President arrived at 18th hole about 5:45. Took him about 4 hours to play the 18.

He parred the 18th (5 par)

Was in a good mood. Asked about his game....he said it was "terrific."

Later as he left the club house he was asked about his score. He laughed and said "good."

That was it for the day....should say the golf day.

Left him at home to get ready for another nite on the town
