PRESIDENT'S MESSAGE

SUE ROBERT

As I returned home from President's Council my one impractical wish was that I could immediately share with each of you (over a cup of coffee) individually, the information, inspiration, motivation and learning that went on in Chicago. Unfortunately, 239 cups of coffee would send me into a tail-spin and 239 hours are not readily available. Therefore, I will briefly outline the goals and objectives which were so beautifully executed and hope that by reaching the committee chairmen in the near future the learning that took place for me will filter through the committees.

PRESIDENTS' COUNCIL

GOAL: To plan and execute a meeting responsive to the needs of the Presidents of Area IV.

OBJECTIVES:

1. To discuss with the Presidents all points on the Association's business agenda.
2. To offer to the Presidents at least two opportunities for interaction and exchange with the Area Council.
3. To offer to the Presidents at least three workshops, discussions, and/or panels in their priority interest areas (as defined by Questionnaire at Annual Conference): Membership Motivation, Implementation of Career Development, Professional Members.
4. To offer the Presidents at least four opportunities for informal exchange with one another.
5. To offer the Presidents two resource sessions -- one in an AJL program area; one on the Presidency itself.

A special treat was an evening spent at the Chicago Headquarters where an elegant dinner was served and an exchange of ideas took place with the presidents of Leagues of a similiar size.

We have an Area Council of which we can be very proud and leaders of our Area IV who are truly inspirational. Thank you all for sending me and getting me off to an exciting start!!

BOARD OF DIRECTORS

On October 18th the Board of Directors will have the opportunity to meet with the Boards from all 7 Michigan Leagues in the first joint Michigan Board Meeting to be held in Lansing.

GOAL: To share information and concerns

OBJECTIVE: To educate, stimulate and create rapport among the 7 Michigan Leagues

It is hoped that each Board member will bring with her the objectives and plans of action for her committee for the coming year plus ideas and concerns. We will be breaking up in groups within a 3 block area according to committees. We will also have the opportunity to meet with both the Area Director, Caroline Davis, and the representative of Area IV's Professional Task Force, Bonnie Schulwitz, from Saginaw. Details will be sent to Board members.

SPECIAL THANKS!

A special thank you goes to the Advisory Planning Committee of '75-'76 which was chaired by Sandy Anderson, for the detailed statistical study they did last year on membership. Their insight helped tremendously for the AJL membership classification study which was needed for Presidents' Council. Without their futuristic outlook I would have been at a loss for information requested from the Association.

Hats off to our picnic chairmen, Joanne Coretti and Sue Lee, for organizing a Sunday of family fun, and to Jan Lippert and her husband, Chuck, for adding frolic to the fun with family games that sent us all into peals of laughter, and made a few of us realize that 40 is not far off!

To Kathy Heitmann thank you for a beautiful organizational job with the new Yearbook! Anyone interested in serving on the Yearbook Committee for '76-'77, please contact Sirri Sawyer.

ADVISORY PLANNING -

The Executive Committee is pleased to announce the appointment of Betsy Mathiesen as new chairman of Advisory Planning. Welcome to the Board, Betsy!

PROFESSIONAL LIAISON -

Pat Reis has graciously volunteered to represent the interests of the Professionals by attending membership meetings and evening meetings, thus providing the necessary link between the two groups. Thank you, Pat.

COOKING TIPS NEEDED

We need your cooking tips and helpful hints to fill spaces in the cookbook. Everyone has a special shortcut or super tip for making things go easier in the kitchen! Here is one for you.

Use fishline when cutting cheesecake.
Using two hands, pull the fishline down through the cheesecake. Let one end go and pull the fishline out, not back up.
Slick? Perfect slices and no messy knife.

Now, what are your hints?

Call Mary Frances Myers, 454-5185 or write them down and send to 443 Cambridge Blvd., S.E.

SUSIE ANDREWS

Page 37 Bluebook - Section 5 Vacancies

"Vacancies among officers may be filled by a majority vote of the Board of Directors from a slate submitted by the Nominating Committee. The Executive Committee shall have the power to fill vacancies in the Board.

The Nominating Committee is excited to announce that Sandy Anderson will become our new 2nd Vice-President for this year '76-'77 and will replace Presh Oldt who is not able to continue in that Executive Board position. Sandy is very qualified to lead our League's Project Evaluation Committee with her background in Community Research and Advisory Planning. Our second happy announcement is that Sue Vahey will become our Recording Secretary to replace Sandy Sanderson. Sue will be a great addition to the Executive Board having previously served as Admissions Chairman and Corresponding Secretary. Leadership can be a rewarding experience, and we feel lucky to have found two special people who can contribute so much!

Now your Nominating Committee is searching for other qualified people. Please be thinking of prospective candidates to suggest for the Executive Board for '77-'78 and also for Area Council and Area Director. You will have a chance to write these names down and hand them in at our October membership meeting. Your ideas are important to us, so please call us anytime.

AREA IV NOMINATING

It is with deepest regret that I inform you that Marie Neil has resigned as Area IV representative to the Public Issues Committee due to an unforeseen job opportunity. The Area Nominating Committee has selected her replacement to serve a 2 year term. She is Mrs. Kile Johnson (Virginia-"Cuz") of Lincoln, Nebraska. "Cuz" is highly qualified. For anyone interested, her resume is available in the League office. We join the Area Nominating Committee in welcoming her to the Public Issues Committee.

PROJECT EVALUATION COMMITTEE

PRESH OLDT

The Project Evaluation Committee has been meeting to define its roles and the process Projects Requests will follow. In doing so, we have learned that definition is necessary, but flexibility is even more important. We offer the following information as a structure for this year to be evaluated at the end of the year.

When you wish the League to consider any type of project, contact the Project Evaluation Committee chairperson and she will send you a Project Request Form to be completed and returned to her. All requests should have a response within a three month period, so please plan accordingly.

I have attempted to put in "flow chart form" the process Requests will follow. If it doesn't make sense, call me!

Whenever possible, the Project Evaluation Committee will make Request presentations to the Board and Membership via a previous mailing.

The Career Education Program Request did pass so if you are interested in being a facilitator, contact Julie McInerney, 942-0092.

Also, an Alcohol Planning Committee has been formed to plan a symposium on women and alcohol and to write a proposal to submit to Community Research. If you are interested in working with this group, please call the chairperson, Mary Welch, 949-1354.

Because of other commitments, I find it necessary to resign from my position as second vice-president. It is with mixed feelings that I submit my resignation, but it is with sincere appreciation that I thank you for the opportunity to serve a short term.

PUBLIC AFFAIRS

MARY JANE LOWERY

HELP! We need your help! Please read the information that you received by special mailing this week! We feel strongly that the League should support Proposal A on the November ballot. Because of the time factor, it will be necessary to vote on the public stand at the October membership meeting. Please come prepared to vote!! If you have any questions or did not receive the special mailing, call Mary Jane Lowery, 676-9500.

REMINDER: Carole Living will be here to conduct the Legislative Workshop on October 19 at 7:30 at the East Grand Rapids City Commission Room. She will be giving an overview of the legislative process in addition to sharing some of her experiences. Carole, who is Senator Byker's legislative assistant, was instrumental in getting the new rape legislation passed a year ago. She worked with the Women's Task Force on Rape when they needed someone to help them introduce a bill changing the criminal sexual code. You'll find the process fascinating from the beginning with the writing of the bill, to the lobbying that was done statewide and finally to the last minute passage of the legislation.

The workshop will be useful for anyone and will not be a complex study into the workings of government. We hope you'll come and learn along with us.

COMMUNITY PROJECT COMMITTEE HAPPENINGS

CAREER EDUCATION

JULIE MCINERNEY

Our areas of concern this year are twofold:

1. to educate the Career Education Committee about Career Education as an integrated approach to Education; and
2. to develop a project in Career Education by June, 1976.

The Career Education proposal was passed by the membership on September 14. The proposal's description is that 25 selected school principals will plan and implement a building level Career Education project with a specific member of the Chamber of Commerce. A third member of each project will be a Junior League representative acting as a facilitator to coordinate the school/business Career Education project.

The Goals are:

1. to acquire an awareness and understanding of the Career Education concept;
2. to develop and implement a building level Career Education project;
3. to acquire an appreciation of each other's role in society.

This project will run from October, 1976 to May, 1977 and will involve 10 to 15 hours of the Junior League volunteer's time. If you are interested in this area, it is a good chance to get your "feet wet" in Career Education. The Junior League is getting into Career Education on the ground level. Remember - this project will be considered placement.

JUNIOR LEAGUE OF GRAND RAPIDS, INC.

Membership Meeting Minutes

Date: September 14, 1976
Time: 12:30 P.M.
Place: Women's City Club

Sue called the meeting to order at 1:45 P.M. and thanked Margo Osterink, Betsy Mathiesen, and Ann Eward for their special arrangements for today.

There being no objections, the order of the day was changed, allowing Project Evaluating to be first on the agenda.

Project Evaluating Committee

Presh Oldt presented the Career Education proposal moving that the Junior League should provide individuals to serve as facilitators to co-ordinate each individual school/business Career Education project as defined in Career Education Proposal.

Julie McInerney, Chairman of the Career Education Interest Area responded to the questions put forth by members. Julie explained that this would involve all immediate school districts and if Christian Schools were represented on the S.E.P.E.D. Council they then would also be represented. Julie also explained that this is a pilot program which if successful would then be expanded into other schools with the possibility of producing paid employment opportunities. The motion was seconded and voted on by ballot. The membership approved the proposal with 116 in favor, 5 against. (Night Active count included.)

Women In The Arts

Presh announced the Board's approval of this Conference and the contribution of \$200 toward it.

Criminal Justice Steering Committee Report

Presh reported that the Committee voted to give \$2,000 to the One Way Half Way House, \$2,000 to the Ex-Offender's Center; the remainder of the funds will be used for public education programs, administered by the Citizens' Committee for Criminal Justice.

Sue introduced and welcomed visiting persons and new League transfers to Grand Rapids. Margaret Pyle then gave a brief background of each new resident.

Sue expressed a special thank you to Kathy Heitmann for her job she did with the Yearbook this summer. Sue also thanked Presh Oldt and Pat Remien for their beautiful job of Board Training and Sharon Vonk and Sandy Anderson for attending the V.I.M. Conference.

Corrections for June Minutes -

Linda Lindsay corrected the Criminal Justice Steering Committee number of members as being 12 community representatives instead of 5 as stated. The June minutes were corrected and filed.

The following announcements were made:

1. Picnic - will be held at Townsend Park
2. Career Development - Judy Spindle announced that 2 courses will be offered this fall both day and evening. Twenty people are needed to make it possible.

(OVER)

3. Joint Board Meeting - to be held October 18th in Lansing with other Michigan Leagues.

Hope to see you there!

Welcome back! For many it has been a fun and relaxing summer which has passed all too swiftly; a diversion from the volunteer hours given so unselfishly throughout the year. It has been a time to enjoy family and friends in a less scheduled atmosphere - though I'm convinced we never totally escape that scheduling. Some League members have mixed summer fun with continued League participation throughout June, July and August and we are grateful for their continued efforts. Kathy Heitmann has worked diligently to put out our new Yearbook. The Cookbook Committee has gorged ahead, striving to reach its October deadline. Public Affairs has continued to work with the community on issues of concern to our League, and the Hospitality and Education Committees, to name only a few, have been busy planning for the fall, keeping in mind the League's internal appraisal showing priority interests and desired training opportunities. We hope throughout the year to use our community and League surveys to act as our guide in accepting new projects, planning meetings and training sessions, and working with the community. I know we are going to have a very productive year! A year taken out to evaluate and appraise can only send us forward. As we begin our new year together we might keep in mind Emerson's famous quote, "It is one of the most beautiful compensations of life that no man can sincerely try to help another without helping himself."

United Way Planning Council's Forum Sub Group on Services to Families, Children and Individuals is planning to study our community survey in more detail with a few members of the Junior League and a representative from Sherrin Associates. Representatives from the sub group felt the survey was important and that its recommendations should be brought to the attention of the appropriate groups in the community to assure implementation.

CONFERENCES

Volunteers in Michigan (VIM) are offering a two day workshop at Adrian College. The main thrust of the conference will be "to develop a higher degree of collaboration and cooperation between various volunteer entities in order to achieve a better utilization of volunteers and volunteer services within the state." Overall leaders of the two day conference are Dr. Ronald Lippett, President of Human Resource Development Associates of Ann Arbor, and Dr. Eva Schindler-Rainman, Organizational Consultant of Los Angeles, California. Both are nationally and internationally recognized professionals in the area of volunteerism. Dr. Lippett ran a workshop for the League several years ago. The Executive Committee voted to send a team of League members to participate in this conference.

The National Alliance Concerned with School-Age Parents is sponsoring a conference "Parents Too Soon: Choices and Costs" at the Statler Hilton Hotel, Dallas, Texas, November 7-10, 1976. Anyone interested in receiving more information on this conference, please contact me. Brochures are available for those interested.

The Sixth National Forum on Volunteers in Criminal Justice will be held October 17-20, 1976 at the Sheraton-Biltmore Hotel, Atlanta, Georgia. Again, please contact me if you wish more information on this

AREA IV

The AJL Board of Directors accepted into the Association the new Junior League of Springfield, Missouri on June 24, 1976 as the 231st Junior League. We welcome Springfield as the 40th League.

The Area IV Team at your service

Get in the game - for the fun of it!

"COME JOIN THE GAME: SIGN UP NOW - FOR THE FUN OF IT!"

