DORADO BEACH HOTEL - SUNDAY MORNING - ADDENDUM 2 to POOL
REPORT #3

Chancellor Helmut Schmidt came to the Satellite Press Center and sat down for lunch with a group of German reporters. He appeared to be briefing and answering questions but non-German reporters were shooed away and could not hear what he was saying. For the record your pool reporters promptly went to White House Press Office here and demanded equal time from President Ford. At this writing there has been no response. A bit later L. W. Seidman and his assistant Roger Porter dropped by in their tennis togs. He confirmed that President Ford was holding a bi-lateral talk with Callaghan this morning and hold similar talks with other leaders.
