## AMANSION IN MAY

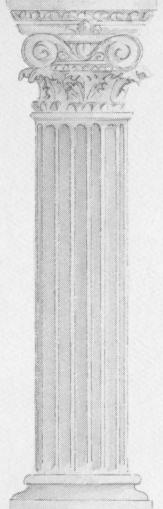

MAY 2 - MAY 31, 1976

The Dodge Estate

Giralda, Madison, N.J.

by The Womans Association, Morristown Memorial Hospital

## In A Class By Itself

The Fedders Pick-Up room air conditioner is a classic example of brilliant engineering ingenuity and consummate design. This magnificent achievement is composed of materials and components that are assiduously scrutinized to eliminate even the most minute imperfection. At the very heart of this superb machine is Fedders own rotary compressor. It's a marvel of creative engineering that is simplicity itself. There are only three basic moving parts inside the compressor's rugged steel shell so there is less to go wrong, less to wear out as it performs with smooth, reliable power. Because the Pick-Up is marvelously lightweight and has a handle you can move it easily from room to room and take it with you almost everywhere you go. The Fedders Pick-Up is not just another air conditioner. It's in a class by itself. Don't settle for less.

FEDDERS CORPORATION Edison, New Jersey 08817

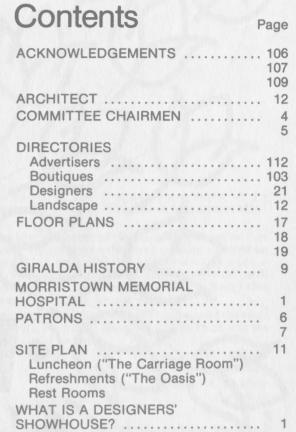

#### Morristown Memorial Hospital

Morristown Memorial Hospital is a full-service regional hospital of 541 beds serving the fast-growing communities of Morris, Warren, Sussex, and part of Somerset Counties. It provides not only the basic services of a community hospital—medical, surgical, maternity, pediatric, and emergency—but also the wide range of highly specialized services of a major hospital center.

A staff of 300 physicians and dentists and 1,000 employees, supplemented by some 1,500 volunteers, provide for the health needs and care of thousands of inpatients and outpatients each year and offer comprehensive health services for the entire family.

## What is a Designers' Showhouse?

A designers' showhouse is many things. It is a popular and imaginative form of fundraising. It is a unique opportunity to visit one of the great houses of yesterday, newly-decorated and rejuvenated by outstanding interior designers. It is a rich learning experience—a pleasant way to see and study all that is new and best in interior design. It is a priceless opportunity to acquaint yourself with the talents and techniques of various artists so that when you require the services of a designer you will know which one will best suit your needs.

A designers' showhouse is not a restoration. It is, rather, a transformation—a suggestion of what can be done with an old mansion to make it comfortable, attractive, and compatible with today's life styles.

A designers' showhouse is a delightful way to spend a day—browsing, shopping, lunching, and strolling through the gardens of a magnificent country estate.

#### memorandum

TO:

Pete Sorum

FROM: John Magadini

SUBJECT:

THANK YOU's

Mrs. Ford Visit/Mansion in May

May 27, 1976

DATE: May 26, 1976

Mr. John H. Millikin, Chairman of the Board Morristown Memorial Hospital Leddell Road Mendham, New Jersey 07945

#### MRS. MARY ROEBLING

Mrs. Roebling owns the apartment you will be usingduring your break in Trenton. Her daughter was hospitalized suddenly earlier in the week. It is not yet clear whether or not she will be there to greet you.

Mrs. Roebling is unofficial "dean of business women" in New Jersey, a very wealthy and influential person in the state. She is Chairman of the Board of National State Banking of New Jersey and made her name in banking in a day when few women did. Now in her 60's, she is involved in dozens of charitable activities and has received numerous honors (see attached).

Files show correspondence between you and Mrs. Roebling, a letter dated April 27, 1976 thanking her for a Cybis procelain bunnyrabbit she sent you at Easter.

Back, Charleston Blue. Address: care Lawrence Kublic

Berry Ford

BACKGROUND
DAYTON OUTDOOR RALLY
MAY 28, 1976

The downtown square was designed to provide open space and to serve as a center of community activities. Activities, including art and fashion shows, concerts and other performances are held around noon. An expansion is planned which will include an outdoor cafe and an underground restaurant. The focal point of the square is the old courthouse, which is operated by the Montgomery County Historical Society. The courthouse is over 100 years old, and the architecture is Greek Revival. It has historical displays, including one on aviation.

Dayton is the home town of the Aviation Hall of Fame, and the Wright brothers, Delco, NCR and several colleges and universities.

