MEMORANDUM

FOR: BART PORTER
FROM: TED GARRISH
SUBJECT: Priority Areas on Crime and Drug Abuse Issues

June 7, 1972

I have attached two lists showing those areas where the President is perceived very poorly on his ability to handle crime and drug abuse problems. I hope these lists will be helpful to you in directing your surrogate programs.

Various criteria were used in selecting the priority areas. First, we considered only those areas where the President's ratings were significantly worse than the national average. Second, we limited our lists to those areas where we felt additional effort would improve the President's voting strength, giving special weight to those states with large electoral votes. Areas of the country where the President was far ahead or behind in the trial heats were not included in the priority list.

As soon as priority lists for other issues are developed, I will forward them to you.