This "Area IV Team at your service" is a reminder that only Area IV's forty Junior Leagues and their Nominating Committees can put these 14 "balls" into play! These special balls represent the 13 (plus one more Area Council member beginning in 1977-78 = 14) Association positions in service to the Area IV Junior Leagues and to the Association itself.

These Association positions are:

Area Director	(AD)	Area Nominating Committee Chairman	
Director-at-Large	(DAL)	Area Council (AC)	(ANCC)
Area Council Chairman	(ACC)	Area Nominating Committee	(ANC)

In the odd-numbered years, Area IV Leagues elect an Area Director and eight Area Council members. In the even-numbered years, we elect the Director-at-Large, three Area Nominating Committee members and eight Area Council members. A new Area Council is elected each year, and the Area Council Chairman is elected from past Area Council members each year also.

As we proceed to the election this year of an Area Director and eight Area Council members, every member of the Junior League in Area IV can help provide another outstanding Area IV Team by suggesting names for these positions to her Junior League Nominating Committee... or by saying "yes" to the committee if it calls to ask her to stand for a position!

Remember that we can have no "team members" if your Leagues do not have them --- and recognize them --- train them --- inspire them --- nominate them --- and find special pride in doing so! Send us your best so that our Area IV Team will remain the best!

Cost is \$10 which includes dinner. The conference will focus on the needs of singles, widows, and divorcees. Growth and development possibilities for persons living alone either by choice or by circumstance will also be emphasized through panels and discussions."

Paid managers of volunteers, both male and female, and volunteers experienced in managing their peers (in women's groups, hospital guilds, church organizations, PTA's, Scout councils, and political parties) are invited. The conference will emphasize the latest volunteer management techniques--X-Y managers; sex stereotyping (GAFS and GAMS); assertiveness skills; evaluation techniques (Noah and Mini-Max); power and its uses; and the Magic Circle."

"The third conference, WOMEN IN THE ARTS, to be held at St. Cecilia Music Society on Wednesday, October 27, from 9 A.M. to 4 P.M. will feature Gwen Frostic as key-note speaker. The purpose of this conference is to identify and spotlight those women who create, manage, produce, and volunteer their time in the arts--music, painting, drama, and dance. HAPPENINGS

MARGARET PYLE

Happenings deadline is Tuesday, September 28th. Typewritten, single-spaced copy only! Send to Margaret Pyle.

Happenings assembly date is Wednesday, October 6th.

PUBLIC AFFAIRS

MARY JANE LOWERY

Our areas of concern this year will include a follow-up study resulting from the public stand taken in June, 1976. We hope to become familiar with community agencies and services and study changes that will have to be made if legislation is passed removing status offenders from the Juvenile Court.

On August 26 we participated in a combined effort on the part of Grand Rapids women to show support for the Equal Rights Amendment. The meeting was held at the Union High Auditorium and featured speakers were Ruth McNamee and Dorothy Haener, who co-chair Michigan-ERAmerica. Seventeen organizations participated in an effort to show a wide range of support.

We also are supporting a nationwide effort to improve voter turnout. The city of Grand Rapids has entered a contest, "Alameda Vote '76/ to improve voter registration and turn-out. If you know any residents of Grand Rapids who are not registered, they may do so at any city school or library during the day or in the evening. October 2 is the deadline for registering for this fall's general election. There also will be a big push to get people to the polls November 2. It is hoped that we all will become more aware of voter participation even though the city will be working to win the contest.

Both of these activities were acted upon at a special board meeting on August 13. It was felt that the issues were relevant; the first, because of a past public stand supporting ERA, and the second, because of our concern for improved participation in government.

The first Public Affairs meeting will be September 21 at 7:30 P.M. at Mary Jane Lowery's house, 6299 Scotthille, S.E.

On October 19, 7:30 P.M., Public Affairs will offer a Legislative Workshop at the East Grand Rapids City Commission Room. Carole Living, a legislative assistant from Lansing, will conduct the workshop which will explain how an idea becomes a law, an overview of the process.

THE CHILDREN'S WORKSHOP

MARGARET PYLE

It's September and the CHILDREN'S WORKSHOP has returned! We are at the old location -- Trinity Lutheran Church -- but with a new schedule and new equipment. The WORKSHOP will be open on Tuesday and Thursday mornings -- 9:00-11:30 A.M. and on Tuesday afternoons -- 12:30-3:00 P.M. We will welcome (with open arms, of course) all children between the ages of 1 and 6. Our fee remains the same for those mothers who will volunteer to work at the WORKSHOP (about 3 times a year). The fee is \$2.50 for the first child (\$2.00 for the second child of a family). For non-Volunteers, the fee will be \$2.75 for the first child, \$2.50 for the second.

We feel the Volunteer aspect of our program is important. You will have the opportunity to observe your child in a group situation, thereby gaining a better understanding of your own child and of children in general. Also, it gives you the opportunity to observe the operations of the WORKSHOP.

For reservations and/or cancellations, please call Jan Kirchgessner (243-4348) by 12:00 noon of the day before the session you wish your child to attend. It is as necessary that we have your cancellation as well as your reservation since we must hire Aides in order to maintain the proper adult/child ratio.

We are looking forward to another successful (and fun) year!

CRIMINAL JUSTICE STEERING COMMITTEE - 50th ANNIVERSARY GIFT

PRESH OLDT

As stated in the last report, the Criminal Justice Steering Committee chose public education as its focus area. At a meeting July 7th the Committee voted to give \$2,000 to the One Way Half Way House, \$2,000 to the Ex-Offenders' Center; the remainder of the funds will be used for public education programs, administered by the Citizens' Committee for Criminal Justice.

The One Way Half Way House is a resident home program, sponsored by the Sunshine Baptist Church, to aid in the rehabilitation of female offenders from the Detroit House of Corrections. The residents are screened and released to the program prior to parole. Employment is secured and/or an educational program is set up for each resident. Community volunteer groups assist in meeting some of the women's needs. In the 3½ years the program has been operating, 35 women have successfully completed the program.

The Ex-Offenders' Center provides after-care and direct human services to both men and women who have been incarcerated. These services include housing, clothing, meals, transportation, employment preparation, and counseling. A portion of the \$2,000 will be used to educate Kent County residents in the State prisons system about the programs offered by the Center.

CRIMINAL JUSTICE STEERING COMMITTEE - 50th ANNIVERSARY GIFT (Con't.)
FRESH OLDT

The public education programs will focus on the four following areas: 1. Slide Presentations--Three separate cassett-cartridge slide presentations covering the Kent County judicial, corrections, and juvenile areas will be professionally prepared and presented by volunteers and professionals to community groups and schools. 2. The Woman Offender--Seminars open to the public will be held to discuss the particular needs of the female offender. One of the goals of this program is to develop a task force to concern itself with the particular problems and needs of the female-offender of any age. 3. Law Enforcement and the Community--This program will be planned with the goal of improving police-community relations. A person of national repute will be asked to give a keynote address and workshops will be held. 4. The Victim of Crime--This program will examine the plight of the victim, the need for recompense, and ideas for victim-oriented programs.

The public education funds will be held in a Junior League account and allocated to the CCCJ in accord with a prepared budget as each program is begun. The Steering Committee will remain in existence subject to call, but an Oversight Committee of Dennis Kolenda, Fresh Oldt, and Laura Arvold (pending acceptance) will respond to requests and receive reports regarding the public education programs.

A happy 50th to each of you, to the Junior League organization, and to the community. Thank you.

Community Board Council

Please turn in your spring reports if you have not already done so, using the form duplicated for you in the April Happenings, or found on page 5 of your "Guide for Junior League Representation on Community Boards". This is your last chance to share with the League through Happenings information about your board. Education is an important facet of League training.

*Yearbook (Bluebook) - Kathy Heitmann needs an assistant chairwoman for the Yearbook. This would mean helping to collect reports from committees and proof reading through July. Anyone interested, please call Sue Robert at 454-5714.

SECOND VICE-PRESIDENT

Barb McGuirl

The Project Evaluating Committee consisting of the 1st and 2nd Vice-Presidents, Placement Chairman, Community Research Chairman and the Chairman of Public Affairs, was created this year for the purpose of evaluating present and potential projects involving funding and/or volunteers.

Our goals were:

1. To evaluate all present League activities (projects, board positions, programs, interest groups) to determine their validity within the League and the community.
2. To appraise potential League activities (projects, board positions, programs, interest groups) and to make appropriate assignments.

Our objective was:

To determine the continuation or termination of all present League projects by January, 1976.

This was done using the AJL Project Standards of Excellence as a resource. Project Chairmen were asked to complete a report on each project based upon Project Standards of Excellence. The committee then evaluated each project using the management process. The final recommendations are:

1. Child Guidance Well Child Clinic be terminated in the Spring of 1976. This has been done and an interview completed with the agency.
2. SCAN - League placement would continue for one year as parent aids and in the speakers bureau.
3. Zoo - League placement will continue for two years.
4. VPO Juvenile Court - League placement will continue for one year and then be terminated.
5. Voigt House - League placement will continue for one year and be terminated in June, 1977.
6. Women's Resource Center - League placement would continue for one year.

The files containing the information on each project are available through the committee and we are most willing to answer any questions. The committee is now in the process of completing an evaluation of the Interest Areas with future recommendations, and following this Project Evaluation will complete a guide to the formation, purpose and responsibilities of an Interest Area.

In January, our committee having at that time reached seven strong, lauded forth on one of our assignments from the Board. Being: To determine 3 unmet needs of League members functioning within the organization by November 1, 1975. Two members on our committee, Sue Vahey and Marcia Oetting, were concerned with our seemingly high number of resignations within the three classifications of membership during last year, 1974-75. Marcia, who had the responsibility of extending invitations to past members of the League for the 50th celebration, had out of curiosity compiled a list of members who had resigned from the League and in doing this had noticed an increase since 1970. Marcia's husband, Roger, computed the figures for this list which was then given to Sue for future reference. Sue, who was our Corresponding Secretary at that time, then over the summer made a permanent file box of this information. So using the problem: concern with high number of resignations within the three classifications of membership of the G.R.J.L. for 1974-75-- we had a vehicle in which to begin our pursuit of research for unmet needs. We first assessed externally with other Leagues in Area IV,

ADVISORY PLANNING (Continued)

which included all classifications of membership; Provisional, Active, Sustainer, Active Non-resident, and Sustainer Non-resident. It was a comparison of total membership and total number of resignations. Next, we started on our internal assessment of the following:

- Charting the number of resignations in the three classifications of membership for the past 7 years.
- Charting the number of resignations as of January, 1976, of the members for each provisional class for the past six years.
- Charting the turn-over of active membership for 1974-75.
- Charting our future sustainers duration of active membership for 1976-1980. (Granted, this was not relevant to our research, but we had the facts and being curious they too were charted.)

We continued forth with our internal assessment with the exchange of ideas and information of other committees directly related to the 3 classifications of membership which we needed for insight and direction. We have also received information from other Leagues and are awaiting the arrival of more. We presently are "knee deep" in our internal assessment but with the enthusiasm and commitment of our members Sue Lee, Sue Garlick, Marcia Oetting, Sue Vahey, Genie Lyman, and Betsy Mathiesen we are not daunted and that's just a reinforcement of the dedicated volunteers we have in our League. So "in a nut shell" we are continuing forth with our committee's number 3 goal. To objectively evaluate facts of past and present so that future recommendations are made on a total view from which valid conclusions may be based.

AMP (Management)

Betsy Borre, Marj Roegge

The evaluation of our year's involvement in training the League in the use of the Management Procedure has revealed several things we would like to share with you. 155 of you voluntarily attended the 12 training sessions we conducted. We assisted committee chairpersons, project chairpersons, Board members, and interest groups. We have found a desire of many of you for more training. Those of you who are using the procedure either in or out of the League are extremely enthusiastic. It was this kind of enthusiasm and encouragement which prodded us to work on the Management Procedure Handbook. It is finished and available now through the new Management trainers, Barb McGuirl and Ann Tasker. The payoff is the use of the procedure. Next year should reveal the extent of this. Using management procedure changes the question of "what should I do?" to "what is the purpose of our action?"

The Admissions Committee is also selected by a vote of the entire membership. This selection as outlined in the By-Laws is made from a slate prepared by the Nominating Committee. There are three women presented in each of three age groups and one sustainer. The sustainer this year must be a recent (5 years) member of the League. This is a two year commitment and those continuing their term of office next year are: Marilyn Crawford - Harriet Engbers - Chris Goodrich - Marthene Wanty (S).

The chairperson for next year will be Susie Sebastian.

The names being proposed for your vote at the May meeting are as follows:

You will vote for only one person from each age group.

PLACEMENT

Darcy Krause

Last year, after all of you chose your placements, several in-League committees were understaffed. Community Research, Advisory Planning, Happenings, Hospitality, and the Education Committee were trying to manage without enough people, any committee's most important resource. Therefore, we (Placement), had a big problem. Since it is our job to staff all committees, and projects, we had to make several telephone calls trying to urge members to extend their League commitment. At the November Phone Checks we offered several in-League committees as opportunities and the response was satisfactory. Bargain Bonanza was completed, leaving some people with more time for in-League committees.

This year, in an attempt to re-educate and re-new interest in-League, our focus at the May meeting will be on in-League committees. The Audio-Visual Committee (working with Placement) has prepared a slide presentation of in-League committees. Time (in terms of presentation and planning) does not permit us to present Interest Areas and Community Projects in any way other than visual (posters, brochure, etc.) at the May meeting.

