THE WHITE HOUSE

WASHINGTON

VISIT TO NEW HAMPSHIRE

Saturday - Sunday - February 7 and 8, 1976

Departure: 9:55 A.M.

From: Terry O'Donnell

TOD

BACKGROUND

WASHINGTON DEPARTURE/MANCHESTER, NEW HAMPSHIRE, ARRIVAL

You, Mrs. Ford and Susan will depart the South Lawn at 9:55 a.m. via helicopter for Andrews Air Force Base and the 1 hour, 5-minute flight aboard Air Force One to Grenier Field, Manchester, New Hampshire.

Air Force One will arrive Grenier Field at 11:15 a.m. where you will be met by State Representative Richard Hanson (R), Mayor Charles Puksta (R) Claremont, N.H., Mr. Ralph Southwick, Rockingham County Commissioner, and Mr. Paul Ryan, Danbury Selectman. The arrival will be open to the public in order to afford the people of New Hampshire an opportunity to greet you. Although no remarks are planned, it is suggested that you greet the crowd and chat briefly with the local media prior to boarding the motorcade.

Following the greeting, Mrs. Ford will proceed independently to Old Town Hall, Salen Center, New Hampshire to view a Senior Citizens' Program and Childrens' Recreation Program, then on to Nashua where she will visit the President Ford Committee Headquarters to observe a phone center operation. From there, she will go to the Thurber Residence to await your arrival later on in the afternoon. Mike and Gayle will also be there when you arrive.

Susan will go by motorcade to Mt. Cranmore, North Conway, New Hampshire (approximately 3 hours, 20 minutes' driving time) to present awards to winners of the Men's and Women's Slalom competition. She will overnight at Mt. Cranmore and join you and Mrs. Ford at Rundlett Junior High School in Concord, at 12:40 p.m. on Sunday.

#### BUDGET BRIEFING/RECEPTION, CONCORD, NEW HAMPSHIRE

The drive from Grenier Field To Rundlett Junior High School in Concord requires 35 minutes. Representative Cleveland and Former Governor Walter Peterson will accompany you.

You will make brief opening remarks and then be questioned by members of the audience for approximately 75 minutes. You will have a General Revenue Sharing chart, the Health Services "before" chart and the Education Programs "after" chart available to assist in your briefing. Following the briefing, you will spend twenty minutes informally greeting the guests at a reception. The audience of 250 will be composed of selectmen, mayors, members of the State House of Representatives and Senate, country commissioners and city councilmen.

#### PFC DELEGATE RECEPTION

At 2:30 p.m. you proceed to Room 400, Rundlett Junior High School, where you will greet and mingle informally with 40 PFC Delegates for 30 minutes.

At the conclusion of the PFC Delegate Reception, you depart Rundlett Junior High School via motorcade for the 1-hour drive to the Thurber Residence in Nashua, New Hampshire, arriving there at 3:35 p.m. Dick Cheney will ride with you for staff work. The Thurber Residence is a typical New England house whose owner died in December and it has been vacant since then. Her son, Davis S. Thurber, lives about a block away. He and his wife, Mr. Fred Cox, and residents of the neighborhood will be on hand to greet you upon arrival.

GREATER NASHUA CHAMBER OF COMMERCE RECEPTION/DINNER

Attire: Business Suit

You and Mrs. Ford will depart the Thurber Residence at 6:05 p. m. for the 10-minute drive to the Nashua Senior High School to attend the 50th Annual Reception/Dinner of the Nashua Chamber of Commerce. Upon arrival, you proceed to a Reception Room and informally greet Head Table Guests and Dinner Committee Members (approximately 60) prior to being announced to the dinner which is expected to be attended by some 1200 persons, largely from the Nashua-Southern New Hampshire region including representatives of nearly 200 firms.

Former speakers include Presidential Candidate Richard Nixon, Governor Nelson Rockefeller, Senator Barry Goldwater, Governor John Volpe, and Paul Harvey. This event, which is "non-political" will be the first major civic event to take place in the new Nashua senior high school.

