

**POOL REPORT - AIR FORCE ONE, WASHINGTON TO JACKSONVILLE  
NOVEMBER 2, 1975**

Wheels up at 9:40 a. m. Aboard: President and Mrs. Ford; Kissinger; Scowcroft; Hartmann; Marsh; Cheney; Sheila Weidenfeld. Guests: Representative Herbert Burke, d-Fla.; Senator and Mrs. Lawton Chiles, d-Fla.

Sheila said that Luther Coggin, host to Ford, is owner of a Pontiac dealership in the Jacksonville area.

Kissinger came back at 10:55 at pool's request. He confirmed reports that United States would provide nuclear reactors to Egypt under "the most exhaustive system of safeguards in existence in any country." He said the system specifically prohibits use of reactors to produce even a peaceful nuclear explosion. Said it had been discussed with the Israelis at every stage and that Israelis will be required to accept the same restrictions on reactors as Egypt.

Kissinger said that because of Ford's travel schedule, the Rabin visit to Washington "may slip into January." Had been kicked around in print as a mid-December visit.

He said if nuclear reactors go to Egypt they will come out of the aid package and there will be no additional expenditure for Egypt. Terms of deal have not yet been decided. It will not be a gift. Kissinger said the reactors would come out of the \$750-million concessionary loans to Egypt.

Asked about the agenda today, Kissinger said the second meeting may not begin until 5 p. m. instead of 4. It may be only the two Presidents alone. They will discuss today bilateral relationship, Middle East situation and Lebanon.

Asked what United States would do in Lebanon, he said, "there are limits to what we can do. The only people who can do anything easily are going to produce a war if they do, or at least a grave crisis." Nor can Egypt do much, he agreed.

The pool did not see Nessen. He was rumored to be aboard.