Does this mean we think community projects and Interest Areas aren't important? Certainly not. We simply decided it was only fair to allow in-League committees a share of "prime time", (Membership meetings).

PLACEMENT (Continued)

Darcy Krause

All project Chairwomen and Interest Area Chairwomen, have talked to Placement Advisors (old and new) about the community placements offered this year. Your Placement Advisor will be happy to share this information with you.

The Placement Brochure pages for the Blue Book will be ready for the May meeting. All projects, Interest Areas, and in-League Committees are included with a description of the committee, time commitment, skills acquired, and cost factor. Please read this material before your May interview. Then, your Placement Advisor can add to your information at your interview.

The brochure will be given at the May meeting with your Advisor's name on the envelope. Your Advisor will be your "hostess" at the meeting - sitting with you at the luncheon tables. That is a great time to schedule an interview with her. May interviews will be held from May 12 to May 25. We are looking forward to meeting you in May!

If you cannot attend the meeting, your brochure will be sent to you - then you must schedule an interview with your Placement Advisor.

PUBLIC RELATIONS

Margie Oosting

The Public Relations Committee will be hosting a luncheon honoring our "almost" new sustainers on Wednesday, May 12th.

The Public Relations Committee moves that the Grand Rapids Junior League support the Bicentennial Sesquicentennial project by purchasing for \$300.00 a granite block for the year 1925 which will be one of the 200 blocks used to form the Bicentennial logo in permanent form in the proposed West Riverbank Park. We will be voting on this motion at the May membership meeting. This has been presented to and passed by the Finance Committee and the Board.

INTEREST AREAS

AFFIRMATIVE ACTION

Betsy Borre

Background - Affirmative Action is directed at equal employment opportunity. Why, then, should the Junior League be concerned about Affirmative Action?

The United Way was instructed to file an Affirmative Action Plan with the U.S. Civil Service Commission no later than September 30, 1974.

The United Way has further strongly urged all Co-ordinated members to comply with the Spirit of Affirmative Action."

The Junior League as a co-ordinate member of United Way, has established an interest group to study Affirmative Action. The 1975 Board of Directors has set an objective to accept an Affirmative Action statement from the interest group.

Board Objective - 1975-1976 - The membership will accept an Affirmative Action statement by June, 1976.

Statement (Members will vote on this statement at the May meeting.)

"The ultimate goal of an Affirmative Action program would be to make the Junior League of Grand Rapids a community based organization."

(Note: The objectives of an Affirmative Action program would be formulated by the Affirmative Action Committee.)

MOTHER'S DAY

by

Gertrude P. Kagan

For me, Mother's Day started with that first peek through the nursery window...and the urge to proclaim to the world: "This child is mine." Quickly thereafter, came the realization that motherhood is a challenge ... a challenge that both excites and terrifies...

Since that day, I've come to know the many "faces of motherhood: ...cuddling a small warm being in your arms...coping with sleepless nights and work-filled days...helping a toddler find his "sea legs"...taking the plops, plunks and bumps with him...preparing a "bed" for a new goldfish

...learning again to listen to the whispering wind...accepting a gift from your toddler--a half-blown-dandelion--a shiny pebble ...answering unanswerable questions--"if God hears me, why can't I hear Him?"

...failing occasionally to listen carefully to your child... loving without suffocating...feeling utterly helpless when your child is ill. Wishing secretly that it were you instead

...living in a world of cookie crumbs, ribbons of spilled milk, blobs of jello...showing consideration to a stuffed bear and commending him for his good behavior. Praying he'll come through the washing machine unharmed. Suturing his split sides dexterously

...rehearsing your child's lines for the kindergarten play with him. Suffering agonies of stage fright...attempting to shield your child from the hurts of others...trying to instill in each child honesty, loyalty and courage--by the example you set yourself

...watching your child grow and cherishing each "stage"...sharing joys as well as trials and mistakes...taking pride in your child's accomplishments. Weeping inwardly at his disappointments...hoping, wishing, praying that your child will be able to bear the responsibilities of later life

...knowing that motherhood is very special---not just for a day, a month or a year...but always.

P.S. and Fatherhood too!!

JUNIOR LEAGUE OF GRAND RAPIDS, INC.
Membership Meeting Minutes

Date: Tuesday, April 20, 1976
Time: 12:30 P.M.
Place: Women's City Club

The meeting was called to order by Gretchen Chamberlain at 1:50 P.M. The March membership meeting minutes were accepted as printed in Happenings, and filed as printed. The finance report was approved as stated in Happenings.

Community Research will be having a reception at the Press Club on Tuesday, May 11, 1976 from 4:30 to 6:00 P.M. for the community members who have helped with the community survey. An invitation was extended to League members and their husbands and possibly other community people who have helped the League to attend. Call Gretchen or Margie Oosting.

Kathy Muir invited the membership to submit names for the Admissions Committee ballot. The final ballots for the Nominating Committee were distributed.

Kate McGarry, Public Affairs Chairman, who was responsible for today's meeting gave us some background on the Public Affairs Committee.

Public Affairs has as one of its goals this year the League's education of issues related to juvenile justice. Since September they have been listening to experts in the fields of juvenile justice and the delivery of services to children, attending hearings on specific pieces of related legislation and specifically discussing and researching various aspects of HB 4704, better known as the Jondahl Bill, the revision of Michigan's juvenile code.

Background information for the League on the code's revision have been printed in Happenings. The areas they have included concern age, uses of detention, basic rights, juvenile court personnel, expungment of juvenile records, and status offenses. It is in the area of removal of status offenses where the greatest controversy has occurred.

Kate introduced Dr. Robert Culbertson, Professor in Criminal Justice at Grand Valley State Colleges, our speaker following the film, "Children in Trouble". Both the film and our speaker addressed the problems of the status offender in our juvenile system.

Gretchen thanked Dr. Culbertson for speaking and for the support he has given the Public Affairs Committee.

Kathy Muir thanked the members who had allowed their names to be submitted on the Nominating Committee ballot and announced the names of members who had the honor of being elected. Those elected were: Ann Debes, Murry Idema, Susan Allaben, and Marge Byington.

Susan Allaben announced Assertion training beginning Thursday, April 29 from 1:00-3:00 P.M. at Marianne Delavan's home.

Kate McGarry announced that Public Affairs will be taking a stand on HB4704 at the June meeting.

The meeting was adjourned at 3:10 P.M.

Respectfully submitted,

Gretchen Chamberlain

Erma Bombeck says it so well...voluntarism is here to stay! The following article is reprinted from her syndicated column:

Volunteers set sail saying, "Goodby creamed chicken!"

"I had a dream the other night that every volunteer in this country, disillusioned with the lack of compassion, had set sail for another country.

As I stood smiling on the pier, I shouted, "Goodby, creamed chicken. Goodby, phone committees. So long, Disease-of-the Month. No more saving old egg cartons. No more getting out the vote. Au revoir, playground duty, bake sales and three-hour meetings."

As the boat got smaller and they could no longer hear my shouts, I reflected, "Serves them right. A bunch of yes people. All they had to do was to put their tongue firmly against the roof of their mouth and make an O sound. Nnnnnnooooooooo. Nnnnnnnnnnnnoooooooooooooo. Nnnnnnn-ooooo. Nnoo. No! No! It would certainly have spared them a lot of grief. Oh well, who needs them!"

2079 UNCLAS

The hospital was quiet as I passed it. Rooms were void of books, flowers and voices. The children's wing held no clowns...no laughter. The reception desk was vacant.

The Home for the Aged was like a tomb. The blind listened for a voice that never came. The infirm were imprisoned by wheels on a chair that would never reach the mouths of the hungry.

All the social agencies had closed their doors, unable to implement their programs of scouting, recreation, drug control, Big Sisters, Big Brothers, YW, YM, the retarded, the crippled, the lonely and the abandoned.

The health agencies had a sign in the window. "Cures for cancer, muscular dystrophy, birth defects, multiple sclerosis, emphysema, sickle cell anemia, kidney disorders, heart diseases, etc. have been cancelled due to lack of interest."

The schools were strangely quiet with no field trip, no volunteer aids on the playground or in the classrooms...as were the colleges where scholarships and financial support were no more.

The flowers on church altars withered and died. Children in day nurseries lifted their arms but there was no one to hold them in love. Alcoholics cried out in despair, but no one answered and the poor had no recourse for health care or legal aid.

But the saddest part of the journey was the symphony hall, which was dark and would remain that way. So were the museums, that had been built and stocked by volunteers with the art treasures of our times.

I fought in my sleep to regain a glimpse of the ship of volunteers just one more time. It was to be my last glimpse of civilization...as we were meant to be.

COMMUNITY BOARD NEWS

Amy Vogt has graciously accepted the board position for the Kent County Council for Historic Preservation.

The Bridge for Runaways

Barbara Smith

As of October 1975, The Bridge received a grant of \$103,706.00 for operating expenses to carry us to October 1, 1976. This grant comes through the Runaway Coalition. The Coalition is a liaison agent between the runaway houses of the state and the Michigan Department of Social Services. The money comes to the D.S.S. under the provisions of Title XX of the Social Security Act. This law replaces, in part, the L.E.A.A. grants in this field and centers on the welfare of children.

During January 1976, the average census at The Bridge was 8.52 kids, average length of stay was 5.77 days; the majority of the kids are white females 15 or 16 years old. Two-thirds of the teen-agers were reconciled with their families. During the month the staff had 54 phone contacts and 7 drop-in visitors. The physical appearance of The Bridge (221 John St., N.E.) constantly improves but with no funds for maintenance or capital improvements, it's a long slow process. The Kendall School of Design worked up some fabulous interior design schemes; we have scrounged paint and some carpeting to help carry out these plans but we always need help in these areas.

The Women's Services Sub-Group of United Way

Sue Robert

The recently formed Women's Services Sub Group has set three objectives:

1. Develop a communications network

It is anticipated that members of the Sub-Group would assist the Women's Resource Center in the creation of a comprehensive mailing list of local women's organizations. The Sub-Group too would be responsible for dissemination of information dealing with women's services and programs, through minutes of the Sub-Group meetings and the United Way Monthly Memorandum. Completion set for July 1.

2. Develop a roster in conjunction with W.I.L. for female candidates for public service and social agency positions

Individual members of women's organizations would be asked to be available candidates. Candidates would then be placed on file for use by local boards of directors in need of female membership. It is assumed that 50 resumes can be compiled by September, 1976.

3. Collect Information

This objective would involve research into the possible development and dissemination of a service survey dealing with womens needs in the local community. At the present time this objective seems to be questionable, in light of the available information from surveys already completed. A time has not yet been set.

Number of servings: 3,800

Preparation time: 3 months

Cooking temperature: 465 degrees

Kerosene Fire

Ingredients: 1 elephant
salt and pepper
2 rabbits (optional)

Cut elephant into small bite size pieces. This should take about 2 months. Add enough water to cover. Cook over kerosene fire for about 4 weeks at 465 degrees. This will serve 3,800 people. If more are expected, two rabbits may be added, but do this only if necessary as most people do not like to find hare in their stew.

PUBLIC AFFAIRS

Kate McGarry

"I think the main thing that's wrong with our society is we've allowed people to think that in this day and age it is sufficient to vote a couple of times a year at most in order to be a good citizen. And I think if that's all we do we're going to get exactly what we deserve. I think that all of us have to start doing what I call tithing to our society. Spending at least 10 per cent of our time trying to help run it. That doesn't necessarily mean being a politician, but it may. Getting involved in local government, getting involved in action organizations of certain sorts, informing yourself about issues, and so on."

- Paul R. Ehrlich, professor of biology at Stanford University, in a lecture to the College of Physicians of Philadelphia.

"Public Affairs is an area of growing interest with 180 Leagues reporting involvement in 569 topics during the year. In 56% of the cases League activities were carried out in cooperation with non-League groups. Public Affairs topics studied were: Children and Youth, Corrections, Education, Environment, Government Housing and Social Welfare Services. Letters to Public officials, public statements and public meetings were the types of action most often utilized."

- Junior League Review
February, 1976

These two commercial messages demonstrate the growing interest in and concern for public issues in all areas of our lives. In response to this growing awareness, seven members of the League joined hundreds of Michigan women in Lansing on March 26-27 to learn more about their government and how it functions. The Women's Assembly, conceived by a group of women aware of women's growing needs for knowledge in the legislative area, included workshops in lobbying, fund raising, influencing state government, assertion training, using the media, drafting a bill, and many others. Grand Rapids Leaguers also had the opportunity to join other members of Michigan Leagues for lunch and an exchange of ideas before attending the workshops.

SPAC STATE PUBLIC AFFAIRS CONFERENCE WILL BE HELD IN SAGINAW ON MAY 19, 1976.

NEXT MEETING OF PUBLIC AFFAIRS - APRIL 13, 7:30 P.M. AT MARY JANE LOWERY'S for the purpose of drafting positions and rational for a stand on HB4704. At the same meeting we will introduce and discuss another juvenile code bill introduced recently by Representative Cawthorne (R) Manistee. (HB6034) In the new bill jurisdictional age is 18; status offenses are permitted as a "last resort"; three categories of youthful offenders are defined (minors in need of care, minors in need of supervision and juvenile offenders). The bill requires separation of juveniles from adults and separates the 3 categories of youth from each other; it allows expungement of records at age 18 for minor offenses and age 21 for all others and states a referee need not be an attorney but his actions can be reviewed by a Trial DeNovo. Duties and compensation for County Juvenile officers and employment of casework and probation officers is also covered. The bill is in the House Judiciary Committee.

