Dear Mr President

I know that you are a very busy person and may never read my letter but I am writing for all the kids in our country.

Will you please let us all put up Christmas lights on our homes this year? Last year was very sad and didn't seem like Christmas.

I think we all need to be happy at Christmas time especially this year my dad says that our two strings of lights are only 50 watts so if we can I'll turn the garage light off each night even though the cat will have to be in the dark.

I don't want you to write me because you are too busy but if you say we can please tell us on Br TV just say, "yes Ralph you can put up Christmas lights on your home this year"

respectively,  
Ralph

ps Happy Thanksgiving to you
