Dear Jack:

I received your letter of April 23, concerning Mr. Roger W. Dudley who is interested in obtaining a position with the Administration. Senator Bill Brock also has contacted me on Mr. Dudley's behalf.

Although I do not see an opening at this time, I have arranged for him to be interviewed by Mr. John Nolan, whom you will remember from your Commission days.

Your abiding interest in the Bicentennial is certainly most appreciated.

Sincerely,

Mr. John O. Marsh, Jr. Assistant to the Vice President for Defense Affairs Office of the Vice President Washington, D.C.

Dear Jack:

Thank you for your thoughtful recommendation of Jack Studebaker for a position with the American Revolution Bicentennial Administration.

A senior member of my staff has interviewed Mr. Studebaker and found him to be well qualified. At present we have no position to offer Mr. Studebaker.

As the Administration's staff is finally developed, I anticipate that we may need to employ additional staff. Should openings develop in the legislative section or other areas which may match his background and career interest, we will certainly give him every consideration.

Kindest regards,

Sincerely,

John W. Warner Administrator

P.S. We are making good propers.

SUBJECT:

ARBA Council Candidates

Attached are some I otential additional candidates for the ARBA Council. I expect to have more, but I would appreciate your input on any and all of these candidates as soon as possible.

Hopefully, we can n eet again next week and wrap things up so that the preliminary recommendations can be proposed for the President.

Peter Bruce Clark (resume attached), publisher of the Detroit News, recommended by Bryce Harlow.

Arend D. Lubbers (resume attached), President, Grand Valley State College, Allendale, Michigan, recommended by Bryce Harlow.

R. W. Fleming, President, University of Michigan (resume attached), recommended by Bryce Harlow.

R. M. Warner, Director, Bentley Memorial Library, University of Michigan.

Martin S. Hayden (resume attached), Editor, <u>Detroit News</u>, recommended by Bryce Harlow and seconded by Mildred Leonard, explaining that the President has had a long and warm relationship with Martin Hayden over the years.

Milton Eisenhower, recommended by Mildred Leonard. Would be a good tie in with an important name in Presidential history.

Col. E. H. "Red" Blake, famous sports columnist and close friend of the President's, recommended by Miss Leonard. The sports area has some appeal and presently isn't represented.

Roger Stevens (D-N. Y.), bad idea. Appointed by Johnson to the JFK Foundation Board, close friend of Len Garment and not at all popular with most Republicans. Very doubtful he has a good relationship with the President.

Bill Cramer, retired Republican Congressman from Florida, is currently an attorney in town. He was President Ford's chief counsel for his Senate confirmation for Vice President. Despite his bad temper, he is a highly respected Republican and from all I can determine, he has a very warm relationship with President Ford.

MEMORANDUM FOR: JOHN O. MARSH, JR.

FROM:

JOHN W. WARNER

SUBJECT:

Senate Hearings on Marjorie Lynch for the

position of Deputy Administrator, ARBA

These hearings are now scheduled, as you may know, for Wednesday, December 4, before the Subcommittee on Federal Charters, Holidays and Celebrations, Judiciary Committee of the U.S. Senate.

The only issue that may arise is the inquiry made by the DAR (see attached letter). There have been a number of calls from the press and I have advised Mrs. Lynch to refrain from comment pending the hearing before the Senate.

I offered to meet with the head of the DAR but as of today, they have not acknowledged my request (see attached letter to the President General).

Unless I hear from you, I will speak on behalf of Mrs. Lynch at the

Senate hearings.

The Honorable High Scott United States Senate Washington, D. C. 20510

Dear Senator Scott:

The Daughters of the American Revolution are incredulous that a woman of English birth, Marjorie W. Lynch, should have been nominated to serve as Deputy Administrator of the American Revolution Bicentennial Administration. This is an affront to patriotic, native American women, among whom there are many who certainly could have served with distinction in this capacity.

