MEMORANDUM FOR THE PRESIDENT

FROM: William E. Timmons

SUBJECT: Congressional Mail *PT*

For your information, I am attaching the daily log of Congressional mail received on September 16th.

This mail will be routinely handled by my office.

Senate

Walter F. Mondale Urges the President to do everything possible to expedite approval of Minnesota's application for disaster assistance for the farmers who suffered heavy losses due to a cold, wet spring, then a dry summer, and now a killing frost.

Jesse Helms Recommends that Mrs. Mildred Hodgin be appointed to the Nat'l Credit Union Administration Advisory Board.

William Scott Recommends that Albert E. Brooke, Jr. be reappointed to the FPC.

Robert Taft Recommends that Mrs. McKinley Whittlesey be appointed to the National Commission on Diabetes.

Charles McC. Mathias Requests reconsideration of the decision to impound EPA construction grant funds for sewage treatment facilities; that without expanded and improved sewage facilities, the moratoriums on housing construction in several Maryland counties cannot be lifted.

Philip A. Hart Conveys the interest of Mrs. Carolyn Hawkins in offering her services in the field of consumer protection.

Jacob Javits Asks the President to autograph a page from the Daily News that he can frame along with the first page of the original Pension bill.

Edward Brooke  
Walter Mondale Believe that the number one priority for our SALT negotiators must be the negotiation of agreed and effective limits on the first-strike capabilities of the Soviet Union. However, we cannot expect to negotiate such limits without accepting reciprocal obligations ourselves; that without agreed limits on first-strike capabilities, the prospect is bleak for other significant arms control measures such as a comprehensive numerical limit or mutual reductions.
