Dear Mr. Prime Minister:

Thank you for your letter expressing concern over the fisheries legislation now before the United States Congress.

The United States is participating with Japan in the Third United Nations Law of the Sea Conference. These negotiations deal with the broad range of oceans issues of importance to our countries and the world community, including the question of a fair and equitable fisheries regime. International agreement coming from the law of the sea negotiations -- agreement concluded on terms acceptable to all and in reasonable time -- offers the best prospects for safeguarding our fisheries interests.

Until there is a comprehensive Law of the Sea treaty, we look forward to continued negotiations of bilateral and regional agreements with nations fishing off our coasts. The mutually beneficial United States-Japanese negotiations concluded in Tokyo in December 1974, were an important step in this regard.

I very much welcomed our meetings at Rambouillet in November.

EMBASSY OF JAPAN

November 4, 1975

Dear Mr. President,

I am writing to you, Mr. President, concerning the recent development in the United States towards the unilateral establishment of a 200 mile exclusive fishery zone.

Japan, as one of the world's major maritime nations, has been making the utmost efforts through vigorous consultations in and out of the United Nations Conference on the Law of the Sea toward establishing a stable and equitable order in the oceans of the world. As a nation dedicated to such international endeavor, we are seriously concerned about the recent move in the United States Congress to preempt, through unilateral action to establish a 200 mile exclusive fishery zone, a solution which should be ultimately agreed upon in the Law of the Sea Conference.

Such a unilateral action on the part of your country, which has an unmatched influence in the world, will not only have an extremely adverse effect on the international efforts now under way for the establishment of a new order but also cause serious confusions in the world maritime situation. Further, it would adversely affect the Japan-United States fishery relations which have heretofore been successfully promoted in the spirit of mutual trust and cooperation.

I earnestly request you to see to it that the United States, in the light of its great responsibility for and interests in the establishment of a new order in the oceans of the world, will not

- 2 -

declare unilaterally a 200 mile exclusive fishery zone.

I look forward to renewing our friendship on the occasion of the forthcoming summit conference to be held in France this month.

With my warmest personal regards,

Sincerely yours,

SUGGESTED LETTER

Dear Mr. Prime Minister:

Thank you for your letter ~~of~~ November 4 which expressed your concern about possible unilateral action by the United States to establish a 200-mile exclusive fishery zone.

I ~~wish to~~ assure you that I share your concern about the recent passage ~~by the~~ House of Representatives of a bill ^(to) ~~which would~~ establish unilaterally a 200-mile fishing zone. We recognize the legitimate concerns of our fishermen with respect to the state of the fish stocks off our coast, but we ^{believe} ~~feel that~~ these concerns can best be met in the context of international agreements. I am hopeful ~~that~~ the Senate, which is now considering similar legislation, will recognize the dangers of unilateral action and, accordingly, oppose such action.

Until a comprehensive Law of the Sea Treaty comes into effect, we intend to negotiate arrangements with other nations to conserve the fish stock ^{S/} off our coast. These negotiations will take into account the growing world consensus on a 200-mile economic zone and the need for a smooth transition to this zone. We do not, however, intend to abrogate the existing fisheries agreement with Japan.

Dear Mr. President,

As you may recall, we agreed last summer to cooperate with each other for the protection of democracy and for the furtherance of amicable relations between the United States and Japan, affirming the permanent friendship between the two countries. We also promised to exchange our frank views with full confidence in each other.

As both the United States and Japan are now confronted with the unpleasant problem concerning Lockheed, it is with this confidence that I wish to convey to you my concern about this problem.

Yesterday, both Houses of the Japanese Diet adopted important resolutions on this matter, the copies of which are enclosed herewith for transmittal to your Government. That the Japanese Diet, the highest organ of state power under the Constitution, adopted such resolutions is a matter of great note and indicates the importance the Diet attaches to the clarification of the problem.

The Japanese political circle has been profoundly shaken by the reported allegation made at the public hearings of the Senate Sub-Committee on Multinational Corporations that Japanese government officials received payments from Lockheed. A grave concern is spread throughout Japan at present that, if the whole issue is kept

unsolved

- 2 -

unsolved with the names of the officials involved remaining in doubt, democracy in Japan may suffer a fatal blow. I share this concern. The disclosure of all the relevant materials including the names of the officials involved, if any, would serve better the interest of Japanese politics and of the everlasting friendship between the United States and Japan.

