Attachment E: Advisory Panels & Staff

#### NATIONAL ENDOWMENT FOR THE ARTS

#### ADVISORY PANELS FY 77

Listed on the following pages are the men and women who serve on Endowment Advisory Panels. Panelists are appointed to a specific Panel where they review grant applications, evaluate past programs, and advise Endowment staff and the National Council on the Arts as to the direction of future programs. Panel recommendations are presented to the National Council on the Arts which is responsible for final recommendations to the Chairman.

Not found in this listing are the many experts who serve on ad hoc panels formed for the Architecture + Environmental Arts and Visual Arts Programs. For specific information concerning these panels please write or call the appropriate program:

# Challenge Grants

National Endowment for the Arts

1977

#### INTRODUCTION

Contingent on appropriations, the National Endowment for the Arts plans a multi-year program of Challenge Grants TO SECURE NEW AND INCREASED SOURCES OF CONTINUING INCOME FOR CULTURAL INSTITUTIONS. Challenge Grants are separate from, and in addition to, the Endowment's ongoing program categories of support to cultural institutions. The purpose of Challenge Grants is to encourage new and increased sources of income on a continuing basis for our nation's artistic institutions and museums.

Note: Implementation of this program, which has been authorized by Congress, depends on receipt of additional appropriations. Final Congressional action on additional appropriations is not expected until the spring of 1977.

#### STATEMENT OF THE NATIONAL COUNCIL ON THE ARTS

The Council believes that Challenge Grants can assist in encouraging a broader understanding of the importance of developing and preserving our cultural resources and thereby helping to encourage the generation of continuing support from all sectors of society, including business, foundations, civic groups, state and local governments and individuals.

The Council views Challenge Grants, which are of a limited duration, as an important complement to other Endowment program categories which provide ongoing support to groups of highest quality. The Council expects that cultural institutions receiving Challenge Grants will structure their fund-raising campaigns to encourage donors similarly to consider continuing financial support as an important responsibility.

It is expected that these guidelines may be revised as experience is gained to allow the Arts Endowment to meet the varied needs of the constituencies it serves.

2

#### ELIGIBILITY

Challenge Grants will be available to cultural institutions or groups of cultural institutions that have demonstrated a commitment to aesthetic quality and have programs of national or regional impact. Eligible cultural organizations will include, but are not limited to art, history and science museums, dance companies, orchestras, community cultural centers, neighborhood arts services, neighborhood arts consortia, professional theatres, opera companies, regional media centers. Other culturally related groups, such as State Arts Agencies and regional arts associations. service organizations and united arts funds may receive support under certain circumstances. Note: It is expected that almost all recipients of Challenge Grants will also be grantees of other program categories of the Arts Endowment.

Groups of cultural institutions are encouraged to consider cooperative applications for Challenge Grants, in order to foster broader community interest and involvement in the cultural opportunities of a community.

For "Statutory Limitations" see page 6.

#### GRANT AMOUNTS

Matching Challenge Grants will be made for not less than \$10,000 in Federal funds, and generally not more than \$500,000 per year for one organization. Most grants will be for much less than the maximum. Applicants are urged to project realistic plans and goals. Matching must be on at least a three-to-one basis, and matching dollars must be from new or increased funds.

## GRANT PERIODS

While grants are on a one-time basis, the time period covered may be for up to three years. In most cases, multi-year grants will be in descending amounts.