I have copies of this bill and will get them to committee members before April 13th. Committee members should write to the Legislative Analysis Section, House of Representatives, Davenport Building, Lansing, Michigan for an analysis and summary of this new bill.

A political notebook for people who want to participate can be ordered for \$1.25 from League of Women Voters, 202 Mill St., Lansing, 48833.

CHILD ADVOCACY

Murry Idema

Plans for a project in the area of PARENTING are underway! The Inter-
est Group met March 23rd and, after considering possible projects in
all 5 focus areas (health, education, care, protection, and parenting),
we elected parenting as an area from which to develop a volunteer pro-
ject for next year.

CHILD GUIDANCE

Janet Strassburger

WANTED: Recruitor - Coordinator for the Child Guidance Clinic
The Leagues commitment as volunteers in the well-child pre-school nur-
sery ends in June. The Clinic needs someone to recruit volunteers and

Clinic previously and/or would find this job challenging and interest-
ing, please call me, 243-0885.

ZOO

Suzanne House

This winter has been one of the busiest at the John Ball Park Zoo for
the zoo keepers, the animals and the administrators. Our 200 pound,
zoo born, Siberian tigers, Natasha, Nicholi and Tiny are now living in
the lap of luxury in the spacious new Tiger Habitat. Congratulations
have been extended to Teak and Woodie, the Hamadryas Baboons on the
birth of their son Boomboom born December 7, 1975. The Barbary Sheep
were quick to delight the zoo with their new family of lambs, as well
as, the Mouflon Sheep, who have been living on Monkey Island. Mean-
while, the Java Macques stay in monkey business inside their rock-
island house. That grouchy looking head, which belonged to Big Bird,
the ostrich will be missed, for Big Bird suffered a stroke one winter
weekend and quietly left us. South American Beheas have been planned
for that area; so come and welcome them this spring. The Small Animal
House's new residents are the Chuchwalla Lizard bunking with the Beaded
Lizard, the Tegu lizards, and the Todkay Geckos (also lizards), as well
as, the White Lipped Cobra. The Spider Monkeys, finally on display in
the Special Exhibits House, are not to be missed.

Sandy Gibbs and Jackie Kroph have done an outstanding job coordinating the zoo's educational curriculum. Slide shows have been shown to 8 classrooms and are available at the zoo upon request. Animals are being taken into the school classrooms. Sandy Gibbs, Jackie Kroph, Joyce VanBlooy, Sandy Wooldridge and Vera Lewis have taken Cinnamon, the kinkajou, and Worm, the boa constrictor, into 17 classrooms--kindergarten through 6th grades, in Comstock Park, Rockford, Ada, Grand Rapids and East Grand Rapids. The American Alligator and "Harry" the skunk, are anxious to go visiting, too. Many tours were given throughout the winter months and the scheduled tours will be planned until May 15th, after that we will accommodate the crowds better by showing 20 minute slide shows through June 4th. The new class of volunteers started their 10 week training course, directed by Mary Roth, on January 15th. The class of '76 includes 23 new zoo doers--7 League members and 16 non-League members. Our total volunteer force is 44 eager, fact-filled, guides just waiting for warm weather and new fawns to boast about.

COMMUNITY BOARDS

PLANNED PARENTHOOD

Nancy Skinner

Spring cleaning? Don't throw away those out-grown toys, the Planned Parenthood Clinic on Cherry Street can use them! Their selection of toys is very limited. Almost anything suitable for children, ages 5 and under, would be most welcome: blocks, puzzles, trucks, cars, Fisher-Price toys, books, dolls, etc. Over 20,000 visits are made to this office yearly; and mothers are not always able to make arrangements for their pre-schoolers. Remember the joys of sitting in a doctor's office with your toddler? Please bring your usable toys in good condition to Sue Harley's, 2929 Beechwood, S.E., or phone her for pick-up service.

EVALUATION OF THE FEBRUARY MEETING
ON
RAPE AND THE CRIMINAL JUSTICE SYSTEM

The following are the facts and figures compiled from the evaluation forms provided at the Criminal Justice Interest Area program presented at the February membership meeting. As you may recall, this was a dramatization of the criminal justice system at work, using the crime of rape as the vehicle.

Of those attending the meeting, 109 turned in an evaluation. They included 72 actives, 19 provisionals, 16 guests, 1 professional and 1 sustainer. Of these 77.4% ranked the program 4-5 (high on the scale) in achieving our goal of education in the criminal justice process and 88.3% ranked it 4-5 in achieving our objective of education using the crime of rape as the vehicle. On the other end of the scale, 11% felt the presentation didn't achieve the goal (ranked 1-2) and 5.4% voted the same on meeting our objective.

When asked which aspects of the program were most "helpful or interesting" 88.3% voted for "the dramatization." In descending order of "help or interest" were "the general atmosphere of facts and inquiry," (3) "questions from the floor," (4) "the handouts" and (5) "information in the February issue of HAPPENINGS."

When given an opportunity to comment, the majority responded with wide-ranging remarks on program format, personalities, the crime of rape, personal attitudes and many other areas. These comments will be made available, if you're interested. Call Karen Lott, 949-1246.

Our last measure of interest was the blank at the bottom of the evaluation form. Using this, 21 people (22.9%) said they would like to participate in the League follow-up which was a book review of AGAINST OUR WILLS, MEN, WOMEN AND RAPE, by Susan Brownmiller. The review was conducted by Julie Early of The Women's Resource Center and Grand Valley State Colleges, was offered at two different times and was attended by 11 people or 12% of the total respondents and 46% of those expressing interest in the follow-up.

PRESIDENTIAL PULSE

Gretchen Chamberlain

HAPPY NEW YEAR! After a joyful holiday season, we're ready to move ahead in our 1975-76 Junior League year. We have goals and objectives to meet and for those of you who do not have our Board of Directors' objectives fresh in your minds, here they are again. Each committee and project has additional objectives and we will be conducting a progress report on all of these during January and February.

We'll be making a positive impact on the community by means of surveying, by means of public relations attempts, by means of carrying on effective volunteer service.

We'll be strengthening the relationship among component parts by means of celebrating the Bicentennial with our own special party, by means of working together positively.

More on these items as the next few months roll along.

Our approximately 40 new members will help us reach each of these goals.

Let's work, let's learn, let's have fun together.

FIRST VICE-PRESIDENT

Sue Roberts

Attention Project Chairwomen

What ----- A.M.P. meeting (Association Management Process)

When ----- Friday, January 9th, 9:00 A.M.

Where ----- Sue Roberts', 755 San Jose Dr., S.E.

This is a very important meeting, so please call me if you cannot make it.

Community Board Representatives for the League

If you have not already done so, please turn in to me the information sheet on your agency so that I may update my records. These sheets were sent to you with the October minutes in November. If you cannot locate your information sheet call me and I will send you another one. Also by now you should have received your new "Guide for Junior League Representation on Community Boards." Please read it over carefully and file it with your Community Board material. This guide is available to all community board members upon request even though they may not be officially representing the League. Just give me a call.

For those of you who have not turned in your 3x5 card on the current news of your agency or board, there is a suggested form on page 5 of your guide. Keep your reports coming and I will continue to print them in Happenings. Thank you for sharing your knowledge of the community.

Please watch Happenings for the announcements of mini-workshops offered on Grantsmanship, Parliamentary Procedure, etc.

COMMUNITY BOARD REPORTS (Continued from December Happenings)

Career Education Planning District Council

Susan Allaben

Meetings have been held monthly, the main business being items often oriented to Vocational Education. The council received plans from 21 member districts and submitted CEPD 32 plans for K-12 career education to the State. The council established a job placement bureau for high schools wishing to subscribe to a central service (for graduates).

Cerebral Palsy Board

Joanne Coretti

The first meeting of the year was held at the Goodwill Industries Building where the new media room at Ken-O-Sha School was discussed and plans displayed. Hopefully this will centralize the resources for the cerebral palsy victims. The Board discussed the community houses being utilized by employable independent cerebral palsy victims. It seems to be working out well.

Community Services Board

Pat Reis

This is another new board formed to survey community needs begun by Anne Mulder, Director of Community Services at Junior College. Currently, I am putting together two courses, one for volunteer co-ordinators, and one for volunteers, to be offered starting January, 1976. Also being offered is a seminar for volunteer co-ordinators on January 29th from 9:00 A.M. - 4:00 P.M. (\$10.00 per person, lunch included)

Emerging Arts Forum

Sandy Anderson

E.A.F. is submitting a request to the Community Education Branch of the Grand Rapids Board of Education in hopes that they can continue on with this program.

FISH

Pat Reis

FISH serves as a crisis intervention organization, answering between 300 to 500 calls per month on a budget of less than \$1,000.00 per year. The Grand Rapids chapter is in its 6th year.

Heritage Hill Foundation

Kay Farr

Rev. Knott, who bought 356 Cherry St., S.E. was turned down in request for FHA financing. FHA felt value of property was \$30,000 whereas market value of the house was \$40,000. In the future children who live south of Cherry S.E. will not be allowed to transfer from Henry to Fountain School. This has a great impact on the Heritage Hill neighborhood. Heritage Hill Board is taking no position at this time and instructed John Logie to continue talking with the Board of Education.

Junior Arts Council

Nancy Davis

The Junior Arts Council has distributed 2 copies of the 1975-76 Cultural Resources Directory to each school in Kent County. To further promote the arts within schools, an effort is being made to set up a communication system with Cultural Arts Chairmen of P.T.A.'s or with presidents of parent groups.

Kent County Association for Retarded Citizens

Sally Schreur

This association is a non-profit corporation comprised of an advocacy volunteer board of 18 members with a paid executive director. The board meets monthly and is concerned with raising the quality of life for all mentally retarded citizens in Kent County. The ultimate goal is realizing the full potential of each citizen through quality programming and services. This Association is a member unit of the State and National Association. Priority areas include:

1. Public awareness of the mentally retarded in Kent County and of the K.C.A.R.C.
2. Legislative awareness as an advocacy board.
3. Citizen Advocacy - to foster and develop volunteer areas of programming
4. Membership - not only to increase the number of people but for ideas and support
5. Monitoring - making sure the quality of programming at the workshops, group homes, schools, etc. is up to the highest standards.

Opera Association of Western Michigan

Sandy VerBeek

The Association opened its '75-'76 season in September with a very successful production of Puccini's Tosca. Attendance for the 4 evenings of performance at Calvin College Fine Arts Auditorium was 3212. On December 10th the OAWM, in co-operation with Grand Valley State Colleges very successfully staged Menotti's Amahl and the Night Visitors. All productions are presented in English.

Project Hope

Pat Reis

Project Hope is in its fifth year as an active chapter in this city. It is sponsoring a visit to Grand Rapids sometime in '76 by Dr. William B. Walsh, M.D., founder and director of the Project.

*SCAN Suspected Child Abuse and Neglect

Carrie Waters

(looking for new representative)

1. Supervision and training of parent aides and speaker's bureau.
2. Establishment of a library on abuse within the Kent County system.
3. A legislative committee is just forming and hopes to begin meeting regularly.
4. Investigation of preventive measures in existence.
5. Develop education for community professionals on how to deal with abuse.
6. Development of questionnaire to ask agencies staff about their awareness of abuse and what SCAN should provide.

Sparta Board of Education

Susan Allaben

1. Yearly reorganization in July; elected officers, new committee appointments made (new Education committee to inform Board).
2. Hired new elementary principal, assistant principal, assistant school principal and several teachers.
3. Discussed long and short range Board and Administrative goals; completed 1975-76 budget - always a problem since legislature passes School Aid Bill so late.

Volunteer Management Association of Western Michigan

Pat Reis

This is the newly formed coalition of volunteer co-ordinators that came out of Project Volunteer; potentially a very influential group.

R.S.V.P. (Retired Senior Volunteer Program--under VAC)

Ruth Wierengo and
Helen Hunting

This Program is directed by Carol Wittenbach and is in its third year. 350 Senior Volunteers (60+) are now working in 36 different Volunteer Stations plus the Handyman Corps, the Driving Service for volunteer workers, and the new Homebound Program (for homebound volunteers). They are insured door to door, transported, and given lunch, if needed. The Volunteer Stations include schools, nursing homes, hospitals, museums, day care centers, and libraries. Good placement is a prime concern. Two successful social events for the volunteers have been held so far this year, at one of which Mary Ann Rivers volunteered her talents.

M.A.C.L.D. (Michigan Association for Children with Learning Disabilities;

Ruth Wierengo

The national chapter is now 12 years old (and is run by the former treasurer of the Pittsburgh Junior League). The Grand Rapids Chapter is in its fourth year. Our greatest objective is to educate the public to recognize the learning disabled child so that he may be given the remediation needed, and required by law (Mich. P.A. 198-1971) especially before he is overwhelmed by a pattern of failure, as well as after the fact. Three TV-casts, a display at Woodland Mall in October (National L.D. Month), speakers, speaking, and programs have been our activities to this end. Kiwanis International has adopted the cause of the L.D. child for a three year period, and the local chapters have been helpful in providing brochures, balloons, and a teaching machine for KISD. Grand Rapids, Muskegon and Ottawa County Chapters of MACLD are cooperating in bringing a major speaker to GVSC January 15, 7:30 P.M.

SECOND VICE-PRESIDENT

Barb McGuirl

The Project Evaluating Committee has terminated the Bicentennial Committee upon the recommendation of Judy Ebeling and Gretchen Bieneman, co-chairwomen of that committee. The decision was based upon the lack of volunteer opportunities available through the committee and those women serving on the committee can no look to other placement areas. Gretchen and Judy will remain on the Bicentennial Park Steering Committee and will bring any future projects in this area to the attention of the League.

