POOL REPORT

Travel Pool - La Quinta Golf Course to Residence

Ford stopped at the "19" hole. We do not know his score, but Lukash said he understands the President didn't shoot too well. Lukash himself who was not in the foursome shot a 91, and Greenspan had a 96.

We never saw Red Blaik or Frank Capra. President left La Quinta Club at 7:00 PM for uneventful 25-minute ride over a back route on Country Club Road to Thunderbird Estates. A small crowd was gathered outside the gate, but Ford's car entered without stopping.

President wearing a green sweater with blue shirt and blue slacks, entered residence at 7:25 PM.

(See previous pool report for other names in foursome).
