

POOL REPORT # 16
THE PRESIDENT'S DINNER WITH MRS. FORD
IN THE OLD SECTION OF BRUSSELS
MAY 31, 1975

Following his press conference at the hotel the President drove in motorcade to the Embassy residence and picked up Mrs. Ford, and they went into the Old Section of Brussels to "A l'Epaule de Mouton", for a meal which lasted three hours in the company of the Belgian Prime Minister and American officials (including Dr. Kissinger). The President and his wife took a short stroll up to the old square, had a brief look at the cathedral, and returned to their car for the trip back to the residence. Fairly sizeable crowds waiting for them at the square, mainly quiet, but as the President and his wife returned back to their car he gave them a good hoozah.