The Development of the Project Evaluating Committee - A problem was defined at the September Board meeting as to determine the causes for the lack of members available to serve on in-League committees and League programs and projects.

Assessment Goal: To have projects/programs available to the Junior League member that will meet her needs and skills and those of the community and to have members available to staff these projects and in-League committees. Assessment was done by the Placement and Community Research committees as to the major problems.

Conclusions drawn by: Placement, Community Research, Advisory Planning, President, 1st and 2nd Vice-Presidents

1. There is no process available for the termination of a project.
2. There is no systematic evaluation of an on-going project.
3. There is no process for the creation of interest areas.
4. There is a lack of coordination of League needs with Community needs

5. There is no periodic evaluation of interest areas.
6. There is no method or tool available for the development of a project.
7. There is no method for possible assessment of a potential project or program before it is developed.
8. There is no process providing for an evaluation of present Board positions in the community and for the acceptance of new positions.

Recommendations of the above group

1. That a Project Evaluation Committee be formed to evaluate present and potential project involving funding and/or volunteers.
2. That the Committee be comprised of:
 - Placement Chairman - to provide information on League interests, needs and skills
 - Community Research Chairman - to provide information on community needs
 - Public Affairs Chairmen - to provide information on public issues and concerns
 - 1st Vice-President - to provide input from Community Board and Project Chairwomen representatives
 - 2nd Vice-President - to provide information from and to Interest Areas

The 2nd Vice-President would chair the committee.

Purpose of the Project Evaluation Committee - To evaluate present and potential projects involving funding and/or volunteers.

Goals:

1. To evaluate all present League activities (projects, Board positions, programs, interest groups) to determine their validity within the League and the Community.
2. To appraise potential League activities (projects, Board positions, programs, interest groups) and to make appropriate assignments.

Objective:

1. To determine the continuation or termination of all present League projects by January, 1976.

COMMUNITY RESEARCH

Nancy Skinner

INTERNATIONAL WOMEN'S YEAR CONFERENCE CANCELED:

The \$1,000 approved by the Junior League for this project will remain in the Community Trust Account. A letter from the steering committee will be on file with the Public Affairs committee soon. Financial support other than Dyer-Ives and the Junior League was not forthcoming. In addition, there was not the broad community volunteer support that the committee had hoped for. League volunteers involved in this project are pleased that we were willing to offer our backing and they in turn deserve our thanks for their time and effort.

THANK YOU PLACEMENT ADVISORS! THANK YOU LEAGUE! for a wonderful response for volunteers to work on the community survey.

ANY INTERESTED LEAGUE MEMBERS ARE INVITED TO ATTEND THE NEXT COMMUNITY RESEARCH MEETING. NOTE CHANGE DATE TO: Thursday, January 15, 1:00, Mary Nell Baldwin's, 907 Bellclaire, S.E. Agenda: 1. Survey Report by Karen Lott; 2. Project Evaluation committee report by Nancy Skinner; 3. Report on luncheon meetings sponsored by Dyer-Ives discussing community priorities by Nancy Skinner; 4. Discussion of possible future League project co-sponsored with Dyer-Ives: "Back to the City" conference.

PLACEMENT

Darcy Krause

The results of the November phone checks are fantastic. Twenty members have signed up to work on the Community Research survey. What an interesting placement! Listening to a variety of community leaders will broaden the League's perspective of greater Grand Rapids. More good news! Several members joined the Advisory Planning and Hospitality committees. Both committees needed "women power." So, thanks to the women who signed up for these committees. (Happenings still needs help to assemble once monthly. Call me, if interested in this placement.)

The interest, enthusiasm, and talents of League women will always amaze me. The only thing we lack is - time. In spite of heavy commitments to families and jobs, almost 100% of our membership is actively involved in League projects. The Junior League gives me a warm, fuzzy, feeling!

Statistics: - 62 women participating both in-League and in the community
54 women working in-League
54 women placed in the community
13 women working on two in-League committees
16 women working on two community projects
22 women serving on community boards as League representatives

HOW'S THAT FOR "WOMENPOWER!"

We talked to you in November. You shared your ideas with us. Here is what we heard:

1. We need to have more fun - to do something meaningful in a relaxed way.
2. We need an active sustaining group.
3. A few women think the League is too expensive with special reference to the cost of luncheons.
4. Several women enjoyed Bargain Bonanza. However, women who work either part or full time had difficulty working on this fund-raiser.

The Placement Committee has completed the first stage of AMP - the appraisal. We determined our problems and our opportunities. From that point we set the following goal and objectives.

Goal: To strengthen each member's participation in the Junior League of Grand Rapids.

Objective: To determine the needs, interests, and abilities of League members by April 1, 1976.

Objective: To increase the participation of evening actives by May 30, 1976.

For a moment, let's think of the Junior League as a gigantic committee of 200 women. This "committee" has 30 sub-committees each serving the League and the community in a different way. In addition, our "committee" has ad hoc committees, fund-raisers, and is concerned with new roles for women, new roles for volunteers, Affirmative Action, career development, and management by objectives. Whew, that's mind boggling! Do we have the time for everything we are trying to do? Where have we been? Where are we going? Does each member of our large committee (Junior League) know what the others are doing? Are we making an impact on the community?

Yes and no. I think we need to have fewer projects - projects which will meet a variety of needs both in the League and in the community. We should think of placement in terms of quality not x number of hours spent once a week. I think management by objectives is a process we need to manage our gigantic committee, the Junior League of Grand Rapids. What do you think?

CAREER DEVELOPMENT

Judy Spindle, Ann Wisnom

Career Development: A process of self management

In our world of decreasing natural resources, we must do all we can to develop and utilize our human resources. In the past, capable women have been seriously under-utilized, and this has been a great loss both to the society-at-large and to the women themselves.

All human beings need to feel that they are effectively using their gifts, their talents, their abilities. A healthy person wants to be involved in the world in which she lives, working to make an impact on that world.

The need to be involved in significant work is common to us all, young, old and in-between. This does not mean, however, that everybody needs to be employed. Some of the most challenging, demanding and exciting work needing to be done is to be found in the volunteer sphere. It is equally true that carefully planned volunteer work should be able to lead into a paid position if a woman later needs such employment, either financially or psychologically.

A well-designed volunteer life is a crucial element in career development for all kinds of women. The college girl, through volunteer work, can get the work experience necessary for the first job. Through a wise choice of volunteer work, a young employed woman can enhance or enlarge her credentials to allow her to move upward in her job or to make a decided career change. The young homemaker can keep her professional credentials alive through judicious volunteer work, or she can do career experimentation by tasting various career areas through the medium of volunteer service. The woman whose children are becoming more independent can focus more specifically on one or two work areas where she discovered she has some talent and commitment and where she might decide she could enjoy an ongoing lifework or career.

Finding this lifework, or career, is seldom easy. To do a good job of developing it is also a challenging task which calls for rather sophisticated management skills. Since your life is your most important asset, however, the time and energy spent in determining how best to plan your life in accordance with your talents, life-priorities, life stage and changing circumstances will be seen as time well spent. To live an abundant, focused, effective life, you must be willing to put forth the same effort that business or government expends on managing their assets.

Junior League members are generally blessed with high ability, superior education, good health and more than adequate financial resources. They have done excellent work of all kinds in the past. Hopefully, this approach to career development will enable Junior League members to do an accurate assessment of their unique gifts, and begin a process that will enable them to discover a sense of life focus or life direction which will encourage the development of those career skills necessary to effective, influential volunteer service which will make a significant difference in their communities.

Goals of the self management seminars - to help each J.L. member:

- *Become aware of, and appreciate, her own unique abilities and those of the other members
- *Take responsibility for developing those abilities, both for personal growth and satisfaction, and for the welfare of all people
- *Recognize the personal responsibilities and possibilities of each life stage that most women experience

- *Understand the futuristic concept that focused, significant work commitment is a "career" with volunteer work given significance equal to comparable paid work
- *Learn the skills of career development within the larger framework of self management in order that she becomes a responsible manager of her personal life assets and an influential decision-maker in her community.

BACKGROUND

Michigan's Juvenile Code was enacted in 1939 and revised in 1944. Another revision was introduced into the State Legislature by Representative Lynn Jondahl (Democrat-East Lansing) in August, 1974. This revision of the Juvenile Code, named House Bill 4704, was assigned the Judiciary Committee, and is presently being studied and rewritten by a Special Sub-Committee. Hearings were held this Fall in Lansing and are scheduled of other communities, including Grand Rapids, in the near future.

The Public Affairs Committee has been studying the major issues of concern in HB 4704. Although the bill will probably be re-drafted, the issues we are discussing are of importance both locally and nationally. HB 4704 is an attempt to bring consistency to the juvenile justice system and to make some major changes in the philosophy of handling juvenile offenses.

PURPOSE

Because of the complex nature of the bill and the controversy surrounding major issues contained therein, the Public Affairs Committee is developing this handbook for your use. In this and following issues of Happenings we will outline the major points of HB 4707, discuss our research findings, and list the pros and cons of each question.

Our purpose is to inform you of legislation in the juvenile justice field and to educate you for a possible public stand. Other Michigan Leagues are already lobbying for and/or against certain points in HB 4704.

Please remove this cover and attach all our information to it. By the Spring you will have compiled enough information for a knowledgeable vote on the proposed Juvenile Code Revision

A complete bibliography and list of resources will appear in the April issue of Happenings.

If you have any questions about any issues discussed, please call any member of the Public Affairs Committee.

CURRENT ISSUES IN JUVENILE JUSTICE

For understanding and clarity, the following format will be used in discussing all major issues of HB 4704:

- a) list topic as it appears in old code and proposed revision
- b) list definitions
- c) list pros and cons
- d) opinions and comments made by speakers at open P.A. meetings

STATUS OFFENSES

PRESENT JUVENILE COURT RULES

712A.2 ...the juvenile division of the probate court shall have

- (a) exclusive original jurisdiction proceedings concerning any child under 17 years of age...
 - (1) Who has violated any municipal ordinance or law of the state or of the United States; or
 - (2) Who has deserted his home without sufficient cause or who is repeatedly disobedient to the reasonable and lawful commands of his parents, guardian, or other custodian; or
 - (3) Who repeatedly associates with immoral persons, or who is leading an immoral life, or is found on premises occupied or used for illegal purposes; or
 - (4) Who, being required by law to attend school, willfully and repeatedly absents himself there from, or repeatedly violates rules and regulations thereof; or
 - (5) Who habitually idles away his or her time; or
 - (6) Who repeatedly patronizes or frequents any tavern or place where the principal purpose of business conducted is the sale of alcoholic liquors.

712A.2 (d) Concurrent jurisdiction in proceedings concerning any child between the ages of 17 and 18 found ...

- (1) Who is repeatedly addicted to the use of drugs or intemperate use of alcoholic liquors; or
- (2) Who repeatedly associates with criminal, dissolute, or disorderly persons; or
- (3) Who is found of his own free will and knowledge in a house of prostitution or assignation or ill-fame;
- (4) Who repeatedly associates with thieves, prostitutes, pimps or procurers; or
- (5) Who has deserted his home without sufficient cause or who is repeatedly disobedient to the reasonable and lawful commands of his parents, guardian or other custodian; or
- (6) Who habitually idles away his or her time.

PROPOSED REVISION

- (1) The juvenile court has exclusive original jurisdiction of the following proceeding:
 - a. Proceeding in which a minor is alleged to be a juvenile offender, ...
 - b. Proceedings in which a minor is alleged to be a minor in need or care.

DEFINITIONS

An extremely controversial issue, the removal of status offenses from the code has caused the most concern and comment. Status offenses are acts committed by children, (truancy, running away, consensual sexual behavior, smoking, drinking, curfew violations, disobeying authority, ungovernability, waywardness, etc.) which would not be considered crimes if done by adults, but subject children to the jurisdiction of the juvenile court. [(712A.2(d) deals with care and maintenance of abused and neglected children who also come under the jurisdiction of the juvenile court. If you are curious about this area, please read this section of the present code.)]

PROS AND CONS

PROS:

1. Essentially a behavior problem. The court is overstepping its rightful area of influence. Noncoersive community services (social and educational agencies) should be used.
2. An Ohio study shows that status offenders are incarcerated as long or longer than delinquent persons.
3. Vague definitions led the court to subjective endorsement. Many offenses apply to any youth at one time or another.
4. The co-mingling of status offenders and neglected children with delinquent youngsters can have deliterious effects on status offenders. Tends to stigmatize them.
5. Status offenses are victimless crimes. They are not considered crimes if committed by adults.
6. Juvenile court can not be effectively or wisely used as a coercive agent to elicit certain modes of behavior.
7. Under the federal juvenile justice act passed in September, 1974, states wishing to come under the guidelines of the act must provide for the removal of status offenders from the code. (Money!!!) Juvenile Justice Standards Project sponsored jointly by the American Bar Association and the private Institute of Judicial Administration, support proposals for removal of status offenses from juvenile codes.

CONS:

1. Limits authority of juvenile court (considered by some as a pro)
2. No juvenile judge consulted in writing code revision (pro)
3. The court should be available as a last resort when community resources fail or have been exhausted. Removal of status offenders puts court in the position to do nothing until child commits a crime.
4. Provides less protection for children who suffer abuse and neglect in that it narrows the basis for jurisdiction. (712A(d) (See Child Advocacy Informational Sheet)
5. Public has legitimate collective interest in the maintenance of compulsory education and in supporting the role of parents in their exercise of guidance and control over immature children and youth. Authority of the juvenile court needed to enforce that public interest.
6. Alternative solutions not established or proved and not readily available to all in state. (This may change with the development of the Office of Juvenile Justice Services Act (HB 4392) which was recently signed into law. See additional information.)

