Ford Wants Voters to Prevent a Dictatorship

Lincoln, Neb. (UPI) President Ford said today Republicans must score well in the Nov. 5 elections to prevent "a legislative dictatorship" in Washington.

The President campaigned at the same time for his new economic program, particularly his controversial income tax surcharge proposal, and sought to allay unhappiness of grain producers and livestock growers that could hurt GOP candidates next month.

Ford received generally friendly receptions from an estimated 5,000 persons at an airport rally in Lincoln. But he ran into clamorous opposition in Lincoln from a band of about 100 youthful demonstrators, including members of the American Indian movement who all but drowned out his speech by pounding tom-toms and chanting "Vietnam, Wounded Knee; Nixon needs no amnesty."

To Open White House Grounds

Washington (UPI) -- The White House announced today that at the request of First Lady Betty Ford, the grounds and gardens of the White House will be open from 2 to 5 p.m. on the weekend of Saturday, October 19. There will be no admission charge and reservations will not be required. Visitors, who will be allowed to tour at their leisure, are asked to use the White House East Gate. White House personnel will be available for questions and bands representing various branches of the armed services will play from the balcony of the Blue Room.

World Needs a Self-Confident America

New York (UPI) -- Secretary of State Henry Kissinger said Wednesday night the world, racked by "turmoil and change," desperately needs the leadership of a self-confident America. Kissinger called on the American people to put behind them the bitter differences generated by the Vietnam war and the Watergate scandal to deal more effectively with massive international and domestic problems.

Needs More Spies to Watch Red Spies

Washington (AP) -- FBI Director Clarence M. Kelley said today that a growing number of foreign intelligence operators is taxing the ranks of FBI agents assigned to internal security operations. Kelley is considering asking for an additional 250 men to use for internal security operations.