#### ACTIVITIES QUALIFYING FOR SUPPORT

Since the purpose of Challenge Grants is to assist cultural groups in developing new and increased sources of continuing income, the specific uses of grant and matching funds are primarily at the discretion of the grantee. Some possible uses of grant and matching funds, and some general observations and limitations follow:

- -- to meet increased operating costs, which include increased costs, costs of additional services to the community, and expenses of special fund-raising efforts.
- -- to help eliminate accumulated debts where there is a specific plan to prevent accumulation of deficits in the future.
- to initiate or augment cash reserve or endowment fund - Because of Federal regulations, it is difficult to use Federal monies for cash reserve programs or endowment funds; however, Federal funds could be applied against current operating expenses and the matching funds for the Endowment's grants may then be used for a cash reserve plan or endowment fund.
- -- to provide capital improvements for cultural facilities - Although emphasis in the Challenge Grant Program is not on capital improvements, grants may be made for (a) the purchase of equipment; (b) the installation of climatic, acoustical, security or other necessary mechanical systems; and in special instances, (c) the acquisition of auxiliary spaces to present facilities; and (d) renovation of existing buildings and the adaptation of older buildings for new purposes. While new construction projects are not excluded from funding, by law the Endowment can only consider grants for new construction for "...demonstration purposes or under unusual circumstances...". In most cases involving acquisition, renovation or construction of facilities the matching ratio must be substantially higher than three-to-one, which is the minimum for other activities qualifying for support.

4

5

-- to assist special one-time projects, which show clearly that they will contribute to the basic strengthening of a grantee, and will have a beneficial impact on generating continued contributions from new or increased sources of funds.

#### LONG-RANGE PLANNING

Applicants must have long-range plans (3-5 years) which clearly relate the proposed Challenge Grant campaign to the institution's long-term development and which indicate how funds are to be raised and used. Plans are to include program, audience/community and financial development projections. An outline of these plans (not to exceed 5 typewritten pages) must accompany the application.

Cultural institutions are reminded that they are eligible to request assistance for planning of financial development campaigns within guidelines of regular Endowment funding categories. Organizations are encouraged to take advantage of these and other opportunities to do necessary long-range planning and preparation for fund-raising efforts.

#### FEDERAL-STATE CONSULTATION

Because of their limited duration and substantial matching requirements, Challenge Grants may have considerable impact on the planning and economic situation of many organizations—matters of great concern to State Arts Agencies. It will be to the advantage of applicants to inform and consult with their State Arts Agency in developing their applications.

As part of the preparation for application review, the Endowment will request information from State Arts Agencies on Challenge Grant applications within their states. The decision whether an application will receive support, and when, will necessarily rest upon recommendations of the Endowment's Advisory Panels and the National Council on the Arts.

# DEADLINE FOR FISCAL 1977: January 3, 1977

The Endowment would appreciate informal notification of intent to submit an application. Such notification should be forwarded as soon as possible to:

Challenge Grants
Grants Office
National Endowment for the Arts
MS 500
Washington, D.C. 20506

Completed applications must be postmarked no later than January 3, 1977. Final notices of approval or rejection will not be sent before June 1, 1977.

Additional deadlines will be announced at a later date.

#### HOW TO APPLY

Eligible organizations should complete "Project Grant Application, NEA 3 (Rev.)" forms in triplicate and mail (along with required materials) to:

Challenge Grants
Grants Office
National Endowment for the Arts
MS 500
Washington, D.C. 20506

# REQUIRED MATERIALS TO BE SUBMITTED WITH APPLICATION FORM

Applicants are required to submit the following materials in duplicate:

- 1. Copy of Internal Revenue Service determination letter for tax-exempt status. Although this letter may have been submitted previously, it must be submitted with each application.
- 2. Signed copy of the Assurance of Compliance with the Regulations of the Civil Rights Act of 1964 form, if one has not been submitted to the Endowment within the last five years.

3. An outline of long-range plans not to exceed five typewritten pages (See "Long-Range Planning, page 4).

#### REVIEW PROCESS

Initial review will be made by relevant Endowment Programs and their Advisory Panels.

The National Council on the Arts will make final recommendations to the Chairman of the National Endowment for the Arts.

