POOL REPORT # 10

The pool picked up the President as he left the Finlandia conference hall about 1210. Drove directly to Embassy residence. Emerged about 1325 to walk to British Embassy Residence across street. Fast walk...no words for pool. French and West German leaders drove out about 1510. President Ford and Secretary Kissinger walked out about 1515 ... 50 minutes later than expected. Pool moved along briskly, positioned self in American Embassy garden for interview. Shouted twice "Mr. President, Mr. President." After second shout, President Ford turned away from Kissinger to say: "We're running late. Please. I'm sorry." Pool boarded bus for motorcade to Finlandia hall, arriving about 1525.