Mr. President, the utmost efforts are being made here to unveil the truth, and I hope that the United States will continue to cooperate with us for the further clarification of the problem. I am convinced that Japanese democracy is strong enough to stand the test. The truth must be sought with courage and we have the confidence to face up to its consequences.

I also share your view of the need to make new international rules on the behavior of multinational enterprises. I look forward to our close consultation to this end.

Mr. President, at this moment when you are otherwise heavily engaged in your immediate duties, it is my earnest hope that you will understand my genuine concern in this matter. I would appreciate your consideration in securing continued cooperation by the United States Congress and Administration in clarifying the whole matter, in response to the requests by the Diet and the Government of Japan.

Sincerely yours,

Takeo Miki
Prime Minister of Japan

PROVIDED. WE ARE PREPARED TO MAKE ARRANGEMENTS TO SHARE WITH YOUR GOVERNMENT THE INFORMATION DEVELOPED BY THE SEC IN THE COURSE OF ITS INQUIRY.

I SUGGEST THAT OFFICIALS OF OUR TWO GOVERNMENTS MEET WITHOUT DELAY TO WORK OUT SUCH ARRANGEMENTS. THESE PROCEDURES WOULD PERMIT LAW ENFORCEMENT OFFICIALS FROM JAPAN TO WORK IN CLOSE COOPERATION WITH THEIR COUNTERPARTS HERE, WITH ACCESS, ON A CONFIDENTIAL BASIS, TO RELEVANT INFORMATION HELD BY UNITED STATES INVESTIGATORY AGENCIES. THE LEGAL AND ADMINISTRATIVE PRACTICE OF THE SEC IS NOT TO MAKE PUBLIC ANY MATERIAL RELATING TO AN INVESTIGATION UNTIL THE INVESTIGATION IS COMPLETED. PREMATURE DISCLOSURE OF SUCH INFORMATION COULD WELL PREJUDICE THE INVESTIGATION AND ANY LAW ENFORCEMENT ACTIONS WHICH MIGHT ULTIMATELY BE TAKEN IN THE UNITED STATES. IT COULD ALSO PREJUDICE THE RIGHTS OF INDIVIDUALS, WHETHER OR NOT THEY MAY ULTIMATELY BECOME DEFENDENTS IN CRIMINAL ACTIONS. THESE BASIC REQUIREMENTS OF UNITED STATES LAW AND PRACTICE MUST BE RESPECTED, AS OF COURSE MUST THOSE OF JAPAN. IF THESE PRINCIPLES ARE PROTECTED, I AM SURE WE CAN WORK TOGETHER EFFECTIVELY.

ARRANGEMENTS SUCH AS I AM DESCRIBING WOULD ALLOW YOUR GOVERNMENT'S INQUIRY INTO THIS MATTER TO GO FORWARD WITHOUT HINDRANCE. I HOPE THAT SUCH ARRANGEMENTS WILL PROVE SATISFACTORY TO YOU.

I AGREE COMPLETELY, MR. PRIME MINISTER, THAT IT IS IN THE INTEREST OF BOTH OUR COUNTRIES THAT THIS MATTER BE CLEARED UP AS SOON AS POSSIBLE. I ALSO WELCOME YOUR EXPRESSION OF THE NEED TO DEVELOP NEW RULES COVERING CORRUPT PRACTICES, AND I HOPE THE GOVERNMENT OF JAPAN CAN SUPPORT THE UNITED STATES PROPOSAL FOR AN INTERNATIONAL AGREEMENT TO CURTAIL SUCH PRACTICES. THE WHITE HOUSE
WASHINGTON

March 11, 1976

Dear Mr. Prime Minister:

I have received your letter of February 24. I wish to assure you that I share fully your desire that the allegations concerning Lockheed activities in Japan be clarified without delay. The United States Government will continue to support your efforts to pursue further an investigation of this matter.

The Department of State has forwarded to the Senate and to the Securities and Exchange Commission your requests for all available information in their possession pertinent to Japan. I believe that much of the material that your government has asked for from the Senate Subcommittee on Multinational Corporations has been provided. We are prepared to make arrangements to share with your government the information developed by the SEC in the course of its inquiry.