A highlight of this evening's program will be the presentation of a "Citizen of the Year Award". The recipient is chosen by an anonymous committee and his identify is considered one of the best kept secrets in New Hampshire.

Dinner Chairman, Frank Harvey, introduces you for your remarks.

You and Mrs. Ford are expected to arrive back at your residence at 9:35 p. m.

SEQUENCE - WASHINGTON DEPARTURE/MANCHESTER ARRIVAL

9:55 a.m.                      You, Mrs. Ford and Susan board helicopter on South Lawn and depart en route Andrews Air Force Base.

THE WHITE HOUSE

WASHINGTON

February 2, 1976

MEMORANDUM FOR:

MRS. FORD

VIA:

RED CAVANEY

FROM:

PETER SORUM

SUBJECT:

THE PRESIDENT AND MRS. FORD'S  
VISIT TO NEW HAMPSHIRE  
Saturday and Sunday  
February 7th and 8th, 1976

Attached at TAB A is the Proposed Schedule for Mrs. Ford's independent activities on Saturday, February 7th, 1976.

APPROVE \_\_\_\_\_ DISAPPROVE \_\_\_\_\_

BACKGROUND

In addition to the arrival activity at Grenier Field in Manchester, New Hampshire, Mrs. Ford will join the President at the Nashua Chamber of Commerce Dinner on Saturday evening, a church service in Bedford, and a supporters' reception in Concord, both on Sunday.

Independently, Mrs. Ford will visit Salem, New Hampshire and the President Ford Committee Telephone Center on Saturday. It is recommended that she also join the President for his address at the University of New Hampshire on Sunday. This will depend on the choice of the following options:

OPTION #1: Travel with the President to the University of New Hampshire and take personal time until the speech. Following the speech, Mrs. Ford would return to Washington with the President.

OPTION #2: Travel with the President to the University of New Hampshire, attend the speech and depart independently for Ipswich, Massachusetts for an overnight with Mike and Gayle.

OPTION #3: Depart independently from Concord, New Hampshire en route Ipswich, Massachusetts for an overnight with Mike and Gayle.

NOTE: If this option is chosen, it is recommended that Mrs. Ford undertake an independent activity en route.

**APPROVE:**

Option #1 \_\_\_\_\_

Option #2 \_\_\_\_\_

Option #3 \_\_\_\_\_

Based on Mrs. Ford's choice of the above options, a Proposed Schedule for Sunday, February 8th, 1976, will be forthcoming.

MRS. GERALD R. FORD

Birthdate: April 8, 1918

Mrs. Betty Ford came to the White House determined to make the mansion as warm, friendly, and open as the Ford family homes have always been. Her own lively interests in the arts, handicapped children and women's rights have been combined with a focus on home and family life.

Mrs. Ford was born Elizabeth Anne Bloomer in Chicago, Illinois. Her family moved to Grand Rapids, Michigan, when she was three and she began her study of dance there when she was eight. After graduating from high school in 1936, Mrs. Ford attended two summer sessions of the Bennington School of Dance, where she first met Martha Graham. Her dance career continued in New York City, where she joined one of Miss Graham's troupes and modeled with the John Powers Agency.

She returned to Grand Rapids in 1941 and became fashion coordinator for a local department store. She also formed her own dance group and taught dance to handicapped children.

Only weeks after their 1948 marriage, Gerald and Betty Ford moved to Washington, where he began his political career as representative from Michigan's 5th District and she began hers as a wife and mother. Within seven years, the four children were born.

During the 1950's and 1960's, Betty Ford's world centered on her active family of three sons and one daughter. Her outside activities primarily involved the Episcopal Church and the Republican Party.