COMMENTS AND OPINIONS RE REMOVAL OF STATUS OFFENSES:

At an open Public Affairs meeting in November, Judge John Steketee and Dr. Robert Culbertson, Professor of Criminal Justice, Grand Valley State Colleges made the following remarks:

Judge Steketee admitted that there are abuses of the status offenses, judges do act arbitrarily. But status offenses can be used instead of a felony charge if a judge so chooses. He remarked that many states have a special category (such as children in Need of Supervision) to handle the marginal situations. Judge Steketee feels that there are arguments for both sides of this question and he therefore offers the following compromise:

Keep the status offenses, but

1. before they are processed through the court, categorize the offender and his family as a "family in need of intervention."
2. The court must then make a finding that community resources have been exhausted before the court can take jurisdiction of the case.
3. Any family member can seek help, and there would be some restriction of the kind of ruling the court could make.

Dr. Culbertson, speaking at the same meeting, urged removal of the status offenses altogether. He said that studies reported by the Law Enforcement Assistance Agency indicate that the juvenile justice system isn't working well in most areas. Therefore we must keep as many children out of it as possible. Diversion to other community agencies is preferable. Culbertson stated that LEAA's argument for diversion is really a negative argument - against the juvenile justice system. Their studies indicate that the earlier a person enters the system, the less likely it is that he/she will ever leave it. Culbertson contends that the juvenile justice system has promised more than it could ever accomplish. He also contends that the judiciary should not be so involved in law reform; they have a vested interest and are too close to the situation to be objective. He feels sure that he and Judge Steketee agree that we should keep as many as possible out of the juvenile justice system. He admits that there is a problem, a few youths who need help will not respond to a non-coercive institution. However, in some communities many children will go through the system, if the status offenses are retained, who are merely products of problem homes and schools, and will go on to become more serious offenders later simply from contacts made and things learned while in the juvenile justice system with more serious delinquents.

EXPUNGEMENT OF JUVENILE RECORDS

PRESENT JUVENILE COURT RULES

JCR 4.3(c)...

Proceedings with regard to a child may not be transferred from the consent to the formal calendar subsequent to agreement of the parties to use such calendar. Nothing herein shall foreclose the filing of a complaint or petition alleging a new offense and the hearing thereof on the formal calendar. In the event further court action shall not be required, the court may order all records relating to matters on the consent calendar expunged.

PROPOSED REVISION

See 44. (1) Upon the eighteenth birthday of the minor or upon termination of juvenile court jurisdiction, whichever occurs later, the juvenile court shall order the expungement of all law enforcement files and records, including fingerprints, and juvenile court files and records and the expungement of all references to those files and records contained in the files and records of government and private agencies.

DEFINITIONS:

Expungement means the physical destruction of records , usually by burning.

PROS AND CONS:

- PROS:
1. Provided a clean slate, "second chance"
 2. Expungement should come as a reward for doing well, not for becoming an adult.
 3. Eliminated juvenile record being used against person.

CONS: In some cases expungement eliminated the possibility of juvenile records being used in an adult sentencing. It is contended that records of repeating juvenile offenders who subsequently are found to be adult criminal offenders could have a decisive bearing on dispositional cases.

COMMENTS AND OPINIONS RE EXPUNGEMENT OF JUVENILE RECORDS:

Dr. Culbertson stated that at 18 a person should have an opportunity to have his record expunged, but the court should decide, at 21, if the person whose record was not expunged at 18 had committed no felony, there should be automatic expungement. A reward for a clean slate. Both speakers agreed on this idea and both concurred that records are not always accurate, and that bad records cause problems indefinitely.

RAISING THE AGE OF MINOR TO INCLUDE 17 YEAR OLDS

PRESENT JUVENILE CODE RULES:

712A.2(a) Exclusive original jurisdiction superior to and regardless of the jurisdiction of any other court in proceedings concerning any child under 17 years of age...

PROPOSED REVISION:

Sec. 3(1) "Minor" means a person under 18 years of age, a person who allegedly commits an offense prior to his eighteenth birthday, a person 18 years of age or older concerning whom proceedings are commenced in the juvenile court prior to the person's eighteenth birthday, or a person 18 years of age or older who is under the continuing jurisdiction of the juvenile court

PROS AND CONS:

- PROS: 1. This change would align the juvenile code with recent legislation. The proposal would place all minors under the jurisdiction of one court, thus conforming with the age of majority act in Michigan.
2. Use of waiver procedure would allow some 17 year olds to be moved to adult court depending on their crimes.
3. For those 17 year olds who have not repeatedly committed offenses, or who are first offenders, the proposed code offers them the services of the juvenile court.

- CONS: 1. The juvenile court, it is believed, does not have the facilities at its disposal to deal with 17 year olds.
2. Many 17 year olds are very sophisticated delinquents and perhaps better handled by the adult system.

COMMENTS AND OPINIONS ON RAISING THE AGE OF "MINOR"

Both gentlemen agreed that raising the age to include 17 year olds was satisfactory. But Judge Steketee cautioned that we had better have the facilities to handle the increased load.

ADDITIONAL INFORMATION FOR JUVENILE JUSTICE HANDBOOK

A bill (HB 4392) creating a new Office of Juvenile Justice Services was recently signed into law.

The new office will, for the first time, put coordination and planning of juvenile justice services in the state into a single agency. State-level decisions on youth justice had formerly been in the hands of a number of different departments, agencies and organizations.

Working in such areas as foster care, dentention, probation and other preventative and protective services for youth, the office will set uniform standards, coordinate programs and work out a comprehensive state plan and budget for an effective system of juvenile justice.

A new 10 member Commission of Juvenile Justice Services will advise and monitor the program and make recommendations to better meet the problems and needs of juveniles.

The office was established on a temporary two-year basis. After two years, the Legislature could make it a permanent part of state government.

The legislation (HB 4392) followed studies and recommendations of the Michigan Juvenile System Study Committee. The committee found that services for juveniles varied greatly through the state and that there were no uniform standards for the services due to the lack of a single state-level coordinating and planning agency.

Cinnamon Apples

1/2 c. sugar
1 c. red cinnamon candies
8 medium apples

Dissolve cinnamon candies and sugar in 3 c. hot water, stirring. Bring to boil, simmer uncovered 5 minutes. Pare and core apples. Add to sugar mixture. Cook uncovered over medium heat 10 minutes. Turn apples. Cook covered 10 minutes longer or until tender. Serve slightly warm or well chilled in syrup.

These gay, candied apples look very festive in a glass bowl, spooned into champagne glasses which serve as a perfect handle for a buffet. (Tie glass stems with a velvet ribbon). Top apples with whipped cream and nuts, if desired.

Decorative Tabletop Trim

A holiday party should be as pleasing to the eye as to the palate, especially in the A.M. when you can't hide a multitude of sins with candlelight. For this Brunch we used white china, a red and white polka dot tablecloth (to the floor), green and white polka-dot napkins (knotted) ... and lots of greens. The centerpiece was a bountiful basket arranged with fresh evergreens and shiny red apples (attached to skewers), and decorated with fluffy velvet bows. Matching bows tied to stems of wine or champagne glasses also add warmth and cheer to at-home entertainment which is festive, fun and fabulous!

THE COOK BOOK

The Finance Committee met and has instructed the Cook Book to proceed with plans to publish 5,000 copies. The \$17,000 requested for this purpose will be made available. A brainstorming session for title and theme suggestions will be held at Jane Henderson's, Monday, January 5, at 1:00 P.M. Start off the New Year by contributing your inspirational and innovative ideas to this important 1976 Fund-Raising project.

Recipes are rolling in, but at least 400 more are needed...don't forget to submit ones your children like to make! Three volunteers are needed to chair the testing of Cookies, Candy and Breads (Yeast) sections. If you are able to host a dinner, brunch, lunch or cocktail party using Cook Book recipes, call Harriet or Jane.

FIRST VICE-PRESIDENT

A seat on the S.C.A.N. Board is presently available. This is an excellent opportunity to become more knowledgeable in the child abuse area. If you have an interest in this board, please clip the application below and send it to me indicating your interest, or call me, 454-5714.

JUNIOR LEAGUE OF GRAND RAPIDS, INC.
Application for community board position

BOARD:

YOUR NAME:

COMMENTS:

I would like to share the following information with you from members of the Junior League Community Board Council. Other League women have also been so kind as to turn in their community board information, even though they may not be specifically representing the League. For all of you who remembered, I am VERY GRATEFUL! The League is, in part, an educational organization and it is wonderful when we can pool our knowledge, thus becoming better informed citizens in our community. For those of you who forgot your reports, or for some other reason did not turn them in, it is still NOT TOO LATE. I will publish a continuation in the next Happenings.

ACT - The Advisory Center for Teens

Mary Lou LaClaire

ACT's major project is its proposed new building. They have outgrown the small home under the water tower in Wyoming which serves as its headquarters. The board now faces the decision of whether to build adjacent to their present building or next to the Child Guidance Clinic on Ball, N.E. They presently have grants for about half the funds they need and hope to have the balance by spring. Cadence carried an excellent article on ACT-East. It's been very successful in serving the southeastern part of the county.

C.A.P. - Community Action Program

Kathy Tonkel

(new representative Karen Lott)

The purpose of Kent C.A.P. is to work for the maximum utilization of all available local, state, and national resources in an attack on the problems of economic and social deprivation in Kent County. There are 51 members on the Governing Board: 17 positions are reserved for public officials, 19 positions for representatives of the poor, and 15 positions for the private sector. Recently the Planning Committee, on which I sat, has been ranking priorities for the 1976 program year and closely monitoring the creation of an economic development proposal. In addition, I sat on the ad hoc East Kent Task Force, which has been searching for a new and larger site for the East Kent C.A.P. Center, serving the Lowell area. This work continues and is nearing completion. (Karen Lott will be replacing me due to my move in the near future.)

Citizen's Advisory Council of Kent County Juvenile Court -Nancy Gould

Activities since May:

Decision to educate the public more fully on our functions and court procedure.

New thrust for badly needed foster homes in Kent County.

Discussion of legislation in Lansing affecting juveniles.

Citizen's Committee for Criminal Justice

Presh Oldt

CCCJ was granted its own tax exempt status so it is now operating as an independent organization. An orientation for new board members was held this month. The primary goal of the organization is to improve the local criminal justice system through education, citizen participation and communication.

Jellema House

Sue Vahey

After an extensive 9 month search, the Jellema House, half-way home for male alcoholics, has hired a new director, Mr. Jim Schviteman, former Director of Training and Personnel Development for the city of Grand Rapids. So far we feel we made an excellent selection! The house is filled to capacity with a long waiting list. I am currently serving on the Executive Committee as secretary, but my three-year term will be completed in March. It has been requested that the Junior League continue representation on the Board, so if anyone is interested, please contact me for more information. Meetings are held on the last Friday of the month at 7:30 A.M.

Kent County 4-C Association Community Co-ordinated Child Care

Betty Herrick

"Growth, Development, and Interaction with Children" - 4-C workshop was held Thursday, November 13, at E. Church Nursery School. Kathy Cole from MSU presented the workshop which included a slide and lecture presentation on what is known about the growth of the young child and how that influences daily classroom activities. Hearing on proposed child care center rules was held on November 17. The Speech Pathology Department of the Kent Intermediate School District conducted a free workshop series on pre-school speech and language development for parents.

Planned Parenthood

Nancy Skinner

1. New director, Joseph Ocsodol, has worked to improve communications with board members, staff and the community.
2. Bill Lowry, Fund-Raising Chairman, reported in September that the drive is over \$40,000.
3. Nancy Skinner is serving as Nominating Committee Chairman.
4. Nancy Skinner passed on to the League Public Affairs Committee information on Senate Bill #399, the Public Sex Education Bill.

UFCS - Forum of Executive Directors of Coordinate and Affiliate Member Agencies
Sue Robert

The United Way of Kent County sponsors a Forum of Executive Directors of both coordinate and affiliate member agencies. Representatives of these agencies not only participate in the forum, but meet periodically in sub groups to discuss topics of more specific concern. In addition, they share inter-agency information. A new sub-group is being formed concerning the needs of women today. I will be sitting on this sub-group.

A new charitable organizations solicitations act has been passed by the government. The intent of the act is to uncover illegal operations. Regulations require filing of financial operations and appropriate documentations. Following the appropriate filing, an agency is issued a license from the State. This act applies to the Junior League, and the Executive Forum is giving guidance and help in this area.

The Voigt House Betsy Mathiesen

The Voigt House Committee is presently looking into the possibilities of printing a special brochure on the House's highlights and history. This year we plan to sell old fashion lemonade and cookies at Festival '76.

In keeping with the Bicentennial, the Voigt House will host an Ice Cream Social, July 10, 1976.

This is a delightful committee, full of enthusiastic ladies and Mr. Frankforter!

Recent Board focus is directed to updating Personnel Policies and revising the Accounting System to coincide with new United Way finance guidelines. New adult education program in connection with the Grand Rapids Public Schools is being offered to non-highschool graduates at the YWCA. The Deli is now operating the cafeteria at the downtown YWCA with hopes of increasing luncheon business.