#### STATUTORY LIMITATIONS

By statute the National Endowment for the Arts is limited to the support of organizations which meet the following criteria:

- 1. Only those organizations in which no part of net earnings inures to the benefit of a private stockholder or individual and to which donations are allowable as a charitable contribution under Section 170(c) of the Internal Revenue Code of 1954, as amended. Copy of Internal Revenue Service determination letter for taxexempt status must be submitted with each application;
- 2. Organizations receiving Endowment support must conduct their operations in accordance with the requirements of Title VI of the Civil Rights Act of 1964 and the Rehabilitation Act of 1973, as amended, which bar discrimination in Federally-assisted projects on the basis of race, color, national origin or handicap. Each applicant organization is required to file with the Arts Grants Office an Assurance of Compliance form. (if your organization has filed an Assurance of Compliance with

the Arts Endowment within the last five years, in connection with a grant award, it is not necessary to complete the form at this time.)

3. Only those organizations which compensate at the prevailing minimum compensation level or on the basis of negotiated agreements which would satisfy the requirements of Parts 3,5, and 505 of Title 29 of the Code of Federal Regulations for the duration of any project supported in whole or in part by the National Endowment for the Arts.

#### PRIVACY ACT NOTIFICATION

In compliance with the Privacy Act of 1974, we furnish the following information:

Section (5) of the National Foundation on the Arts and the Humanities Act of 1965, as amended (20 U.S.C. 954) authorizes the Endowment to solicit the requested information. This information is needed to process your grant application and also for statistical research and analysis of trends. The routine uses of this information are general administration of application review process, statistical research, Congressional oversight, and analysis of trends.

Failure to provide information as requested could result in rejection of your application because of insufficient facts for determining either your eligibility for a grant or the amount which should be awarded.

#### CHALLENGE GRANT FUNDING METHOD

When the National Endowment for the Arts was created, Congress included a unique provision in its enabling legislation. This provision allows the Endowment to work in partnership with private and other nonfederal sources of funding for cultural institutions. Designed to encourage and stimulate increased private funding for cultural groups, the Treasury Fund allows nonfederal contributors to join the Endowment in the grant-making process, generally for projects supported by the Endowment under established program quidelines.

Since the Treasury Fund has proved so successful, recent action authorizing Challenge Grants provides for the same basic procedures for funding Challenge Grants.

Gifts may be made to the Endowment for the support of a non-profit tax-exempt, cultural organization which has been notified that the Endowment intends to award it a Challenge Grant.

When a restricted gift is received, it frees an equal amount from the Challenge Grant appropriation, which is then made available to the grantee in accordance with the amount and conditions of the grant, as recommended by the National Council on the Arts and approved by the Chairman.

#### Challenge Grant Procedure

- 1. If a project is eligible for a Challenge Grant, a cultural institution submits to the Endowment a formal application, which may include a list of potential donors.
- 2. The application is reviewed first by the relevant discipline advisory panel and then by the National Council on the Arts and is recommended for approval or rejection. Based on these recommendations, the Chairman makes the final determination and notification is sent to the applicant.

- 3. If the grant award is approved, the applicant then requests that the donors forward their gifts to the National Endowment for the Arts in the form of a gift transmittal letter specifying the donor, the amount of the gift, a statement that it is to support a Challenge Grant, and the date by which payment will be made to the grantee organization.
- 4. In order to simplify the procedures for collecting donations, which are to be matched by the Challenge Grant appropriation, grant recipients will receive payment directly from the donor (in cash or negotiable securities).
- 5. Upon receipt of payment on the gifts, grantee provides the Endowment with evidence of receipt of such payment as follows:
  - a. In the case of individual gifts of less than \$5,000, grantee will forward to the Endowment, a list of donors' names, addresses and amounts received, certified by an official of the organization, and notarized.
  - b. In the case of individual gifts of \$5,000 or more, grantee will forward to the Endowment, within the grant period, a photostatic copy of the instrument of payment, i.e. the check or negotiable securities, with a covering letter.
  - c. In cases where benefit proceeds are to be utilized for the purposes of matching a Challenge Grant, evidence, such as benefit announcement circulars, invitations, posters, etcetera (which indicate donors had prior knowledge that their contributions would be used for matching a Challenge Grant) must be retained by the grantee as evidence of donors' intent. In these cases, the grantee organization will forward to the Endowment, within the grant period, a notarized letter requesting release of Challenge Grant matching funds, signed by

10

an appropriate official, certifying that the benefit was held on a specified date, yielded a specified sum for Challenge Grant matching purposes, and that evidence of the benefit will be retained by grantee organization in its files.

