

There is tape in the oval office. Its kept by the SS & only 4 SS men know about it.

This was put in about 2 1/2 years ago. — at the 18 month point. The President is very history oriented about the rule he is going to play, and is not subtle about it.

Higby came to me & said the President wants you to get together w/ the SS & have the Oval office, Cabinet Room & EOB set up for taping.
