POOL REPORT - Travel Pool - St. Margaret's Church to
Wilson Residence to LaQuinta Golf Course

The motorcade trip from the church to Fred Wilson's home in Rancho Mirage was uneventful. The Wilson home is in the plapial Thunderbird Heights area. There is a small circular driveway in front. The house has several wings in a sprawling western - type architecture. The pool was unable to see the swimming pools. The President's golf companions for the day were announced as Earl (Red) Blaik, former Army football coach; Frank Capra, movie producer; Leon Parma, the President's guest today and the President, filling out the foursome Alan Greenspan and Dr. Lukash also had their clubs and said they were going to form another foursome.

The drive to the LaQuinta Golf Course took about 20 minutes. The motorcade moved without delay. The pool was stopped at the gate of the golf course at around 1:30 p.m. The President was expected to start 18 holes of play at about 1:45 p.m.

While we were waiting for the President to leave the Wilson home, Larry Speakes read us the Nessen statement on DaNang and announced the private dinner for Governor and Mrs. Reagan Monday night.
