MEMORANDUM FOR: DICK CHENEY
VIA: JERRY JONES
FROM: RED CAVANEY
SUBJECT: THE PRESIDENT'S VISIT TO ILLINOIS
AND NORTH CAROLINA
March 11-13, 1976

Attached at TAB A is the Illinois portion of the Proposed Schedule for the President's visit to Illinois and North Carolina.

APPROVE _____ DISAPPROVE _____

The North Carolina portion will be submitted separately tomorrow.

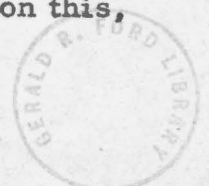

MRS. FORD

Our current guidance indicates that Mrs. Ford will arrive in Rockford at approximately 9:00 pm and proceed directly to the Residence where she will join the President

Although her schedule is not completed, it is our understanding that she will travel to Chicago independently of the President the latter part of Friday morning and undertake separate activities at Libertyville. As of this time, Mrs. Ford has not indicated whether she will return to Washington directly or spend some time in the Chicago suburbs with the President. If you have received any further guidance on this, please let me know.

GUESTS

As per our original plan with the Congressional Liaison Office, the remaining members of the Illinois Republican Delegation who did not

accompany the President on the first Illinois trip will be invited. We have been informed that Senator Percy will join the President in Chicago. The Illinois State PFC has requested that we not invite Rep. Phil Crane, however, if he should ask to be included it is recommended that we concur under the conditions that he not cause the Illinois PFC any problems.

BACKGROUND MATERIAL FROM FORMER CONGRESSMAN
DELLENBACK FOR CONSIDERATION PRIOR TO
THE PRESIDENT'S TRIP TO OREGON

I. Without any question, the most important issue is the economy.

1. Unemployment, most particularly. It is basically a forest oriented state and with housing difficulty, there is spotty, heavy unemployment.

2. Inflation

II. Forest Management

The State of Oregon's principal industry is related to forest products. The heaviest ownerships of forests are Forest Service and the Bureau of Land Management. Therefore, anything that the Federal government does is very important.

Issue of clearcutting. Hot issue in the forest products field.

Reforestation.

III. Retired People, Older American issues, medical costs for older Americans. Social security soundness. All of real concern and very important issue in Oregon.

IV. Power

Generation of power. People feel very strongly about alternatives to fossil power and nuclear power. Depending on when the President goes out there, on the primary ballot in May there is a moratorium of development of nuclear power. Very warm issue.

V. Gun Control

Typical western attitude, basically they are against gun control. High emotions for Federal licensing and Federal registration, they are very strongly against.

VI. 200-Mile Fishing Limit

People don't feel the Russians and Japanese should be permitted to fish there. Very real concern.