Three years ago with the two younger children almost out of high school, Mrs. Ford thought of going back to work outside the home. But before she found such a job, her husband became Vice-President and in August, 1974, President. Those jobs gave her new responsibilities which used her experience in entertaining, meeting people, and keeping a busy schedule.

In White House entertaining, Mrs. Ford has relaxed the official style to make it more people-oriented. The decorations often are American handicrafts, and the guest lists reflect the diverse interests of the entire Ford family.

Mrs. Ford's lifelong enthusiasm for the arts has shown up in decorations, White House guests, and, most especially, in her own involvement in artistic events. Her schedule shows an active interest in handicapped children and her statements a firm commitment to women's rights.

Today, the Ford home has a very special address, and as President and First Lady, Gerald and Betty Ford have unique responsibilities. But the Fords and their four children, Mike, 25, Jack, 23, Steve, 19, and Susan, 18, continue to be a close-knit family despite geographical separations.

SALEM WORKSHOP IS A SHELTERED WORKSHOP FOR HANDICAPPED INDIVIDUALS SIXTEEN YEARS OF AGE AND OLDER

A It's aim is to assist the handicapped, whether it be retardation or other physical or emotional limitations, to progress toward normal living and a productive vocational status.

While controlled individual training in work habits and attitudes is the primary purpose, emphasis is placed on Independent Living Skills and Social Adjustment. Job placement services are provided when client is ready.

B Contract work is obtained from industries to be completed by the clients. Clients are paid piecework according to the job that they are working on.

#### WHERE WE ARE NOW:

Salem Workshop is a Satellite program of the Wm. J. Moore Center in Manchester. We have 11 clients, 7 full-time, 4 part-time.

The part-time clients are participating in a special program at the high school. They, according to their individual abilities, attend some classes at the high school.

The full-time clients receive their workshop training in Salem. They are transported to Manchester 2 or 3 days a week for classes and specialized programs.

As the clients usually need more than work training, they are attending classes at the Moore Center. According to their particular needs they attend:

Basic Ed: telling time, identifying coins and making change, measuring, reading and math skills according to their ability, etc.

Independent Living Skills: Cooking, cleaning, telephone usage, use of appliances, hygiene, ironing, etc.

Prevocational: Care and use of tools, discrimination, concepts, etc.

Social and Personal Adjustment: To reach an acceptable social awareness, appropriate interpersonal relationships, to be able to adjust to every day situations.

#### SPECIALIZED PROGRAMS AVAILABLE AT THE MOORE CENTER ARE:

Food Service: Complete training in every phase of Food Service. Preparation and serving of food on a cafeteria level. Operation of dishwasher and other related tasks. Canteen: counter work, serving customers, sashiering, ordering and receiving of supplies.

Janitorial Program: Complete training using industrial equipment in maintenance of a facility.

SOCIAL SERVICE: Another important service. Social workers who maintain contact with the families of clients. To inform them of client's goals and objectives to work in cooperation with the training center. With reinforcement at home the client will develop potential much sooner and more fully.

SALEM WORKSHOP \*\*\* WHERE ARE WE GOING?

We are now housed in a classroom at the Lancaster School. As we realize how fortunate we are to have the cooperation of the school department, a classroom is far from an ideal setting.

It should be a realistic job setting, not an elementary school.

We are limited in the number of clients we can service,  
We are limited in the type of contract we can accept because of size and facilities.

We are limited in providing the types of programs and services to meet the needs of each client.

We now operate on a school calendar year. We would be unable to procure contracts from industry independently on this basis.

It is next to impossible to have clients think of the workshop as anything but school on this present basis.

IF THE SALEM WORKSHOP COULD OBTAIN A NEW FACILITY, IT WOULD HAVE THE POTENTIAL FOR GROWTH AND DEVELOPMENT TOWARD INDEPENDENCE.

We would be open to more diversified contracts from industries.

We could provide programs and services now provided by the Moore Center. This would not only relieve many transportation problems, but be able to involve clients in areas more often to meet their individual needs. It would also leave openings at the Moore Center for clients from that area.

