P Ullman has asked for delay in the matter. K has
to what is your view.

K It would look weak, not excellent. It would give
them a chance to delay a congressional committee
prog. They would probably get a concession. In FP
you must look irreplaceable once you have
decided.

R I agree w/ that, but I don't think you should
be so specific in indicating willingness to pass
the road removal in Iran.

(Over agreement)

Wensch/Friedland - R hooks & a report leaders agree.
Ullman letter they think is response to present.

Wensch/Groffin agree. I think people are beginning to back off
opposition as they better understand a prog.

P Tej O'Neil is a one party a presence. I don't
think it would destroy any relations w/ Ullman
May Schubele thinks it won't.

P But if they ^{smart} ~~smart~~ they will put this one tax bill.
That would be tough, but that could hit each one
personally until about 1 April.
