History Will Prove Us Right

Inside the Warren Commission Report on the Assassination of John F. Kennedy

September 2014 marks the 50th anniversary of the release of the Warren Commission findings. Howard Willens, the only living member of the three-person supervisory staff of the Commission, sheds new light on the investigation of the Kennedy assassination.

Howard Willens

Attorney—Author—Historian

In this eye-opening new account about the Commission and its findings, Willens tells the true and complete story, perhaps for the first time, of every aspect of the investigation into one of the century's most harrowing events from a uniquely first-person perspective.