We would be able to service other handicapped individuals who are now unable to attend any training center because of lack of space and availability.

We would be able to develop a specialized training program other than provided by the Moore Center and make it a cooperative venture to meet the needs of diversified vocational training.

We hope to hire and train personnel to eventually work for SARC INDICATED by the Salem Workshop growth pattern. They would receive their training at the Moore Center to benefit from their experience.

We hope to cooperate with Salem Schools and Community Social Agencies, informing them of the availability of this program to benefit all handicapped individuals.

The Salem Workshop is a workshop for handicapped individuals, 16 yrs & older.

TO A

TO B

The Workshop uses the facilities of the Lancaster School until its fundraising to complete its own facilities is ~~com~~ complete.

October 29, 1975

Mr. George Khoury  
43 Blake Road  
Salem, N. H. 03079

Dear George:

Per your letter of October 17th, I am forwarding the information requested. For convenience, I have numbered them as they appear on your letter.

1. Has the contract for the building construction already been given out?

No, it has not.

2. What if you fall short of the \$75,000 goal?

- a. Will you still build?

Yes, we will build.

- b. How will you modify?

If we fall far short of our goal we will have to modify the proposed program and building.

- c. How will it affect your plans?

It will limit the number of clients to be serviced in the community.

3. How long will the campaign run?

We are aware that the major fund raising activities will be accomplished by December first. Remaining follow through needed to conclude outstanding pledges and miscellaneous sponsored fund raising activities will be completed by April first.

4. At what point will you begin construction?

When the fund drive reaches \$35,000 the building committee will solicity bids for construction.

5. How will you operate workshop after first year?

Affiliation with the Moore Center is planned to continue for three years. An immediate need is for an Executive Director whose tasks will include exploring available Federal and State grants.

6. What communities will be serviced?

7. Are these communities contributing to the fund?  
Will they contribute to the maintenance?

Contracts are being established in each community for the various fund raising activities. Tuitions will be received from each community enrolling clients. Additional clients increase the eligibility for Federal funding.

8. How is the need to be provided for the workshop?  
handled now?

It is presently housed in an elementary school classroom which has been donated temporarily by the Salem School District.

9. What portion of the \$75,000 is the minimum needed  
for construction of a building?

\$45,000.

10. What is the breakdown of retarded citizens in Salem  
today by age groupings:

0-6 - Pre-schoolers, Four.  
6-15- Self contained Special Education Class, Eight.  
16 and older-Clients in the Salem Workshop, Twelve.  
We are aware of seven other eligible adults. No formal  
census is available but we get calls everyday.

11. Will the building, once constructed, be available for  
use of other organizations (who may have contributed)  
for meetings, etc. during off-duty hours?

No, the Planning Board has restricted utilizing the  
building in this manner.

12. How many staff members will there be at the beginning?

Two, an Executive Director and a Supervisor of the Workshop.  
The maintenance will be under the supervision of the  
SARC Board.

13. How long does an average retarded youngster stay at  
the workshop?

The program attempts to meet the varying needs of  
clients including Transitional Activities which might  
be completed in one year and result in Job placement  
to Extended Activities involving sheltered workshop.

14. What specific activities will be taught, conducted in the workshop?

Where, using short term goals, we will attempt to improve on each clients' work skills and attitudes. Another important aspect of workshop training is the personal and interpersonal adjustments that is needed in working in any atmosphere. Learning to relate appropriately with each other and their supervisor is a must, not only in a work situation but, in all areas of personal contact.

Basic Education-Improving and maintaining on basic reading and math skills, measuring, telling time, telephone usage, etc.

Living Skills-One of the objectives of a workshop is to assist the handicapped to progress to a normal living status as well as work training. With special training they can assume many of the responsibilities for themselves that they would otherwise be dependent on others for, ie: Self care cleaning, cooking, hygiene, use and care of kitchen appliances, etc.

