MEMORANDUM FOR THE PRESIDENT

FROM: BO CALLAWAY 

SUBJECT: WEEKLY REPORT #7, Week Ending August 23, 1975

ORGANIZATION - Harry Bandouveris, a campaign advertising/public relations specialist, has agreed to work with us on a full-time volunteer basis to help develop with Bryce Harlow and others an overall theme for the campaign for your approval. Harry has extensive campaign experience, basically in the South and Southwest. His expertise focuses on the print media, but he will serve as coordinator in putting a group together.

STATE COMMITTEES

FLORIDA - I visited 5 cities with Republican representation from 37 counties and was tremendously impressed with the Party support for your nomination. Reagan is still strong and should not be underestimated, but a large number of Party regulars seem ready to endorse you. Lou Frey coordinated the trip and travelled with me the entire time.

Our present feeling is to go with Lou as State PFC Chairman, pulling together a group of Vice Chairmen representative of the various Party leaders in the State. We are presently checking to see if there are legal restrictions to an elected official serving in such a capacity.

Paula Hawkins, National Committeewoman, attended the reception in Orlando, and Bill Taylor, State Chairman, was with us during the first portion of the trip. Bill Cramer was on vacation, but we discussed the trip and potential organization with him prior to my visit.

GEORGIA - My visit in Georgia was finance related, although I met with members of the State Central Committee to discuss the general organization and answer questions. On Tuesday evening, 50 members of the business community met and several agreed to help raise the \$150,000 quota for the State. This should be accomplished in the next six weeks.

NORTH CAROLINA - In each of four cities I met with three groups - Republican Party members, representatives of the business community, and the press. These meetings were well attended and seemed to be very representative of a broad base of support. The North Carolina PFC Co-Chairmen travelled with me.

Hugh McColl, President of the North Carolina National Bank (the largest in the South), accepted the position of Finance Chairman. He has met with his preliminary committee, and his goal is to raise the \$125,000 quota in three weeks.

SOUTHERN STATE CHAIRMEN'S MEETING - Over the weekend the Chairmen met at Wrightsville Beach, North Carolina. Twelve of the thirteen States were represented (Virginia was absent), and the results were excellent. Beginning on Friday with a general attitude of "hang loose", all but three had come around by Saturday night and agreed to support you publicly or, in some cases, privately. A quick rundown is listed below:

ALABAMA - Edgar Welden will come out openly as soon as we are ready to announce a Committee. He is to begin putting together a Committee for announcement within the next few weeks.

ARKANSAS - Lynn Lowe is fully behind you, and even though a State Party Law prohibits the Chairman's endorsement of a candidate in a primary, he may be willing to openly endorse you. He is one of the Chairmen who was leaning toward Reagan early in the meeting, and his willingness to "stick his neck out" should be remembered.

FLORIDA - Bill Taylor is committed, but privately, as an open endorsement could split the Party at present. He was Lou Frey's candidate for Chairman when he defeated Tommy Thomas and is therefore loyal to Lou.

GEORGIA - Mack Mattingly is 100% committed, but again privately, due to internal Party problems resulting from his recent election over former Chairman Bob Shaw. Mack and the National Committee members should all openly endorse you within the next few months.

KENTUCKY - Clyde Middleton privately endorses you but wants to remain neutral due to their Fall elections. Their gubernatorial candidate is presently the underdog, but has been gaining strength and has an outside chance of winning.

LOUISIANA - Jimmy Boyce is committed at present, but a Reagan announcement could change his mind. Although the State Committee recently defeated a pro-Reagan resolution, he thought this resulted from the wording of the resolution which criticized you and, therefore, did not accurately reflect the strong Reagan support on the Committee. He wants to stay neutral until after their November/December elections.

MISSISSIPPI - Clarke Reed came around 180° during the meeting from openly pushing for a neutral stance among the Chairmen to publicly agreeing that you are strong in the South and will probably get the nomination. Due to their gubernatorial election this Fall, however, he plans to maintain a neutral position. He believes their candidate has a good chance of winning.

NORTH CAROLINA - Tom Bennett is committed to you, but he is a short-term Chairman as a new Chairman will be elected in November. The person who is slotted to be the new Chairman, Bob Shaw, has already signed a "Count-Me-In" card for you.

OKLAHOMA - Paula Unruh is leaning heavily toward you, but her State is so split she does not feel she can openly endorse you and, in fact, must also work closely with the Reagan people. Both the National Committeeman and Woman are openly for Reagan. Paula will help us in every way possible -- privately hopes Reagan will not run.

SOUTH CAROLINA - Jesse Cooksey has publicly announced his support for you.

TENNESSEE - Dortch Oldham is for you but wants to coordinate through Bill Brock. I've talked with Bill who says Oldham will come out whenever we think the timing is right for both campaigns.

TEXAS - Ray Hutchinson is 100% for you, and in his recent election as State Chairman was elected as the "Ford" person over the pro-Reagan man. He is committed, but will hold off on a public announcement until the Party is pulled together. (Incidentally, Hutchinson is probably the strongest Chairman in the group and a solid leader.)

VIRGINIA - Was not present. Dick Obenshain, the former Chairman and present Vice Chairman of the RNC was there and is behind you but keeping the necessary low profile.

REAGAN COMMITTEE

ALABAMA - A committee was formed with three co-chairmen who are good Party people and considered very responsible. A copy of their announcement letter is attached. Edgar Welden is to get back to us within the next week with his recommendations for a good group to counteract any damage they have done.

OKLAHOMA - A copy of their fund-raising letter is attached. The tone of this letter forcefully demonstrates how detrimental a primary fight will be, having a direct effect on the general election. We are aiming at setting up our own Committee within the next two weeks.

