6/23 - 7/8	China Trip - official U.S. Trip
0/23 - //0	Expense money from 5th Congressional District
	per Agent's analysis of cancelled checks -

	of cancelled checks.

40×b

12/18 - 12/31 Vail, Colorado Checks to Lodge at Vail, Dec. 72 - \$500.00 per Agent's analysis of cancelled checks

In addition to the above trips Mr. Ford stated that from Jan. - Oct. he made 75 other trips (Plane fare and cash for expenses paid by the 5th Dist. Acct.)

- (4) Of the 4 children, 3 were away at school during 1972.
- (5) Mr. McBain referred to the above Check Analysis and pointed out the small amounts of checks to cash by Mr. Ford during the campaign years.

We also prepared analysis of the plane fares and cash for each of the years.

At a later discussion Mr. Ford, stated, when asked about the number of times he eats at the House of Representatives Restaurant personally and the cost, that "the House session starts at 12:00 noon and he only eats there two possibly three times a month." He also stated that the cost of his usual lunch of cottage cheese and unsweetened grapefruit juice is very nominal.

As a result of discussions with the taxpayer and analysis of the cancelled checks by the agents, it is our conclusion that there was sufficient cash for miscellaneous living expenses. Substantial living expenses were paid by check in 1972. The schedule below reflects amounts of cash available for miscellaneous, out-of-pocket expenditures:

Checks written by Mr. Ford	2 25.00
Checks written by Mrs. Ford	2,895.00
Total	\$3,120.00
Pd. for Domestic Help (Per 942's)	2,074.00
Total left	\$1,046.00
Pd. by Cash per Journal Entry	408.61
Total Remaining for Cash Expenditure	\$ 637.39

Minority Leader Account of Gerald R. Ford Gerald R. Ford - 5th and District Account

An analysis of expenditures from the above two funds was made for each of the years under audit. Numerous items were considered to be taxable before receiving Mr. Ford's diary and the fact that we were unable to trace trips to locations at certain times of the year. The discussion with Mr. Ford informed us of the purpose of each account and the reason for payments to Press. Intelligence, Inc., The Congressional Club, The Capitol Hill Club, C & M Sunshine Club, Fostoria Glass Co. and numerous other parties. Payments from the Minority Leader account in question were almost exclusively to Army and Navy Club, House of Representatives Restaurant and the Capital Hill Club. Mr. Ford stated that both the Capital Hill Club and the House of Rep. Restaurant and places where he entertains other members of Congress and constituents in the operation of his job as Minority Leader. It was also noted that expenses of the Congressional CC and Burning Tree were considered personal, or segregated from the previous items considered to be entertainment except when Mrs. Ford entertains other members wives at business functions (about once or twice a year). The expenses for the above amounts were accepted based on the above information.

Payments from the 5th Congressional District account in question were principally cash expenditures for travel and airline tickets which could not be traced for any particular honorarium reported or reimbursement of expenses deposited in the 5th District Account. An additional item in question was the purchase of clothing for Mr. & Mrs. Ford through the 5th Congressional District. After receiving the diaries for the years 1967 - 1972, all of the plane travel tickets and cash advances were accepted as legitimate political expenditures. The only item which was adjusted was the clothing purchase for Mr. & Mrs. Ford in the amount of \$871.44 as identified below:

4/17/ 72 6/2 0/72	Milton Hoffman Woodward & Lothrop	632 681	200.00 287.16
6/21/72	Lord & Taylor	682	224.12
6/20/72	Central Charge	683	160.16
	Service		\$871.44

This item has been adjusted and the taxpayers counsel has accepted the addition to income for the purchase of clothing from the 5th Congressional District account.

A distinction has been made between the above issue and the \$1,600.00 in checks reimbursing Mr. Ford for the expenses of the China trip during 1972. The explanation as to the reason for the reimbursement was as follows:

- (1) This was an official U.S. trip at the request of the President of the United States.
- (2) It involved substantial travel throughout China only the second time U.S. citizens had visited China in many years.
- (3) Due to the weather conditions, terrain and extensive travel as well as promoting the U.S. image abroad so as to develop relations between the two countries special clothing was purchased specifically for this trip and would not have been otherwise purchased. This special clothing considered of special rain coats, wooden walking shoes, short sleeve shirts.

(4) Numerous items were purchased abroad - both clothing and gifts for republican and democratic associates and constituents.

It was concluded that under Rev Rul 71-449 the purchase of special clothing specifically for the China trip and not worn now and gifts to associates in Congress and the Senate as well as constituents did not result in taxable income to the taxpayer.

One additional item included in the 5th Congressional District account consisted of Check #785 dated 11/30/72 in the amount of \$1167.00 for the purchase of tickets to Vail, Colorado for the family Christmas Ski Vacation. Mr. Ford believed that this amount has been repaid. He instructed Mr. McBain to make the necessary reimbursement which had been overlooked.

Diaries - Recepits

The analysis of the diaries resulted in several questions being asked both Mr. McBain and Mr. Ford. In all cases the items were found to be correct including a \$2,000.00 honorarium shown in the diary in December, 1972 but recorded on the books and reported as income in January, 1973. It was learned that Mr. Ford records the honorarium at the time it is expected, not necessarily when received.

Exemption - 1972 - Son - Michael

We received information from the accountants concerning the income reported by Michael Ford. Michael's return reflected W-2 wages of \$2,894.15. He also received dividends amounting to \$342.49, interest of \$329.95 and Capital Gains income of \$266.49. The above total income amounted to \$3,833,07. Based on information received from the records inspected and examined we were satisfied that the support test was met. He was also a full time student for over five months of the year. Information regarding the passive income (See 141(ex.1) rules could not be verified since the return was not provided; however, Mr. McBain stated that he will check this item and prepare an amended return if necessary.