It is my hope that this nomination will not be permitted to slip through in routine fashion and that the members of the Judiciary Committee will be sufficiently concerned that there will be a Hearing on the matter.

Sincerely,

Dear Mrs. Jones:

I have learned that the Daughters of the American Revolution has expressed some concern respecting the nomination of Marjorie Lynch -- a naturalized American citizen -- for the position of Deputy Administrator, American Revolution Bicentennial Administration. In your absence today, your secretary confirmed this information.

As Administrator, it was my responsibility -- indeed my pleasure -- to review applicants for this position. As I recommended Mrs. Lynch to the President, you can anticipate that I will support this nomination before the Senate with the utmost vigor and conviction.

Beforehand, as a personal courtesy to you, and in deference to my respect for the membership of the DAR, I would be pleased to call on you or discuss by telephone -- whichever is your desire -- this nomination. A biography of Mrs. Lynch is enclosed.

## MARJORIE LYNCH DEPUTY ADMINISTRATOR - DESIGNATE AMERICAN REVOLUTION BICENTENNIAL ADMINISTRATION

On October 2, 1974, President Gerald Ford nominated Mrs. Marjorie Lynch to be Deputy Administrator of the American Revolution Bicentennial Administration. Mrs. Lynch, a naturalized American citizen, born in London, England, brings with her to her new position the talents of lawmaker, active volunteer and Government administrator.

Mrs. Lynch came to the United States in 1945 and became an American citizen in 1948. She was educated in public and private schools in England. During World War II, she served in the Women's Auxiliary Air Force, becoming an Assistant Adjutant with responsibility for the executive administration of both WAAF and RAF personnel. She also served with the American Red Cross in London and Paris, dealing primarily with problems related to family situations both in the USA and those of American servicemen married to both English and French nationals.

Mrs. Lynch was appointed to the Washington State Legislature in 1961 and was elected to the position in 1962. She was re-elected in 1964, 1966, 1968 and 1970. While in the Legislature, she served as Chairman of the Higher Education Committee for five years and was the senior member of the House Appropriations Committee.

During those years, Mrs. Lynch sponsored and co-authored legislation establishing a new system of Community Colleges that is now a model for many other states. She also sponsored legislation establishing a new state college, group homes for mentally retarded, licensing child care agencies, work release programs for inmates of penal institutions, new school for mentally retarded, child abuse laws, mandatory education for the handicapped, Vietnam Veterans' bonus, state scholarship bill, and community mental health and mental retardation acts.

Mrs. Lynch bived for itwenty-five iyears in Yakima; Washington; and was an active participant in many areas of community services. She was Chairman of Volunteers and Chairman of Public Information for the local Red-Cross chapter, Chairman of the local Heart-Association; President of the Woman's Auxiliary to the Washington State Medical Association, active member of Yakima Chamber of Commerce, Chairman of their Government Affairs Committee and a member of their Military Affairs and Highway Committees, Vice President of the Foundation for Handicapped Children, Board member of the Washington State Mental Health Association, and Chairman of Region IV Planning Commission for Vocational Rehabilitation.

Mrs. Lynch resigned from the Legislature in December, 1971, and received a Presidential appointment to be ACTION Regional Director, Region X. In that position she was responsible for the coordination and program planning for the Foster Grandparents Program (FGP), Volunteers in Service to America (VISTA), Service Corps of Retired Executives (SCORE), Active Corps of Executives (ACE), Retired Senior Volunteer Program (RSVP) and University Year for ACTION (UYA), within the states of Washington, Oregon, Idaho and Alaska. ACTION is also the supervisory agency for Peace Corps volunteers serving developing nations throughout the world. Mrs. Lynch was the first woman appointed to a regional directorship within ACTION.

In 1973, Mrs. Lynch received a Presidential nomination and was confirmed by the Senate to be the Associate Director for Domestic and Anti-Poverty Operations. In this capacity, she was responsible for the total range of ACTION's domestic programs nationwide.

