MEMORANDUM FOR: PHILIP W. BUCHEN
FROM: CHARLES LEPPERT, JR. *CLJ*
SUBJECT: Mr. David J. Peterson
General Accounting Office

On August 12, Mr. David Peterson of the GAO Program Analysis Division called to review and discuss drafts of a report containing an inventory of information resources available in the Executive branch of government, the White House and OMB, being prepared for the House Commission on Information and Facilities.

I asked Mr. Peterson for some more background on his project. He was rather vague and I asked him under what authority GAO was doing this inventory. He informed me that the 93rd Congress passed H. Res. 988 setting up a House Commission on Information. Section 204 of H. Res. 988 provides that the Commission shall conduct a study of the information problems of the House of Representatives including "resources outside the Congress".

I also asked Mr. Peterson to send me whatever information or background he could obtain so that I could forward his request to the proper staff people here at the White House. Attached is the background information submitted by Mr. Peterson.

Please note that Mr. Peterson would like to discuss the initial draft of Part II with someone in the Executive Office of the President. I have informed Peterson that I would forward his request to the Counsel's office.

Attached is a memorandum received by me from Charles Leppert. I have since talked to Mr. Peterson and believe his needs would be better served if he talked to you about what multi-purpose information sources exist within the White House office, OMB, and other components of the Executive Office. I told him that I doubted the existence of the type of sources he was interested in, but he mentioned the rather extensive library at OMB.

I would appreciate your calling Mr. Peterson and discussing the matter further with him.