6. In all cases, donors are to make payment on gifts at least 60 days prior to termination of the grant period, and grantee organizations will provide the Endowment with evidence of receipt of payment on gifts at least 30 days prior to the termination of the grant period.

### Example:

\$100,000	Donor's Contributions(s) to Endowment from New or Increased Funds
\$100,000	Endowment Match from Challenge Grant Appropriation
\$200,000	Total Endowment Grant
\$200,000	Minimum Required Additional Contributions as Matching from New or Increased Sources
\$400,000	Minimum Required Project Budget

#### **Assurance Explanation**

Background. Section 601 et seq. of the Civil Rights Act of 1964 (42 U.S.C. 2000d, 78 Stat. 241) provides that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity receiving Federal financial assistance, and requires that each government agency which is empowered to extend such financial assistance shall issue rules and regulations effectuating Title VI (Sections 601-605) of the Act with respect to such programs or activities administered by the agency. Subject to certain exceptions regarding admission policies and certain religious and military institutions, Title IX of the Education Amendment of 1972 (20 U.S.C. 1681 et seq., 86 Stat. 235) prohibits the exclusion of persons on the basis of sex from any education program or activity receiving Federal financial assistance.

NFAH Regulation. Section 1110.4 of the NFAH Regulations (45 C.F.R. Part 1110) requires, as a condition to the approval of a grant, that the Applicant execute the Assurance of Compliance Form, whether or not a comparable form has been filed with another agency.

Assurance of Compliance. The Applicant referred to in the Form is the organization itself, whose Chief Executive Officer or comparable official should sign the Assurance. The name and title of the organization and of the official should be typed on the form. The signed original should be returned with the other material which is to be returned to the Foundation. Once a properly executed Assurance Form has been filed with NFAH, it will serve as the assurance for all future applications to NFAH, and for this reason the Applicant should verify the accuracy of the assurance from time-to-time.

#### SUPPLEMENTARY FACT SHEET

#### CHALLENGE GRANT PROGRAM FOR THE ARTS

#### How do institutions qualify?

Eligible institutions must submit applications and, subsequently, three-to-five year plans which clearly relate a proposed challenge grant campaign to the institution's long-term stability. The plans must indicate how funds are to be raised, from whom they are to be raised, and how they are to be used. The plans must include integrated program, audience and financial development projections.

Applications will be reviewed by the Endowment program staffs and advisory panels in the applicant institution's area of arts activity. The National Council on the Arts will make final recommendations on grant awards to the Chairman of the National Endowment for the Arts.

#### How large are the grants?

Challenge grants will range from not less than \$10,000 to not more than \$500,000. All grants will require at least a <a href="https://doi.org/10.2016/jhtml.new">https://doi.org/10.2016/jhtml.new</a> and increased non-Federal funds. Grants will generally be on a one-time basis and could be used over up to three years.

#### How would a challenge grant work?

Example 1: A symphony orchestra concludes that in order to stabilize its financial position and render maximum service to its community within the limits of its existing physical plant it must (a) eliminate a

\$600,000 accumulated debt, (b) establish a \$250,000 cash reserve to help meet cash flow problems, and (c) by 1980 increase its annual operating budget by \$675,000. It could achieve these goals with a challenge grant of \$300,000 over three years in the following manner:

