

DECEMBER 7, 1974

Office of the White House Press Secretary

---

NOTICE TO THE PRESS

The President has signed S. 3802-Nuclear energy reports--which requires the members of the Joint Committee on Atomic Energy to report annually to both Houses of Congress on the development, use, and control of nuclear energy for both defense and peaceful uses.

S. 3802 will require the JCAE to submit a report not later than June 30th of each year to each House of Congress. Each report will provide information on weaponry, foreign policy, defense, international trade and expenditures and appropriations of government revenues in a form designed, to the maximum extent possible, to be presented in open session and by means of unclassified materials.