I suggest that officials of our two governments meet without delay to work out such arrangements. These procedures would permit law enforcement officials from Japan to work in close cooperation with their counterparts here, with access, on a confidential basis, to relevant information held by United States investigatory agencies. The legal and administrative practice of the SEC is not to make public any material relating to an investigation until the investigation is completed. Premature disclosure of such information could well prejudice the investigation and any law enforcement actions which might ultimately be taken in the United States. It could

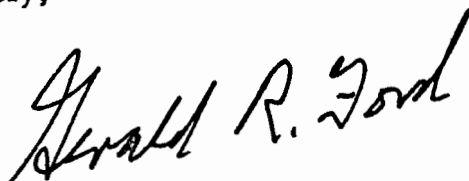

also prejudice the rights of individuals, whether or not they may ultimately become defendants in criminal actions. These basic requirements of United States law and practice must be respected, as of course must those of Japan. If these principles are protected, I am sure we can work together effectively.

Arrangements such as I am describing would allow your government's inquiry into this matter to go forward without hindrance. I hope that such arrangements will prove satisfactory to you.

I agree completely, Mr. Prime Minister, that it is in the interest of both our countries that this matter be cleared up as soon as possible. I also welcome your expression of the need to develop new rules covering corrupt practices, and I hope the Government of Japan can support the United States proposal for an international agreement to curtail such practices. Finally, Mr. Prime Minister, I am confident, as I know you are, that this unfortunate affair will not damage the fundamental and permanent friendship between our countries, which continues to be of crucial importance to the cause of peace and progress in Asia and in the world.

Sincerely,

His Excellency

SUBJECT: Reply to Prime Minister Miki Concerning
Charges of Lockheed Bribery

The disclosure by the Subcommittee on Multi-National Corporations of the Senate Foreign Relations Committee of alleged payments by the Lockheed Corporation to high officials of the Japanese Government to secure favored treatment has stimulated great political turmoil in Japan. The continued stability of the Japanese Government and relations between the United States and Japan will be heavily influenced by the effectiveness with which both governments move to investigate the matter and bring it to a conclusion.

Not long after the allegations became public both Houses of the Japanese Diet passed resolutions urging that the United States Senate and the Executive Branch make available unpublished material relating to the Lockheed matter and, to facilitate cooperation between the two governments, that Japan dispatch a special envoy to the United States for discussions. Following the passage of these resolutions, Prime Minister Miki wrote to you (Tab B) to ask your cooperation in facilitating access to the "relevant" information, to include the names of Japanese officials involved. Informal discussions since the Prime Minister's letter was written have resulted in a tentative scenario for cooperation between our two governments in the investigation. The proposal calls for talks to be held between law enforcement officials of both governments as soon as possible, directed at reaching agreements on procedures for providing access on a confidential basis to relevant information held by U. S. investigatory agencies. These procedures would include safeguards against the compromise of evidence relevant to U. S. investigations by the SEC or Justice.

This proposal has been formalized in a draft reply to the Prime Minister's letter for your consideration (Tab A). In addition, the

MEMORANDUM FOR BRENT SCOWCROFT

FROM: THOMAS J. BARNES

SUBJECT: Presidential Reply to Prime Minister Miki's Lockheed Letter

Attached at Tab I is a memorandum to the President for your signature transmitting a proposed reply (Tab A) to Prime Minister Miki's letter (Tab B) of February 24 on the Lockheed issue. It is important that we cable the text as soon as possible for delivery to the Japanese. We have also agreed with the Japanese to withhold release of the text for five hours after it is delivered in order to allow translation into Japanese.

We anticipate that Miki will respond favorably to the President's letter by a public statement in which he will also announce the dispatch of appropriate officials to the United States. Japanese and U. S. officials would then meet to reach final agreement on procedures for providing Japanese access to the material. After the signing and public release of a Justice-to-Justice memorandum, implementation would begin. The foregoing scenario does not yet have final GOJ agreement, but our Embassy has informed us that Miki is personally committed to it.

Mr. Smith of Robert Hartmann's office has cleared the text of the proposed letter.

That you sign the memorandum at Tab I.

Prime Minister Miki

Attached is a draft letter from the President to Prime Minister Miki. Letter from the President to Prime Minister Miki

Dear Mr. Prime Minister:

I have received your letter of February 24. I wish to assure you that I share fully your desire that the allegations concerning Lockheed activities in Japan be clarified without delay. The United States Government will continue to support your efforts to pursue further an investigation of this matter.