	Contributions*				Use of Funds		
	Federal Challenge Grant	Minimum New Funds	Continuing Contri- butions**	Debt Elimi- nation	Cash Reserve	Operating Support	
1977	\$150.0	\$450.0		\$350.0	\$ 50.0	\$200.0	
1978	100.0	300.0	\$337.5	150.0	137.5	450.0	
1979	50.0	150.0	562.5	100.0	62.5	600.0	
1980 d	<del>-</del> -		675.0	en 40		675.0	

Example 2: A major crafts organization concludes that it could more effectively serve its members and their purposes if it (a) establishes a \$250,000 cash reserve and (b) increases its annual operating budget by approximately \$115,000 in order to respond to demands for publications. A challenge grant of \$50,000 used over three years would assist with this effort in the following manner:

	Contributions*			Use of Funds	
	Federal Challenge Grant	Minimum New Funds	Continuing Contri- butions**	Cash Reserve	Operating Support
1977	\$15.0	\$45.0	ev es	\$ 60.0	
<b>197</b> 8	25.0	75.0	\$ 33 <b>.7</b> 5	115.0	\$ 18.75

1980 & beyond			112.5		112.5

<sup>\*</sup> Numbers in thousands.

<sup>\*\*</sup> Assumes a 75% average repeat rate on new contributions in the previous year(s).

Example 3: A museum wishes to augment its endowment fund by \$5 million to provide a larger continuing source of income, and receives a \$300,000 two-year challenge grant to initiate this fund drive:

		Contribution	s*	
	Federal Challenge Grant	Minimum New Funds	Continuing Contri- butions**	Endowment Deposit
1977	\$150.0	\$450.0		\$600.0
1978	150.0	450.0	\$337.5	937.5
1979 & beyon	nd		675.0	675.0

Example 4: A theatre company needs to undertake a major renovation of its performance center at a cost of \$1.5 million. In raising funds for this purpose, it also wants to stimulate additional on-going contributions to build an endowment fund. A \$200,000 one-year challenge grant would assist in this manner:

	Contributions*			Use of Funds		
	Federal Challenge Grant	Minimum New Funds	Continuing Contri- butions**	Renovation Renovation Project	Endowment Fund	
1977	\$200.0	\$800.0***		\$1,000.0

1979 & beyond	•• ••		600.0		600.0	

<sup>\*</sup>Numbers in thousands

<sup>\*\*</sup>Assumes a 75% average repeat rate on new contributions in the previous year.
\*\*\*Renovation projects require at least a four-to-one match.

Example 5: A dance company concludes that it should (a) provide more public service programs in schools, hospitals and community centers, requiring an annual budget increase of \$75,000, and (b) initiate an endowment fund. A \$75,000 challenge grant over three years would assist this effort in the following manner:

	Contributions*			Use of Funds	
	Federal Challenge Grant	Minimum New Funds	Continuing Contri- butions**	Community Programs	Endowment
1977	\$35.0	\$105.0		\$75.0	\$70.0
1978	20.0	60.0	<b>\$78.75</b>	75.0	83 <b>.7</b> 5
1979	20.0	60.0	123.75	75.0	128.75
1980 an beyond			168 <b>.7</b> 5	75.0	93 <b>.7</b> 5

<sup>\*</sup>Numbers in thousands

#### How much money is involved?

The President has proposed \$50 million for challenge grants in the arts over the next three years—\$12 million in the current fiscal year, \$18 million in Fiscal Year 1978, and \$20 million in Fiscal Year 1979. This would yield \$150 million in direct matching and a residue of \$112.5 million in on-going support, in accordance with this projection:

<sup>\*\*</sup>Assumes a 75% average repeat rate on new contributions in the previous year(s).

	Fed. Exp. *	Minimum New Funds	Continuing Contributions**	Total
Fiscal 1977	\$12.0	\$36.0	<b></b>	\$ 48.0
Fiscal 1978	18.0	54.0	\$ 27.0	99.0

TOTAL	\$50.0	\$150.0	\$207.0	\$407.0

<sup>\*</sup>Numbers in millions.

