

FOR IMMEDIATE RELEASE

Office of the White House Press Secretary

THE WHITE HOUSE

TO THE CONGRESS OF THE UNITED STATES:

In accordance with the Impoundment Control Act of 1974, I report revisions to two deferrals previously transmitted.

A deferral for the Department of Health, Education, and Welfare's overseas program of scientific activities has been increased by \$10.7 million. In compliance with a court order, another revenue sharing payment -- this one for \$18.7 million -- to the city of Chicago has been deferred by the Department of the Treasury.

The details of each revised deferral are contained in the attached reports.

GERALD R. FORD

THE WHITE HOUSE,