Arts Council of Greater Grand Rapids Sally Gleason

The purpose of the Arts Council is to promote and develop educational, literary and other cultural activities in the field of fine arts. Its two major activities are the yearly Festival and a Combined Arts Fund Drive with the money (accu) raised proportioned to the Civic Theatre,

Arts Council of Greater Grand Rapids (Continued) Sally Gleason

the Symphony, Art Museum, St. Cecilia Society, Opera Association, Council of Performing Arts for Children and Festival '75.

The Festival this year was a huge success and raises the problem "can it get any bigger without losing its specialness?"

The new director, Ralph Kohlhoff, has resigned. The search for a new director has narrowed to five candidates and will be chosen shortly. The council is presently concerned with updating and clarifying its by-laws and re-evaluating its classes of membership.

The Community Board Council is busy putting together a guide for good community board representation; and clarifying the position of a community board member in relation to the Junior League. We have come up with a few fun proverbs to serve by and would love to have you add your ideas to ours. Just give me a call. When Judy Spindle was looking over our guide, she said, "I have a proverb to serve by": I FINALLY PUT IT ALL TOGETHER AND THEN I FORGOT WHERE I PUT IT!

PROVERBS TO SERVE BY (Proverbs compiled by Presh Oldt)

1. DISTRUST WOMEN WHOSE TIMEPIECES ARE ALWAYS WRONG;
DON'T ACCUSE THEIR WATCHMAKER.

Attending all meetings, and being prompt are a step in the right direction toward good board membership. Advanced notification of an unavoidable absence is a courtesy to observe.

2. WE ARE GIVEN TWO EARS AND ONLY ONE MOUTH SO THAT WE MAY
LISTEN MORE AND TALK LESS.

Listening is crucial for learning new ideas and viewpoints which are essential to growth and help in judging matters objectively. Courses offered in board orientation and leadership either through the League or through the community are invaluable tools.

3. WISDOM - TO KNOW THAT YOU KNOW WHAT YOU KNOW AND TO KNOW THAT
YOU DON'T KNOW WHAT YOU DON'T KNOW.

Agency Information

Copies of the agency's by-laws and board manual will provide needed information for interpretation to the public and other League members.

Junior League Information

Representing the League means being knowledgeable about its purpose and programs. The Blue Book contains helpful information.

4. IT IS ONLY HALF LIVING TO VENTURE FORTH ONLY HALF KNOWLEDGEABLE
Total Community

Interest in and knowledge of the total community will be most helpful.

5. THE SOLEMN THING ABOUT WORKS IS THAT BEFORE YOU SPEAK THEM, YOU
ARE THEIR MASTER. AFTER YOU SPEAK THEM, THEY ARE YOUR MASTER.
A representative should remember that she represents not only herself, but also the League and the agency. Her performance will reflect on all three.

The proposal for \$1,000 to co-sponsor and partially fund the Grand Rapids Bicentennial International Women's Year Conference passed 72 for, 13 against, including one absentee ballot. 84 members attended the November 9 membership meeting. Thank you for your support.

PUBLIC AFFAIRS

Kate McGarry

In the quest for answers to questions relating to the criminal justice area, and specifically to legislation pertaining to children involved in the juvenile justice system, the Public Affairs Committee held its first open evening meeting on November 19. Attending were Sustainers, Public Affairs Committee members, Criminal Justice Interest Area members, Community Steering Committee members, interested Actives and Guests. Probate Judge John Staketee and Dr. Robert Clulbertson, Assistant Professor, Criminal Justice, GVSC, discussed the issues of removal of status offenses, raising the age (to include 17 year olds) of the juvenile court's jurisdiction, the expungement of juvenile records, and other points of controversy contained in the proposed juvenile code revision (HB4704).

Our purpose in holding this meeting was to gather data on the juvenile justice system for the education of the entire membership. We will hold additional meetings on this topic throughout the year.

We are now exploring ways to disseminate this information. We will use Happenings, separate mailings, and handouts at League meetings as communication tools. Please watch for our spot commercials. In order to take a public stand and/or be effective change agents, we need an informed membership. We can not possibly explain this very complex piece of legislation in one mailing or at one meeting. Our meetings are open, our information is free and our minds are full of bright new ideas. Please read our information and communicate your feelings, ideas and concerns to any Public Affairs member.

CRIMINAL JUSTICE COMMUNITY STEERING COMMITTEE

Presh Oldt

As a result of the 50th Anniversary Gift proposal passed by the Junior League membership in March, a Criminal Justice Steering Committee was formed and has been meeting since August. This committee is comprised of the following people: Community Representatives--Dennis Kolenda, co-chairperson, lawyer, formerly with the Public Defender's office; Terri Weekly, Family Services; Herb Thurman, WOTV; Verna Armitage, probation-61st District Court; Don Distelberg, United Way and Community Services; Bob Dugan, lawyer; James Dougan, Kent County undersheriff; Marie Blackwell, League of Women Voters; Harry Chandler, Michigan State Parole Office; Mary Meade Fuger, Kent County Juvenile Court; Judge Paul Wright, 61st District Court; and we have requested that a representative from the Prosecuting Attorney's Office be appointed. League Representatives--Presh Oldt, co-chairperson; Linda Lindsay; Pat Reis; Karen Lott; Carole Bleakley; and Kate McGarry.

The committee has set its goal and objectives as follows:

- GOAL:** To develop programs that will have an impact on the local criminal justice system.
- Objective 1:** To survey the needs of the local criminal justice system by the January meeting, 1976.
- Objective 2:** To select a focus area of the local criminal justice system by the February meeting, 1976.
- Objective 3:** To select an optimal number of one or two needs from the focus area by the March meeting, 1976.
- Objective 4:** To develop program ideas to meet the selected needs by June meeting, 1976.
- Objective 5:** To pass on finalized proposal(s) for program development by the September meeting, 1976.
- Objective 6:** To begin implementation of the program(s) by October, 1976.
- Objective 7:** To receive follow-up on the program(s) six months from the date of implementation.

The Citizens' Committee for Criminal Justice has been contracted to conduct a survey of community needs and suggested programs to meet these needs in the area of criminal justice. This survey should be beneficial not only to the Steering Committee but also to Community Research in their study of the community.

If you have any questions regarding the Steering Committee, please feel free to call me, 245-1790.

PARLIAMENTARY POINTERS

Betsy Mathiesen

What is a Quorum?

A Quorum is the number of members who must be present in order for a meeting to begin.

What constitutes a Quorum?

According to our Bylaws - Article XI, Meetings and Quorums, Section 3. "A quorum of the League shall consist of 1/3 of the voting members." To date, our League has an active membership of 204. Therefore, 68 members must be present to constitute a quorum.

The Majority Vote and the 2/3's Vote

A simple majority or one more than 1/2 (35 votes out of a quorum of 68) is all that is necessary for most motions to pass. Motions requiring a 2/3's vote (45 votes out of a quorum of 68) deal with any public stand our League may wish to take. A Bylaw change also requires a 2/3's vote.

The Majority Vote and the 2/3's Vote (Continued)

Other motions requiring a 2/3's vote are motions to end debate, a motion to consider something out of its scheduled order, and a motion to object to considering some undiplomatic matter.

Point of Order and Point of Information (Parliamentary Inquiry)

If at anytime a member feels that a chairman, committee member, etc., is in violation of a parliamentary rule, she simply rises to a Point of Order. One does not need recognition from the chair, no second is required and her charge isn't debatable. The member states her complaint and the chair decides what must be corrected. For example, if a motion to limit debate was on the floor and a member has proposed an amendment and was told that this was not proper procedure, then another member could rise to a Point of Order and inform the Chairman that this was indeed an amendable motion.

A Parliamentary Inquiry simply questions a procedure. One usually is requesting additional information. For example, a member may wish to know if a motion before the floor is amendable. The chairman answers the question and discussion of the motion continues.

A Parliamentary Inquiry doesn't need recognition from the Chair, doesn't require a second, and isn't debatable.

November Membership Minutes

Date: Tuesday, November 11, 1975
Time: 8:00 P.M.
Place: E.G.R. Little Auditorium

The November membership meeting was called to order by the president, Gretchen Chamberlain, at 8:15 P.M. She welcomed the guests and introduced the Child Advocacy Interest Group co-chairwomen, Sue Muller and Murry Idema and the Professional Group chairwoman, Kathy Heitmann. Gretchen then introduced Camille Knowles, a member of the Child Advocacy Interest Group and the Professional Group, who introduced the speaker and the panel moderator.

Mr. William Lundsford was the main speaker on Child Advocacy. He explained the states regulations on raising children. A family must provide food, clothing, shelter, love and not abuse the child. If a child is abused, legally they can now seek independent attorney to defend themselves.

There are three types of advocacy: 1. Legal
2. Administrative and 3. Legislative.

Dr. Lundsford stated child abuse and neglect are the most serious problems facing us today. We need to be involved in prevention and treatment standpoints.

The meeting was then opened for questions to the panel. Moderator, Kathy Cashen, Director of Pre-School Programs; Ara Cary, SCAN; Ronald Nagelkirk, Director of Blodgett Homes for Children; John Wiese, M.D., Pediatrician; Wilhelmina Wright, Director of Family Life Education; Dan Ballast, Supervisor of Child Guidance Services; Gerald VanderTuig, Executive Director of Child Guidance Clinic and Judy Steketee, Kent County Juvenile Court.

Gretchen thanked the panel and community people.

Nancy Skinner, Community Research chairwoman, proposed "The Junior League grant \$1,000 to the Public Affairs and Professional committees for the purpose of partial funding of the Grand Rapids Bicentennial/International Woman's Year Conference, provided that other sponsoring organizations are contacted by December 15 and asked for financial support."

Motion was seconded by Kathy Tonkel. Motion passed with a vote of, yes-72, no-13. Eighty-five present!

Kir/Bloody Merries/Screwdrivers

Sausage Ring
German Coffee Braid
Cinnamon Apples
Coffee

Your jolly Cook Book Chefs selected these festive favorites for a brunchtime buffet to greet holiday company. Barb Bennett prepared the entire menu for a spirited gathering of the Nominating Committee who tasted, tested and unanimously approved of this epicurean slate supported by gala decorative tabletop trims.

Kir

1/2 gal. white wine (Chablis or very dry
white wine)
1/2 cup Creme de Cassis

Chill and serve.

The French before World War II, never drank hard liquor preceding dinner as it spoils the palate for the elegant food to follow. Kir is a typical aperitif, some feel it is close in taste to Lancers.

Helen Hunting

Eggs Au Gratin

2 c. medium white sauce
1 T. minced dried onion
12 eggs
1 c. grated cheddar cheese
3 T. butter
Breadcrumbs

Make a medium white sauce; flavor with onion. Put one-half the white sauce in a 9x13" greased baking dish. Cover with one-half the cheese. Carefully break 12 eggs on to the sauce (being careful not to break yolks). Cover with remaining sauce and cheese. Sprinkle with bread crumbs. Dot with butter. Bake 15 minutes at 375° or until browned and desired doneness. Serves 8.

Place in serving basket; decorate with sprigs of parsley.

Barb Bennett

Sausage Ring

2 lbs. bulk sausage
1½ cups fresh bread crumbs

HISTORY OF THE JUNIOR LEAGUE OF GRAND RAPIDS

The Junior League of Grand Rapids is an outgrowth of the Butterfly Guild of Butterworth Hospital, started in 1903. The activities were suspended during the war but resumed in 1920, and in 1922 with Mrs. Earle A. Clements president, plans were started requesting membership in the A.J.L.A. \$5,000 in the treasury was turned over to Butterworth Hospital and a Maternity fund was created in the name of the Butterfly Guild.

During these years the guild brought the Denis-Shawn Dancers which netted \$850, held a Valentine Ball netting \$1,177, and held an American Kennel Club Dog Show netting \$2,600.

In January, 1925 the guild was formally accepted by the A.J.L.A. and all organic relationship with Butterworth Hospital was severed and our maternity fund at Butterworth was henceforth to be called the Butterworth Maternity fund of the Junior League. In 1926 our League was incorporated, the papers being signed by Mrs. Earle A. Clements, Mrs. William B. Steele and Miss Josephine Bender,

PRESIDENT'S ANNUAL REPORT

The Junior League of Grand Rapids celebrated its 45th Anniversary year in 1970-1971, continuing to be a vital and effective organization in our community. League members worked harder than ever, while continuing to grow and to change. As individuals and as an organization, we probed and searched for better ways of doing things within and for increased effectiveness in meeting the needs about us.

There were certainly highlights of which we can all be proud. Our new and better Admissions procedures became operational, and the League is the beneficiary of thirty-three exciting new members. An ad hoc committee was formed to evaluate and further refine our new processes by Spring, 1972. An overdue in-depth evaluation of our League was undertaken under the leadership of the Advisory Planning Committee, working with consultant, Dr. Paul Fuller, the results to be used for future planning. Serious consideration was given to the whole area of Public Affairs, resulting in enabling procedures and bylaws, allowing for more effective League participation in the public arena. It should be noted that Grand Rapids hosted the State Public Affairs meeting in September.

There were many opportunities for listening and learning provided League members by the Education Committee beginning with Joan McKee's challenge to us in September. Programs were provided on Youth Problems, Project Rehab and Drugs, Metropolitan Planning, Welfare Reform, E.T.V., the Civic Theatre and Urban Beautification. In March the League co-sponsored with other area organizations a visit by Dean Canon Shaw, expert on population patterns and problems. Several members also took advantage of a mini-course in Parliamentary Procedures, taught by Dr. Melvin Berghuis of Calvin College.