Counseling: We hope to offer clients professional counseling to aid the clients to adjust to the problems of everyday living and cope with any special problems that may arise. Not only clients, but their families, who seek assistance and advice on certain occasions.

Specialized Training: Some time in the future it is our aim to have specialized training programs in certain fields, such as the Moore Center in Manchester now provides. This concentrated program will focus in on a specialized field where a particular client may experience success. Possibly, Food service or Janitorial Training.

15. What are some that are currently being done?

Nearly all of the above are being done utilizing a schedule between the Moore Center, Salem Workshop and the Salem Schools.

- 16/ What specific federal/state programs are available that might be available for building/maintenance?

Our building fund federal grant application was not funded. The building must be constructed before we can apply for funding to maintain programs, thru the Developmental Disabilities Council, the United Way, the Vocational Rehabilitation Center and the State Average Tuition from the School Districts.

I hope the above information is sufficient. We would be happy to provide further information or more detail as you require it.

Thank You

MEMORANDUM FOR:

ROGERS MORTON  
✓ DICK CHENEY

FROM:

BO CALLAWAY  
STU SPENCER

SUBJECT:

Betty Ford in New Hampshire

We believe it is top priority that Mrs. Ford return to New Hampshire with the President on his second trip. As you know, her first visit was extremely well received, and she is highly thought of by the people in the State.

We will be glad to arrange her schedule in whatever way she wants to include hospital visits, nursing home stops, etc., but we cannot over-emphasize the importance of her going back. The additional news coverage which she can generate on her own will be invaluable during these final days of the campaign.

Most importantly, our people very much want her and consider her one of the most valuable assets for building momentum in the campaign.

For appropriate handling.

building

Dear Marghita:

I am writing in reference to two requests I have received concerning the First Family's visit on the 7th and 8th.

1) Ms. Susan Wornick, of Radio Station WGIR in Manchester, has requested a five minute appearance by either Mrs. Ford, or Susan on a live program which she airs every Friday. I recognize that Friday is not on the schedule, but if you would please communicate by letter with Ms. Wornick, she will at least be assured that we have processed her request.

2) The other request is something that could conceivably be handled. Mr. Jeff Howlett, of Radio Station WGAN in Portland (heavy listening audience in New Hampshire), has requested a three to five minute telephone interview with Mrs. Ford. This could be done at Mrs. Ford's convenience if it is deemed feasible. It is my understanding that the interview would be aired during the First Family's visit.

Thank you for your assistance; past, present and future. I am with

Best regards,

MEMORANDUM

TO: SUSAN PORTER  
FROM: STU SPENCER *SPS*

SHEILA + PATTI  
P.S. HOPE  
SHE CAN.  
S.

We would appreciate it if Mrs. Ford would consider doing an actuality to release to the radio stations in New Hampshire; the substance being: get out to vote on election day.

The following are two proposed radio spots:

HELLO, I'M BETTY FORD. ~~AS YOU ALL KNOW~~, 1976 MARKS OUR NATION'S TWO-HUNDREDTH ANNIVERSARY. IN \* DAYS, NEW HAMPSHIRE RESIDENTS WILL HAVE AN OPPORTUNITY TO CAST BALLOTS FOR THE PERSON WHO WILL LEAD US DURING THE OPENING YEARS OF OUR THIRD CENTURY. PLEASE VOTE...IT'S IMPORTANT TO ALL OF US.

HELLO, THIS IS BETTY FORD. IN \* DAYS, NEW HAMPSHIRE VOTERS WILL GO TO THE POLLS TO CAST THEIR 1976 PRIMARY BALLOTS. THIS ELECTION PROCESS IS AN IMPORTANT PART OF OUR NATION'S POLITICAL SELECTION SYSTEM THAT HAS ENABLED US TO REACH OUR BICENTENNIAL YEAR STRONG AND PROSPEROUS. IT IS CRITICAL THAT YOU VOTE.