#### PROGRAM PLANNED FOR MRS. FORD

The Wright-Patterson Air Force Band of Flight will play before Mrs. Ford arrives. After her arrival, a short performance by the Dayton Ballet Company is planned. (The director of the company is Josephine Schwarz). Then she will speak to the crowd before going across the street to the PFC headquarters.

DAYTON, OHIO Courthouse Rally May 28, 1976 Sterla has those changes.

Thank you, thank you for that marvelous performance. I love ballet, and you really have an outstanding company in Dayton.

Josephine Schwarz and these talented dancers are wonderful.

on these courthouse steps and then to see the same building as the center for the activities of 1876.

I believe history gives us courage for today's problems.

The imagination and persistence of the Wright Brothers inspire us to overcome today's challenges. And this you are provided to the provided the property of the provided the provided the provided to the provided the provi

I'm so glad I could share a noontime on your square and see that your pride in the past keeps you working and striving

today.

#### Carolyn:

Congressman Guyer (Findley, Ohio) phoned today requesting a letter from Mrs. Ford to the Band Director whose students performed during her visit there.

Mrs. Ford didn't have a chance to meet him personally and they came to Findley specifically for her visit.

Mrs. Ford did make the comment to the Congressman that she was sorry she didn't get to meet him and asked the Congressman to thank them.

LETTER SHOULD GO TO :

Mr. Ron Cable
Director of School Bank
Arlington High School
Arlington, Ohio

If I can kelp, let me know. Could I have copy if it goes?

THANKS.

sally quenneville

## Dayton's Unique Do-It-Yourself Government

By finding a way to return power directly to its citizens, this midwestern city has solved many of the problems that plague our major metropolises

By JAMES H. WINCHESTER

AYTON, an industrial city of 208,000 in southwestern Ohio, is where the airplane, the cash register and the automobile self-starter were developed. Back in 1914, it was also the first large community in America to adopt the citymanager form of government.

Today, once again a pioneer, Dayton is showing other cities how citizens can genuinely participate in local rule. While the residents of many cities are alienated from their institutions and leaders, the people of Dayton are actively involved in forming the policies and goals that shape their lives. Public leaders are recognizing the willingness and competence of the people to play a responsible part in policy-making. And the people of Dayton are discovering that bureaucrats and offi-

cials can be reached, persuaded, even overruled. Conflict, cynicism and suspicion are lessening on both sides. Consider these joint achievements of community and city hall:

 Before the city commission put a raise in the local income tax to a vote last year, people were polled on how they wanted the new revenues spent. More than 100 neighborhood meetings were held to let officials hear from the man in the street. Five demands from the public surfaced: 100 new policemen; the relocation of fire stations for better protection, and the restoring of some fire crews that had been cut back because of financial problems; better park maintenance; regular pickup and sweeping of alley trash; the opening of city recreation centers on Saturdays. The city commission didn't

BACKGROUND FINDLEY, OHIO MAY 28, 1976

Findley with a population of about 40,000 is located in Northwestern Ohio about 40 miles from Toledo. The economy is diversified with such companies as RCA, Whirlpool, Eastman Kodak, Dow Chemical and Remington Arms represented. The town is headquarters for Marathon Oil Company.

Findley is located in a predominatly rural area in Ohio's 4th Congressional district, which is represented by second-term Republican Tennyson Guyer. Guyer, who was born and educated in Findley, is a former minister (Church of God) and public relations man for a tire company.

The area is generally considered a conservative Republican stronghold. The townspeople have dubbed Findley "Flag City U.S.A." The reason is that a local citizen stirred up interest in displaying flags on memorial day. Also Tell Tailor, who wrote "Down by the Old Mill Stream," was from Findley, and the stream runs through the town.

#### THE WHITE HOUSE

WASHINGTON

Mr. Ford -Cong. Mett Rivelds & Comp. Millicent Ferwich will be accompanying you on the place to Monistown. I'll be sending up background info. on them shortly.

Mrs. Ford's Remarks Ohio Reception Findley, Ohio Friday, May 28, 1976

Thank you for this lovely pin. It will always remind me of my visit to Findley and of your warm welcome. I know about your extra special efforts to honor the American flag and I think it's great.

The flag is such an important symbol of our past achievement and our present hopes. dlffsumstup our thanksgiving for our freedom and our accomplishments, and expectations about new achievements.

As much as the flag reminds us of the past 200 years, I also believe it challenges us to do well with our time in history.

I thank you for the pin and will wear it proudly.

I'm here, because of my belief in the President's contributions to this country. When he took office, the country really was in despair—economically and emotionally. He's turned the economy around and restored integrity to the White House. And there is much more he hopes to do in the next four years.

With your help, he'll be able to continue working to keep America strong and good. I hope you'll remember the job the President has done when you go to the polls June 8th.

Thanks again for your wonderful welcome. I will long remember your warmth and hospitality.

On completion of this form, forward immediately to the Advance Office with a carbon copy.

THANK YOU LETTERS
