MEMORANDUM FOR THE PRESIDENT
THROUGH: KEN COLE 
FROM: MIKE DUVAL 
SUBJECT: AMERICAN ELECTRIC POWER SYSTEM
ADVERTISEMENTS ATTACKING EPA

Per your specific request earlier this week, attached is the information we have pulled together on the American Electric Power System advertisements. These ads, and other placed by Donald Cook of AEP, attack the EPA position on installation of stack gas scrubbers.

Tab A, which is attached to my memorandum to Rog Morton, contains a summary of the Power System allegations, EPA response and our comments. There are still unresolved issues of fact, and therefore, the Energy Resources Council will review all the issues and take whatever follow-up action is required.
