to the President for National Security Affairs

DATE AND TIME: Wednesday, July 9, 1975

PLACE: The Oval Office

**BY dal NARA DATE 8/4/06**

Kissinger: I had Dobrynin in yesterday. He said if the harassing of the Soviet Union doesn't stop, the anti-U.S. forces in the Soviet Union will mount a major offensive against detente. He pointed out Schlesinger, the arrest of the spies....

President: We can and will take care of the FBI. I will talk to Schlesinger.

Kissinger: I think we have to have political things cleared through the NSC.

President: I agree. When is Schlesinger going to get that memo in?

Scowcroft: He just got back today.

Kissinger: Oil prices is another thing. We are moving along on the Iranian deal. If OPEC prices go up as estimated \$1 now and \$1 in January, we are in good shape.

President: How about the Saudis?

CLASSIFIED BY HENRY A. KISSINGER  
EXEMPT FROM GENERAL DECLASSIFICATION  
SCHEDULE OF EXECUTIVE ORDER 11652  
EXEMPTION CATEGORY 5 (b) (1, 3)  
AUTOMATICALLY DECLASSIFIED ON Imp. to Det.

Kissinger: If we get to that point with the Saudis, we are in good shape. That is a problem we should want to have. Whether we give them the same deal or a different one is irrelevant. Of ir they make a deal with Europe.

Ted Kennedy says he really doesn't want to run. I believe him.

President: So do I. I still think it will be Humphrey.

Kissinger: We are okay on this Chile thing. There is a document which shows that I turned off contact with the group which was tied to the kidnapping.

President: If Nixon testifies, what will he say?

Kissinger: He is not entirely rational. He called me at Caneel Bay. It was vintage Nixon. [He described the records on Chile.]

I would like to go over the Israeli thing. De Borchgrave says we would be better going for an overall agreement. This thing looks like it is developing into something for which we will pay an exorbitant price. I don't think we can agree to shifts in the line to put the passes in a bag.

I also don't think we can concur to do nothing for 3-4 years without their agreement.

On the four American points, they can't be checkpoints, but just warning posts, with simple radar.

We also can't promise we won't push them on Syria. Informally we can agree to what you and Rabin discussed. If it blow up, we should not be bitter but just move to an overall.

If Rabin will agree not to bend the lines west, there is a chance. But there is still a problem with the south. If they acted with some generosity toward Sadat, they would have a real chance. For the Egyptians to have a road, with the Israelis on the heights looking down on them.....

President: Make sure you tell them we will put our people into the warning station, so if we have to go public....

Kissinger: If it breaks down I would go on television and say it hasn't worked and we will go for an overall settlement. Don't describe it in detail then. I could the next day give a detailed briefing. Then four to six weeks later we can put out our plan.

I had Buckley and some conservative Congressmen in. There is some vicious briefing going on that we are getting soft on the Soviet Union.

I think we will have to give ground on cruise missiles and Backfire; they will have to give on verification.

I suggested to Dobrynin that you meet with Brezhnev twice at Helsinki, the first day and the last day. That is better than trying to drive to a conclusion in one meeting.

President: What about CSCE?

Kissinger: It is hung up on things that are out of our hands. The Finns are getting mad. It may have to be postponed until the end of August.

There was a demonstration in India against the USIS. The Indian police didn't intervene, and I want to make a stiff protest. Saxbe has been a great, tough Ambassador.

President: What about the Soviet wheat purchases?

Kissinger: They're buying some in Canada, but nothing we knew about here.

President: It's good. It's getting the farmers off my back.

Kissinger: We have gotten Venezuela to agree to our scheme for a consumer-producer conference. We are now in the driver's seat on the conference. The French are out of it and we have split OPEC by getting Iran, Venezuela, and Saudi Arabia on board.

We have a UN Special Session in August. We will have to make another speech and we will have the usual interagency fight.

On Colonel Morgan, Arafat has condemned the kidnapping. The Lebanese think there is a good chance to get him released. I think we should agree only that after his release, we agree to carry their letter on VOA.

S He just got <sup>get</sup> back today.

K Oil prices is another thing. We are moving

P How about Somalia?

R If we get to that point w/c Somalia, we in good  
shape. That is a problem we should want to  
have. Whether we give them a loan about

a deal w/ E. we.

Ted Kennedy says he really doesn't want to run  
behind him.

P So do I. I still think it will be a surprise.

R We OK on this Chile thing. There is a document

In principle we can agree to what you + Robin discussed  
If it blows up, we should not be better but just  
more to an overall

One of points, they can't be check points, but  
just warning posts, w/ simple radar.

If Robin will agree not to bend a limit west,  
there is a chance. But there still a part w/ a  
south. If they ~~to~~ acted w/ more generosity toward  
Solat, they would have a real chance. For the  
E to have a road w/ the I as the highlights looking  
down on them.

P. Make sure you tell them we will put some  
people into a warning station, so if we have  
to go further.

R. If it breaks down I would go on TV + say  
it hasn't worked + we will go for overall  
settlement. Don't ~~mention~~ describe it  
in detail there. I could a next day find

a detailed briefing. Then 4-6 weeks later we can put out our plan.

I had Buckley & some conservative Congressmen. There is some serious briefing going on that and are getting set on a S.U.

I think we will have to give ground on cruise missiles & backfire; they will have to give an indication.

I ~~was~~ suggested to Odey that you must w/ Big twice - 1<sup>st</sup> day & last day. That better than trying to have a conclusion in party.

P What about C.S.C.F.

K It is hung up on chip and game boards. The Finns are getting mad. It may have to be postponed til end of Aug.

There was a demon in India against A.R.S. Indian police didn't intervene & I want to make a stiff protest. Sakhe has been a guest, Tonya Arch.

P What about a San wheat purchase.

K Some in Canada, but nothing we know about here.

P It good. Getting farmers off <sup>my</sup> back.

K We have gotten Venezuela to agree to an scheme for E-P conf. We are now in direct contact on E conf. The French are out of it & we have split OPEC by getting Iran, Venezuela & S.A. on board.

We have a UN special session in Aug. We

will have to make another speech & we will  
have several interesting fights.

On Col Mayan, Arafat has endorsed  
kidnapping. Because think good chance to get  
him released. I think we should ~~not~~ agree  
only that after his release, we agree to  
carry their letters on VOA (?)
