Dear Becky:

Thank you most sincerely for your letter of November 26 with your suggestions for improving our environment.

I am pleased to know that you are studying ecology in your fifth grade class at ~~X~~ Grove Park School. Ecology is very important for all of us--no matter what age.

You specifically mentioned punishment for those who are caught littering. We do have some strong laws for people who are found littering. Some of these laws include fines among other penalties. Perhaps what we need is more enforcement of our present laws before we enact additional laws.

Thank you again for your letter with your suggestions.

Sincerely,

JERRY FORD

Dear Mr. Ford,

I am in 5th grade at "Grove Park School" Burlington N.C. and we are studying ecology. We have seen films about streams, rivers, ponds, and lakes and how they are polluted and I think that we should have a law passed that if you litter you should be put in jail. I am sure you would like a cleaner environment. I hope you will have the law passed.

Your friend,
Betsy Beaudin

P.S. My teachers are Mrs. James and Mrs. Walker and please write back.