FINANCE - \$16,292 was raised last week for a total received to date of \$609,611.

Finance Chairmen were cleared in 11 States, and another 11 have been suggested but not yet cleared.

Currently on board -- having been cleared and having accepted as Chairmen -- in the following States:

California	Eastern Pennsylvania
Illinois	Vermont
Kansas	Wisconsin
Missouri	District of Columbia
North Carolina	Puerto Rico
Oklahoma

RECEIVED
AUG 11 1975

TO: Alabama Republican Leaders

FROM: Wanda McAllister, Wallace Stanfield and Guy Hunt

Dear Member:

We have been asked by the Reagan for President Committee to form a Committee in Alabama to work to secure the nomination of Governor Reagan for President. If you are interested in such a movement, please fill out and send back to us the enclosed form.

We believe the events of the last few months indicate the necessity of such a movement. We believe Ronald Reagan, with his unbelievable support among the voters of both parties, his ability to articulate the differences in the benefits of free enterprise and socialism and his background of accomplishment as Governor of the nation's largest state can excite the disgusted voter to work and vote for Republican candidates. He better represents the views of Alabama voters and thus will bring new workers and contributors to our party and will encourage more candidates to run on the Republican ticket for county and state offices. His charisma would help deliver us from the liberal dominated Congress by bringing to Congress conservative congressmen from the area they can be elected from, the south, midwest and west. We ask that you decide which candidate you had rather be on the ticket with if you were running, President Ford or Governor Reagan.

To do this, we take nothing from President Ford. Our admiration of his character and candor must not prevent us from facing reality. His change of position as he has moved from Congress to being President on such issues as draft amnesty and common situs picketing is enough to shake those of us who have been President Ford's most steadfast supporters. How much excitement can we generate for our President?

Much is being made of the ploy of throwing the Vice President off the ticket. Yet, in Alabama we can sell Rockefeller better than draft amnesty or the recommended deficit budget and we can certainly sell him better than HR 5900 now in Congress to allow secondary boycotts. The President has indicated that he intends to sign this bill. This bill which would in effect, blackmail, harrass and bankrupt the construction industry, points to the fact that Vice President Rockefeller is not the problem!

Republicans have too long given only lip service to a balanced budget. We are also about to broaden our base out of existence. The fact that only 22% of Americans will admit to being Republicans shows that our policy of a me too echo of the Democrats, which means we believe in the same medicine only in a smaller dosage is in effect annihilating our party.

The only hope we presently have to reverse the trend we are seeing is to nominate Governor Reagan. Can he be nominated? Yes! History is in the making. We have had our first President to resign in our 200 year history. Our present President is the product of a liberal democrat controlled Congress and not an incumbent in the sense of any President of our history. We now have over 30 state primaries. State party leaders and members of Congress can no longer deny the nomination to the most popular man on the campaign trail and on the television screen by controlling state conventions. They can no longer deny the nomination to the man who can best excite and stir the imagination of the American people. Ronald Reagan is such a man.

We only ask that you put your ears to the ground and pick up the vibrations. They are there, and we need to take advantage of them. The only other alternative is to sit back and take the third strike with the other 10 to 15 % of Alabamians we can always depend on, stick our head in the poke and make out like we are all excited, as is!

Legally, Governor Reagan is now a candidate. His official announcement will be soon forthcoming. As soon as he announces, we will announce our organization. We want you to be a part of it. If by some quirk of fate, Governor Reagan should not obtain the nomination, the least we could possibly accomplish is a more conservative and stronger President Ford. Can we deny our posterity these benefits.?

Respectfully,

Wanda McAllister

Dear Mrs. Smith:

Enclosed is a copy of a letter recently received from Mr. Clarence E. Warner of Citizens for Reagan. The tone of his letter and many of the statements he makes trouble me greatly. A Republican primary campaign which has reached this low level a year ahead of the convention is certain to have a serious detrimental impact on Republican efforts to retain the White House.

I urge you , in your capacity as Republican National Chairman, to take steps along the lines followed by Ray Bliss in the 1968 primary to keep Republicans from destroying themselves and the party itself.

Sincerely,

Dear Friend:

We need your financial support NOW!!

The "Citizens for Reagan" organization was formed last week in Washington, D.C., with the knowledge and consent of Ronald Reagan. This is an exciting announcement for all conservatives in America.....and recent polls show this includes 60% of the American people.

We are now forming the Oklahoma "Citizens for Reagan". To do this we need your personal, moral and financial support. Our goal is a full-time operation in Oklahoma, with every County organized, by the first of November.

This goal must be achieved if we are to win the delegate votes over the established power of the Presidency with vast campaign funds available. Ours must be a grass roots organization with you, and other dedicated Oklahomans like you, giving your money, your time and your energy.

Ours is not an easy task. However, neither was the work of our Founding Fathers 200 years ago. It is a responsibility we must perform successfully if we are to pass on to future generations the great nation we inherited from our forefathers.

We are opposed by the powerful forces which have brought us the Welfare way of life, the largest Federal budget deficits ever proposed or enacted, total amnesty for draft dodgers and deserters, a weak foreign policy, our first defeat in war.. . . .the list goes on and on. What might we see next? Giving away the Panama Canal? Clothing Stamps with abuses as wild as in the Food Stamp Program? Gun registration, possibly confiscation? Ever increasing Federal deficits? These programs are all proposed!! WHERE WILL IT END???

It will end when America has that for which she has long cried.....LEADERSHIP. Ronald Reagan can provide this LEADERSHIP and, with your help now, Ronald Reagan will provide this LEADERSHIP. Please fill out the enclosed card today and return it in the envelope provided. Your personal and financial help is greatly needed right now during the embryonic stage of the campaign.