In 1969, still interested in flying, Mrs. Lynch traveled at twice the speed of sound (Mach II) in Air Force F1-6 from McChord Air Force Base near Tacoma, Washington.

Mrs. Lynch has three daughters: Ms. Valerie (Putnam) Barber, Tacoma, Washington; Mrs. Daphne (Chester) Duke, Yakima, Washington; and Ms. Teresa Lynch, Yakima, Washington.

Dear Dave:

We at ARBA, as well as the Board and Council, will dearly miss you personally as well as professionally. However, we are optimistic that your enthusiasm for Bicentennial will flow through the daily working objectives of HEW.

I am forwarding a copy of your letter of July 23rd to the White House, where the matter of a successor is now under consideration. During my travels I have made the acquaintance of Mrs. Boone and concur in your observation with respect to her qualifications. Currently consideration is being given to candidates from the Northeast sector of the United States, since that historic area is not represented on the Council.

As an old resident of the District of Columbia, I again offer my assistance with respect to any help you might need for housing or the schooling of your youngsters.

Good luck.

Dear John:

The recent Senate confirmation of my nomination as Secretary of Health, Education, and Welfare means that I must resign my position as a member of the ARBA National Advisory Council.

I do this with considerable regret, as the Bicentennial is a subject of great importance to me and I have thoroughly enjoyed my association with you, the ARBA staff, and members of the Advisory Council.

Gray publishes the magazine Antique Monthly, is a knowledgeable and dedicated preservationist, and is co-chairperson of the co-ordinating council for the four local Bicentennial Communities, including The University of Alabama. As you know, the Bicentennial spirit is particularly fervent in our area, in large part due to Mrs. Boone's initiative and leadership. She would be a valuable addition to the Advisory Council.

The Bicentennial

Knowing of your responsibility for Bicentennial matters, I thought it perhaps worthwhile to bring to your attention the abilities of Sam Holt, a friend of some fifteen years. Sam, who is from Birmingham, is an historian who has spent the last ten years in communications. Most recently, he was Director of cultural programming for the Public Broadcasting Service and was personally responsible for making its reputation by bringing to it such programs as Alistair Cooke's America, The Six Wives of Henry the VIII, and Elizabeth R. He has just finished scripting an historic series on American history which he hopes to sell to a sponsor for programming next year. In addition, he has taught American history at SMU and at Harvard. He is, in my judgment, an unusually perceptive observer of the political and social development of this country -- its public and private institutions and its social dynamics. I have talked often with Sam about ways in which the bicentennial year could facilitate a renewed appreciation in America of our values, our sense of purpose and our contributions to freedom and democracy at home and abroad. I believe he has some extremely good ideas that are not just rhetorical but suitable for translation into specific programs. His roots are southern and his values essentially conservative and I know of no one else who holds as astute an understanding of mainstream America. He was a Rhodes scholar.

He is the kind of guy I think you might like to meet and who perhaps might be able to contribute usefully as a consultant or in a position at the Commission. If you would care to meet him, please let me know.

He has also taught American History at SMN and Harvard.

Sam has some very good ideas about Bicentennial matters, one of which is a debriefing. I think it would be good for you to meet with him and discuss his thoughts. He might be able to contribute to the overall activities of ARBA.

## THE WHITE HOUSE WASHINGTON March 16, 1976

Jack Marsh

Dick Kennedy called yesterday to bring to your attention the abilities of several historians now on the roles of the Nuclear Regulatory Commission. (Now that you've pondered that for awhile, let me explain why)

These young men are a legacy of the AEC days, when for reasons still unclear, the Congress expressly authorized the hiring of a few historians to write the history of the AEC. When the Commission (AEC) was disestablished, the historians were kept on.

Dick's purpose in calling was to point out that one of these young men has a Phd in Colonial History (a Mr Hart). Dick, in the interest of good government is trying to find a home for these gentlemen (and to get them off his roles in the process) They are available part time, full time, as consultants or in any way the Bicentennial Commission might find worthwhile. I convey this to you for whatever interest it may be.
