

POOL REPORT--WICHITA TO ANDREWS AFB--Nov. 2, 1974

Despite earlier advisories by Nessen, the president did not come back to talk to the ~~pool~~ pool. Nessen said that Ford had "a lot of paperwork" to do during the flight. He said the president worked on the material throughout most of the flight with Richard Cheney, Donald Rumsfeld's deputy. Nessen said Ford would attend church at St. John's in Lafayette Park at 11 ayem Sunday. He also said that Ford "perhaps" would play tennis tomorrow and planned to watch the Redskins-Packers game ^{on TV} in the afternoon.

Asked for Ford's reaction to the campaign now that it is over, Nessen said he had no presidential reaction to give us.

xx Air Force One touchdown at 12:55 ayem.
