Office of the White House Press Secretary

THE WHITE HOUSE

TO THE CONGRESS OF THE UNITED STATES:

In accordance with the Impoundment Control Act of 1974, I report two new deferrals. One of the deferrals in the Department of the Interior postpones obligation of \$688,430 for design of a Bureau of Mines research center. The other deferral sets aside \$500,000 to begin accruing an American Revolution Bicentennial Administration scholarship escrow fund.

The details of the deferrals are contained in the attached reports.
