THE WHITE HOUSE

WASHINGTON

October 15, 1976

Dear Governor:

You have asked about the possibility of legislation to protect the health and well-being of the people of Hawaii and the U.S. Pacific Islands from West Coast shipping tie-ups.

I recognize the special circumstances of Americans living on Pacific Islands and am committed to finding a solution to the problems posed by interrupted shipping.

I am convinced that we can significantly improve on the legislation recently considered in Congress. I have asked members of my staff to develop a bill which overcomes the Administration's problems with the proposed legislation, yet provides the needed protection. We welcome your assistance in that effort, and my staff will be in touch with you to discuss your recommendations.

Sincerely,

The Honorable William Quinn