#### Does Congress support this program?

In its reauthorization of the Arts Endowment this year, the Congress gave special encouragement to the implementation of a challenge grant program, recommended the funding levels now proposed by the President for Fiscal Years 1977 and 1978, and asserted these purposes for such an effort:

- Enabling cultural organizations and institutions to increase the levels of continuing support and to increase the range of contributors to the programs of such organizations or institutions;
- 2. providing administrative and management improvements for cultural organizations and institutions, particularly in the field of long-range financial planning;
- 3. enabling cultural organizations and institutions to increase audience participation in, and appreciation of, programs sponsored by such organizations and institutions;

<sup>\*\*</sup>Assumes a 75% average repeat rate on new contributions in the previous year(s).

- 4. stimulating greater cooperation among cultural organizations and institutions especially designed to serve better the communities in which such organizations or institutions are located; and
- 5. fostering greater citizen involvement in planning the cultural development of a community.

#### How was the challenge grant program developed?

In recent years, the Endowment and the National Council on the Arts have tested the challenge grant principle in a few situations, including grants to the Metropolitan Opera, a group of cultural institutions in Detroit, and the Boston and Brooklyn Museums. The specific plans for the program now proposed for funding were developed by the Arts Endowment in consultation with all its advisory panels, officials of state arts agencies, and other cultural leaders. Its details were approved in final form by the National Council on the Arts in September 1976.

EMBARGOED UNTIL: 10:00 P.M., EST Thursday, October 14, 1976

#### EDITOR'S NOTE:

Included in the reauthorization legislation for the National Endowment for the Arts was a new provision for a major Challenge Grant Program. These grants will go toward stimulating new and increased funding, and establishing a broader base of financial support for cultural institutions, since each federal dollar must be matched by \$3 from other sources.

The National Council on the Arts, the advisory body of the Endowment, has recommended development of alternative methods for generating new monies to insure the strength of cultural institutions for the future.

MORE...

In carrying out its mandate, the Endowment began to organize the challenge grant concept including pilot projects which provided federal funds and requiring a match of three-or-more dollars for each dollar received. The results of these programs which have gone to assist institutions such as the Metropolitan Opera and the Boston Museum of Fine Arts were highly successful.

Testifying a year ago before Congress, Arts Endowment Chairman Nancy Hanks said:

"Given Endowment experience, we are convinced of the importance of these challenge grant programs and believe they should be utilized in the future. We hope that states and cities and the media will join us and the private sector in combined efforts. Otherwise, institutions and resources that have been built largely by private funds will begin to falter in their service to the Nation."

Because of past success and its potential for the future, action was taken by Congress to include the new provision in the Endowment's legislation to provide for an ongoing Challenge Grant Program.

In refining the guidelines for this program, the Arts Endowment has held planning sessions over the past year with the major program advisory panels, and the National Council on the Arts.

It has also consulted with private individuals active in the arts, and with others in the field including officials of foundations, businesses, and local governments.

In its meeting last month, the National Council gave final approval to proposed guidelines for the new Program.

Although implementation of the Challenge Grant Program is contingent on appropriations, proposals by potential grantees require preparation and long-range planning. Therefore, we will make these guidelines available to provide the necessary information for qualifying organizations so they may proceed in their planning and so that funds will be available to the field as they begin their major fundraising campaigns in the fall of 1977.

To implement these programs, a supplemental appropriation will be needed for Fiscal 1977. We are pleased to learn that the President will announce plans today to seek funding for the current year and to provide for increased support in the years to come.

We hope this information will be helpful to you in writing about the Challenge Grant Program and its potential for strengthening the existing partnership between the federal government and other public and private sources of support for cultural activities throughout the country.

#### FACT SHEET

#### CULTURAL CHALLENGE GRANTS PROGRAM

The President has announced his intention to request \$50 million in federal funds over the next three years for the Cultural Challenge Grants program of the National Endowment for the Arts. This will raise the level and broaden the base of ongoing financial support for the arts from federal and non-federal sources.

