Talking Points/New Jersey Ohio

I'm out trying to help, because I believe so sincerely in the message the President brings and in what he has done ~~xx~~ for this country.

In the last 18 months, the President has ~~been~~ brought the country out of the bad shape it was in when he took office. He has set the ~~country~~ economy on the right track and restored integrity to the Presidency.

I think he has done well and he should be allowed to continue the work he has started. The President really believes in the ability of people, and he believes the strength of the Nation begins with each individual.

His success really depends upon each of you getting out and sharing ~~his faith~~ ^{your belief} in what ~~each person can~~ ^{he has} accomplished. We both believe that good government depends upon how hard all of us are willing to work to elect good candidates. The President cannot win without the help of every person who recognizes the good job he's done. So if you get out and encourage your friends and neighbors to get out and work for the President, then we'll win in the primary and in November.
