MEMORANDUM FOR JOHN K. TABOR

FROM: L. WILLIAM SEIDMAN *lws*

SUBJECT: REVIEW OF THE INTERAGENCY EXPORT PROMOTION STUDY
BY THE PRESIDENT'S EXPORT COUNCIL

The Economic Policy Board Executive Committee has discussed the Interagency Report on U.S. Government Export Promotion Policies and Programs. The Committee agreed with the suggestion that review and comments by the President's Export Council would be helpful in determining the next steps to be taken. Accordingly, I would appreciate your sending copies of the draft report to the members of the President's Export Council for their review.

As you are aware, the EPB and CIEP have scheduled a series of policy reviews on international economic policy issues. One of the issues to be discussed at the May 3 session is export financing and export promotion. Although the time is extremely short, it would be helpful to have any early comments relayed back to CIEP staff (Sam Rosenblatt) by May 2, so they can be taken into account at that session. Otherwise, I understand that the President's Export Council has a meeting scheduled for May 6 and preliminary comments could be made at that meeting with additional comments later as necessary.

I do want to emphasize that the report is still in draft form and subject to considerable revision. We are, therefore, trying to minimize circulation of the report until the final content has been agreed to. We hope the members of the President's Export Council will treat the report accordingly.

Thank you for your assistance in getting the report circulated.

MEMORANDUM TO: HONORABLE L. WILLIAM SEIDMAN
THE WHITE HOUSE

SUBJECT: President's Export Council -- May 6 Meeting

Confirming our conversations this morning, the President's Export Council will not attempt to make any preliminary report to you on May 2 concerning the export promotion study; they will meet on May 6 and report to you the results of their deliberations at lunch, 12:30 p.m., in the Department of Commerce Secretary's Dining Room.

After you have received that report and explored it to your satisfaction, the members of the Council would value a short comment from you on the economic prospects for 1975 and 1976 as you see them.

I look forward to seeing you on May 6th.