The Department of State has forwarded to the Senate and to the Securities and Exchange Commission your requests for all available information in their possession pertinent to Japan. I believe that much of the material that your government has asked for from the Senate Subcommittee on Multinational Corporations has been provided. We are prepared to make arrangements to share with your government the information developed by the SEC in the course of its inquiry.

His Excellency
Takeo Miki,
Prime Minister of Japan,
Tokyo.

- 2 -

I suggest that officials of our two governments meet without delay to work out such arrangements. These procedures would permit law enforcement officials from Japan to work in close cooperation with their counterparts here, with access, on a confidential basis, to relevant information held by United States investigatory agencies. The legal and administrative practice of the SEC is not to make public any material relating to an investigation until the investigation is completed. Premature disclosure of such information could well prejudice the investigation and any law enforcement actions which might ultimately be taken in the United States. It could also prejudice the rights of individuals, whether or not they may ultimately become defendants in criminal actions. These basic requirements of United States law and practice must be respected, as of course must those of Japan. If these principles are protected, I am sure we can work together effectively.

Arrangements such as I am describing would allow your government's inquiry into this matter to go forward without hindrance. I hope that such arrangements will prove satisfactory to you.

- 3 -

I agree completely, Mr. Prime Minister, that it is in the interest of both our countries that this matter be cleared up as soon as possible. I also welcome your expression of the need to develop new rules covering corrupt practices, and I hope the Government of Japan can support the United States proposal for an international agreement to curtail such practices. Finally, Mr. Prime Minister, I am confident, as I know you are, that this unfortunate affair will not damage the fundamental and permanent friendship between our countries, which continues to be of crucial importance to the cause of peace and progress in Asia and in the world.

Sincerely,

Gerald R. Ford

OFFICE OF THE PRIME MINISTER
TOKYO

February 24, 1976

Dear Mr. President,

As you may recall, we agreed last summer to cooperate with each other for the protection of democracy and for the furtherance of amicable relations between the United States and Japan, affirming the permanent friendship between the two countries. We also promised to exchange our frank views with full confidence in each other.

As both the United States and Japan are now confronted with the unpleasant problem concerning Lockheed, it is with this confidence that I wish to convey to you my concern about this problem.

Yesterday, both Houses of the Japanese Diet adopted important resolutions on this matter, the copies of which are enclosed herewith for transmittal to your Government. That the Japanese Diet, the highest organ of state power under the Constitution, adopted such resolutions is a matter of great note and indicates the importance the Diet attaches to the clarification of the problem.

The Japanese political circle has been profoundly shaken by the reported allegation made at the public

hearings

- 2 -

hearings of the Senate Sub-Committee on Multinational Corporations that Japanese government officials received payments from Lockheed. A grave concern is spread throughout Japan at present that, if the whole issue is kept unsolved with the names of the officials involved remaining in doubt, democracy in Japan may suffer a fatal blow. I share this concern. The disclosure of all the relevant materials including the names of the officials involved, if any, would serve better the interest of Japanese politics and of the everlasting friendship between the United States and Japan.

Mr. President, the utmost efforts are being made here to unveil the truth, and I hope that the United States will continue to cooperate with us for the further clarification of the problem. I am convinced that Japanese democracy is strong enough to stand the test. The truth must be sought with courage and we have the confidence to face up to its consequences.

I also share your view of the need to make new international rules on the behavior of multinational enterprises. I look forward to our close consultation to this end.

Mr. President, at this moment when you are otherwise heavily engaged in your immediate duties, it is my earnest

hope

- 3 -

hope that you will understand my genuine concern in this matter. I would appreciate your consideration in securing continued cooperation by the United States Congress and Administration in clarifying the whole matter, in response to the requests by the Diet and the Government of Japan.

Sincerely yours,

Dear Mr. President:

Yesterday, both Houses of the National Diet of Japan unanimously passed a Resolution requesting that the United States Government make available to the Government of Japan, all necessary information concerning the Lockheed Aircraft Corporation scandal to enable our Government to take appropriate action concerning that scandal in Japan. Prime Minister Miki has also sent a personal letter to emphasize the urgency of the Resolution passed by the National Diet.

