MEMORANDUM FOR: DICK CHENEY

FROM: JERRY H. JONES

JHJ

Attached is a status report on the DOT brake regulations as you requested. You will recall we went forward with the regulations but with the request that a new study be implemented to assess their economic impact on the trucking industry and the new brakes effectiveness. The fact of the matter is that DOT does not have sufficient scientific data to make this assessment now and it will not be available until mid-summer. Duval is keeping the heat on.