The Cultural Challenge Grant program provides cultural institutions with "leverage money" to be used to elicit additional funding from new sources or increased funding from established sources. Cultural Challenge Grants are intended as one-time grants that can be used for up to three years. They will be awarded on the basis of long-range integrated program, audience, and cultural development plans submitted by the institutions. On the basis of past experience with challenge grants in other areas and with fund-raising efforts in general, at least 75% of this new or increased giving can be expected to continue beyond the challenge grant period, thus placing the institution involved on a higher plateau of regular philanthropic support.

#### FUNDING

The President recommended \$12 million in federal funds for FY 77, \$18 million for FY 78, and \$20 million for FY 79. Thus, federal funds over the three years will total \$50 million. Since federal funds must be matched at least 3-1 by non-federal funds, the Cultural Challenge Grants program holds out the prospect of \$200 million in new funds for cultural institutions.

### ELIGIBILITY

More than 1,200 non-profit tax-exempt cultural institutions in all fifty states will be eligible to apply for challenge grants. These include, but are not limited to, art, history and science museums, dance companies, symphony orchestras, community cultural centers, neighborhood arts services, professional theatres, opera companies, and regional media centers.

Under certain circumstances, other culturally-related groups such as state arts agencies, regional arts organizations, service organizations, and united arts funds may also receive such grants.

Groups of cultural institutions will be encouraged to consider joint applications for challenge grants in order to foster greater cooperation among cultural institutions in serving their communities.

 ${\tt more}$ 

#### BACKGROUND

Many cultural institutions need to broaden the base and raise the level of regular on-going support to achieve financial stability and to meet the rising public demand for cultural opportunities. Challenge grants will assist in this task by providing "leverage money" to be used locally to elicit additional funding from new sources or increased funding from established sources on at least a three-to-one basis.

The Arts Endowment's challenge grants will complement its other grant programs in serving the agency's main goals of:

- Increasing availability of quality cultural opportunities to all citizens throughout the country;
- Developing our cultural resources by assisting cultural institutions to improve artistic and administrative standards and provide greater public service; and
- Advancing our cultural legacy by fostering artistic creativity and the pursuit of excellence in all the arts, and by preserving our cultural heritage.

Challenge grants will assist cultural institutions in taking better advantage of available opportunities to generate funds for the arts in order to meet increasingly important public needs in the arts.

In response to public demand, the number of cultural institutions and public agencies in the arts has increased over the last decade, and with this, the total arts audience. Examples of this growth include these estimates:

	Number in 1965	Number in 1975
Professional Orchestras	58	110
Professional Opera Companies	27	45
Professional Dance Companies	37	157
Professional Theatres	23	145
Museums	1700	1880
Regional Media Centers	1	40
Community Cultural Centers/ Expansion Arts	6	25
Small Literary Magazines	450	700
Independent Presses	200	350
State Arts Agencies	12	55
Community Arts Agencies	175	900

There has been comparable expansion in folk arts and crafts activity.

Despite this success, and partly because of it, financial problems are threatening the stability and vitality of the country's important cultural centers. These institutions cannot charge audiences the full costs of their operations and still fulfill their public responsibilities. With inflation, the costs of cultural institutions (labor and energy intensive activities) have increased rapidly. The philanthropic and governmental support relied upon to fill the inevitable gap between costs and maximum feasible earnings has not kept pace. Hence, programs have been curtailed, quality sacrificed, gifted artists shifted to other pursuits, and irretrievable cultural opportunities lost to the public.

At the same time, there is evidence that Americans are willing to do more to make cultural opportunities available. According to a 1975 Harris survey, more than half the American people would be willing to pay an additional \$10 per year in support of the arts. The Conference Board recently found the arts to be the fastest growing area of corporate philanthropy. The same is true of independent foundations. Public officials at all levels of government have been increasingly vigorous in support of programs to support the arts.

Challenge grants will provide an effective catalyst to bring these opportunities to full realization in particular institutional situations.