As Chairman of a Diet action group, the Seirankai, I wish to add our personal requests for the information requested by the Diet Resolution for the Following reasons:

1. To continue to withhold the information will have seriously adverse effects on the relationships between our two countries. Release of the information will strengthen our relationship.
2. Release of the information may have serious effects on our party, The Liberal-Democratic Party (the Government party), but to continue to withhold the information could destroy the Party or reduce it to a minority party. Our party is prepared to cleanse itself of anyone involved in the scandal. Failure to release the information damages the innocent and destroys public confidence in the party.
3. If the Liberal-Democratic Party is destroyed or becomes a minority party, this will quite probably change the balance of power in East Asia for all other Japanese political parties advocate foreign policies and defense policies quite different from those now followed by the Liberal Democratic Party.

Finally, may we recall your speech in Honolulu on December 7, 1975, stating that "...The second basic premise of a new Pacific doctrine is that partnership with Japan is a pillar of our strategy. There is no relationship to which I have devoted more attention...

The President

The Japanese-American relationship can be a source of pride to every Japanese...." Let us suggest, Mr. President, that withholding information concerning the Lockheed Aircraft scandal does not seem to be in keeping with the spirit of your statement in Honolulu. The withholding of information creates suspicion, distrust and innuendo. In fairness to all, the information, including the names of any Japanese officials alleged to have received unauthorized payments from Lockheed, must be released so that appropriate action can be taken by the Japanese Government.

We send you our personal greetings.

Sincerely yours,

MEMORANDUM FOR THE PRESIDENT

SUBJECT: Reply to Prime Minister Miki Concerning Charges of Lockheed Bribery

The disclosure by the Subcommittee on Multi-National Corporations of the Senate Foreign Relations Committee of alleged payments by the Lockheed Corporation to high officials of the Japanese Government to secure favored treatment, has stimulated great political turmoil in Japan. The continued stability of the Japanese Government and relations between the United States and Japan will be heavily influenced by the effectiveness with which both governments move to investigate the matter and bring it to a conclusion.

Following the passage of these resolutions Prime Minister Miki wrote to you ^(Tab A) to ask your cooperation in facilitating access to the ^{relevant} ~~necessary~~ information, ^{tion} ~~to~~ include the names of Japanese officials involved. Informal discussions since the Prime Minister's letter was written have resulted in a tentative scenario for cooperation between our two governments in the investigation. Although the Japanese Government has not finally agreed to the approach outlined in the letter,

We have conveyed the Japanese request for information to the SEC and the Senate Subcommittee. The latter has already provided a substantial amount of material in reply.

FROM PRESIDENT FORD

I WAS PLEASED TO RECEIVE YOUR RECENT MESSAGE IN WHICH YOU PROPOSED THAT WE TAKE ADVANTAGE OF YOUR FORTHCOMING TRAVEL TO PUERTO RICO TO MEET HERE IN WASHINGTON. I WAS PARTICULARLY WARMED BY YOUR THOUGHTFULNESS IN WISHING TO PRESENT THE GREETING OF THE JAPANESE PEOPLE ON THE OCCASION OF OUR BICENTENNIAL.

I WOULD WELCOME THE OPPORTUNITY TO MEET OUTSIDE THE CONTEXT OF THE SUMMIT TO DISCUSS ISSUES OF MUTUAL INTEREST TO THE UNITED STATES AND JAPAN. UNFORTUNATELY, IN REVIEWING MY SCHEDULE FOR THE 25TH, A MEETING WOULD NOT BE POSSIBLE ON THAT DAY. I WOULD PROPOSE, HOWEVER, THAT, SUBJECT TO YOUR CONVENIENCE, WE PLAN TO MEET HERE IN WASHINGTON ON THE 30TH FOLLOWING THE PUERTO RICO TALKS. IF YOUR SCHEDULE PERMITS, WE COULD HAVE A MEETING HERE AT THE WHITE HOUSE AT 1100 AND CONTINUE OUR TALKS IN A BROADER GATHERING AT LUNCH ON THE SAME DAY. PLEASE LET ME KNOW IF THIS PROPOSAL IS AGREEABLE TO YOU. AS YOU POINT OUT, IT IS PARTICULARLY IMPORTANT THAT THE UNITED STATES AND JAPAN MAINTAIN THE CLOSEST COOPERATION AND FRIENDSHIP AND THAT WE SEIZE APPROPRIATE OCCASIONS TO FURTHER STRENGTHEN OUR TIES.