League members and League program benefited from special conference experiences. Mrs. John A. Twomey and Miss Joan Sironer (of the Civic Theatre) attended the Children's Theatre Conference, Washington, D.C. Mrs. John D. Hibbard, Jr. and Mrs. Garvin Meadowcroft (of the Environmental Action Council) were delegates to the Conference on Environmental Strategies, Chicago. Mrs. Roger L. Warnshuis, Jr. and Mrs. Thomas D. Wisnom attended a Drug Symposium in Cleveland. Representative to a conference centered around the Professional League member in Washington, D.C. was Mrs. Richard B. Lierle. State Public Affairs and Welfare Reformed Meetings were attended by Mrs. Garrett Ackerson, III, Mrs. Philip M. Leech, Mrs. James DeHaan and Mrs. Roland L. Roegge. Mrs. James Crosby, III and Mrs. Richard Gates attended a meeting dealing with the relevancy of the arts in Lansing. Region IV Presidents met at Pointe West in the fall. Mrs. Richard Murphy of Grand Rapids will begin her second year as Regional Director, adding to our pride in our League and its people. Delegates to Annual Conference in Colorado Springs were Mrs. D. Gray Slawson and Mrs. John Porter, II.

Region IV Leagues were selected as one of three test areas to study and develop concepts initiated by AJLA (now AJL) under Proposal for Change. Area planning and meetings have provided additional opportunities for leadership training, communication and identification of area resources. Mrs. John D. Boyles represented the Grand Rapids League on the Area Council. A special workshop dealing with Provisional Training was held in April for area Provisional chairmen under the

leadership of Mrs. John Porter, II, Mrs. Robert Cooper and Dr. Paul Fuller of Grand Rapids.

While League members listened and learned and planned, they also did. Very thoughtful consideration was given to the expenditure of Community Trust funds and members' volunteer time and efforts. \$900 was granted to the Teen Contact Center; \$3,000 to the Bridge; \$5,000 toward the hiring of an assistant city planner to aid in the implementation of long range plans, particularly for the core city. \$2,500 was granted to the Heritage Hill Association. A pledge of \$15,000 was made to the Civic Theatre for preliminary planning for a new theatre: \$6,000, 1971; \$5,000, 1972; \$4,000, 1973. A pledge of \$4,000 was made to ACT (the Advisory Center for Teens): \$2,000, 1971; \$1,000, 1972; \$1,000, 1973. League members assisted in raising approximately \$465,000 for an ETV station, Channel 35, to be a reality one year from now. Along with grants and pledges the League incorporated new volunteer opportunities and board representation in conjunction with the new projects. An Auxiliary was formed at Goodwill Industries, terminating formal Junior League involvement there. The Grand Rapids League was one of three original organization members of the new Kent County Government Action Council. League representation was requested by the United Community Services Committee on the Aging. Our three year Associate Membership with United Community Services was renewed.

The Action Auction, held in May netted \$17,000 for our Community Trust Fund; and plans are well underway for the Bargain Bonanza to be held in October, 1971.

The Arts' Board and Health and Welfare Board, after three years of operation, were eliminated from the League structure in favor of one Projects or Community Board. The Public Relations Committee designed a new brochure, entitled "Others . . . That's What We're All About," depicting our Junior League story for the community.

In capsule form that is the Junior League story from September, 1970 to June, 1971. The success of our program and projects is the result of real commitment by the members — commitment to improving the quality of life for all people. Special praise must go to the members of the Board and the committee and project chairmen, who provided creative and courageous leadership throughout the year.

My life is much richer because you have afforded me the opportunities inherent in the presidency. Thank you so much.

Mrs. Jack L. Eggerding

ACTION AUCTION '71

May 7th, 1971, Lincoln Country Club was the scene for the Junior League's second charitable Auction. Five hundred people were there to bid on ninety-five write-in items and one hundred and seven live auction items.

From the standpoint of funds raised for charity, good public relations with the community and within the League, and a truly enjoyable social event Action Auction '71 was an unqualified success. This accomplishment was made possible because of the hard work and ingenuity of a really fantastic Auction Committee and the skill of our auctioneer, Mr. Ernest DuMouchelle. We are especially grateful to all the businesses and friends for without their generosity our success would have been impossible.

ADMISSIONS COMMITTEE

The 1970, 1971 Admissions Committee operated under new procedures voted upon by the league membership in the spring of 1970. In general, it was felt there was good and open communication between the Admissions Committee and league members proposing new candidates. The emphasis as well as the success of the new procedures rests on proposer responsibility and performance during the provisional year. The committee thought the procedures worked quite well the first year. A few changes were recommended;

1. The present committee is too large for its function. It was recommended and voted on by the membership to reduce the committee to 8 active members, 2 sustaining members, and the chairman.
2. The time schedule for admissions procedures was condensed as follows:
 - (a) January 1-15 the Admissions Committee and chairman will meet with all possible proposers to discuss league membership. The committee will have met one time before this to draw up specific guide lines for proposer consideration.
 - (b) February 15 All blanks are due on or before this date.
 - (c) February 15 to March 1 The office secretary will type up the factual information on the blanks.

- (d) March 1 to April 1 The Admissions Committee will meet with the proposer who will bring one of the endorsers with her. At this time, the proposer will bring with her the three letters of endorsement and read them to the committee.

There were other points of controversy but a final vote was postponed until the end of next year in that the new procedures are set up to be a two year experiment.

Because of good proposer responsibility and faith and confidence in our new policies, 39 girls were proposed. Four of these girls will be transferred out of town as provisionals, and two were unable to accept membership at this time.

It has been a most interesting and challenging year for the Admissions Committee.

ADVISORY PLANNING COMMITTEE

During September and October the Advisory Planning Committee involved itself in more thorough orientation to its task for the year. At the November Board meeting the Board of Directors approved the following proposal:

"that the Advisory Planning Committee study the three-cycle operation of the Junior League in the areas of:

1. Fund-Raising
2. Community Research (project development)
3. Placement

with an eye to examination of the emphasis on volunteer training for:

1. Project - Building
2. Project - staffing

It was felt that the proposed study would be a vehicle for effective analysis of the total Junior League operation as a community service organization and as a meaningful focus of its members interests. The committee decided that the study should incorporate as many members of the League in as many different ways as possible and that a consultant should be secured to train the members volunteering for participation in designing the study. Paul R. Fuller, Ph.D., Professor of Psychology at Western Michigan University, was selected as our consultant and has provided invaluable skill, insight, and patience throughout the duration of the entire study. The twenty members of our organization who worked on the study — in designing the study, in gathering and organizing the data, in the interpretation of data, and in the long process of formulation of recommendations (still being done and scheduled to continue through the Fall) - have invested an average of 80 hours each on this effort, learning every step of the way as well as making a major contribution to the future of the Junior League of Grand Rapids.

Advisory Planning had no budget originally but requested funding of \$500.00 for token consultant fees connected with the organizational systems study.

ARTS BOARD

The Arts Board met this year to again serve as a sounding board for the chairmen of arts-related projects. We also attempted to work toward an outreach program in the community. This has resulted in conversations with the Arts Council and Educational representatives on the primary, secondary, and college level throughout Grand Rapids. We hope that in the near future the result of the conversations will be a greater sharing of the talents and facilities throughout our educational institutions.

BLANDFORD NATURE CENTER

In spite of cutbacks made in the budget for the Grand Rapids School System, 448 tours were given at the Nature Center before May 17. Sixty-two of these were done by League girls. Twelve actives and two sustainers volunteered over 180 hours on the trail and Barb Durno was responsible for a newsletter highlighting happenings at the Center.

Fall orientation was held on September 9 and tours featuring plants and animals preparing for winter were held into late November. The staff held a Christmas coffee to thank their many volunteers and benefactors. Feb. 10 was Sugarbush Orientation; tours of the sugarbush and demonstrations of the making of maple syrup were climaxed by the Second Annual Pancake Supper on March 27. April 22 saw trail talks given by Mary Jane Dockeray and Joan Stuecken to refresh the guides on wild flowers and other signs of spring. Spring tours will end with the close of school in mid-June.

There was no budget for Blandford this year although the newsletter was mailed out through the League office. The committee members did not meet as a group but were responsible directly to Barb Hoag of the Nature Center Staff for scheduling tours. 1971-1972 will be the last year that Blandford will be a volunteer opportunity for League girls. There will be no chairman and it will not be a major project. Hopefully, those League girls who have become members of the Nature Center family will continue to come and bring new friends to support the Center.

CHILDREN'S THEATRE SCHOOL

With the hiring of a professional children's director, Miss Joan Stroner, the Grand Rapids Civic Theatre launched their children's theatre program. One half of this director's salary was pledged by the Junior League, with the other half given by the National Endowment for the Arts. Besides directing the children's productions, Miss Stroner began creative dramatics classes for children grades three through eight, and introduction to theatre to grades nine through twelve.

Classes were held in the all-purpose room at Fountain Street church and were scheduled fourteen weeks a semester. The elementary grade classes were one hour and Jr. high and Sr. high two hours. A total of forty-eight students attended classes first semester, twelve of these scholarship students. Second semester showed fifty-one students registered with eleven of these scholarships.

One of Miss Stroner's classes gave a demonstration at the annual open house in the fall, but generally speaking, the classes are not geared for audience. A visiting day for parents and friends was held on the last class day to demonstrate some of the techniques used throughout the semester.

We feel the first year for the Children's Theatre School was very successful. Many ideas were formed for developing and enlarging the program for the future, including a seminar for nursery and kindergarten teachers and the possibility of a class in creative dramatics for adults. The addition of a slide talk demonstration to be given for organizations will be developed next year, and it is hoped that more and more children in the community will partake in the classes themselves.

COMMUNITY RESEARCH COMMITTEE

The purpose of the Community Research Committee is to provide current information regarding community projects to the Junior League Board and its membership. Proposals were presented through the year as the needs arose. However, most of the project decisions were made in the spring which provided an excellent opportunity for them to be discussed at group meetings.

The following proposals were voted on by the membership:

1. Civic Theatre extension until March 15, 1971 because they had not obtained a permanent site. They acquired property on the West River Bank so the original request for \$15,000.00 was granted over a three year period to be used for preliminary plans.
2. Youth Contact Center — walk-in center for adolescents. A grant of \$900.00 to be used to pay a professional accountant. Volunteers needed and a position on the operating Board.
3. The Bridge (Home for Runaways) — Volunteers on a limited basis, Board position and a grant of \$3,000.00.
4. Urban Revitalization. The Junior League designated \$5,000.00 toward the salary of an assistant long-range City Planner. Also the sum of \$1,000.00 (when planner hired) to be used in implementing the program.
5. Heritage Hill. The sum of \$3,500.00 to be used toward the publication of an architectural and historic inventory in the Heritage Hill area. Volunteer opportunities and Board position.
6. Advisory Center for Teens. A \$4,000 grant over a three year period (\$2,000, \$1,000, \$1,000). Board position requested and the volunteer opportunities are limited at this time.

Proposals considered but not recommended:

1. Children's School — Experimental School.
2. Consolidated School — Inner City Tutorial Program.
3. Art Gallery — request for \$2,500.00 for the 19th Century Architectural Exhibit.
4. Continuing studies for Women — New Guidance Center to be organized under the three State Universities and Aquinas College. Request for \$12,000.00 denied but Junior League volunteers are needed to help with a survey of need to be held in the fall.

EDUCATION COMMITTEE

The Education Committee, charged with education in the Junior League, both through programs at membership meetings and through other means, was active in several areas during 1970-1971. An attempt was made to coordinate membership meetings with project and other committee needs. Public Affairs was involved in September, with Mrs. Jean McKee, President of the Grand Rapids YWCA, speaking on women's involvement in public affairs; and in February with a discussion of public action by the League, sparked by guest speakers Cecily McKelvey and Peg Emerson from the Junior League of Toledo.

Children's Theatre was a significant part of the October meeting — an evening Civic Theatre open house. Small group meetings were held in November and covered various topics of League concern: Youth, Drugs, ETV, Welfare and Metropolitan Government.

The Community Research Committee's growing interest in urban revitalization projects was the impetus for the January guest speaker, William Thrall, local architect who presented slides and comments on the urban environment in Grand Rapids.

In March, the Junior League cooperated with other interested groups in co-sponsoring PEOPLE PATTERNS, a public forum on population growth, development and control, featuring guest lecturer Canon Don C. Shaw of Chicago, as well as a local reactor panel.

The May meeting was devoted partially to educational television, with guest speakers Barbara Oppermann and Judy Pomfort from the Saginaw Junior League, and William Ballard from Channel 35 in Grand Rapids.

Meetings not mentioned above were concerned primarily with in-league business.

The Education Committee sponsored a parliamentary procedure course at Calvin College, taught by Professor Melvin Berghuis, Vice President for Student Affairs. Eleven League members and two non-League members were the beneficiaries of Professor Berghuis' considerable skills and knowledge.

Beginnings were made in the areas of a paperback library, book reviews in the Et Cetera, and a bus trip to Chicago — all of which may be more successful in future years.

Mrs. Robert Cooper
Chairman

EDUCATIONAL TELEVISION

This past year the Junior League paid \$5,000 toward the salary of Mr. William Ballard from Saginaw, Michigan. As coordinator for Wolverine ETV Corporation, he guided the capital fund drive for Channel 35. Last fall the decision was made to locate the station at Grand Valley State College. This afforded a central location in the Tri-County area to be serviced; resources and talents at the college; present facilities; and the availability of State funds for the yearly operational budget. By May, 1971, over \$464,000 had been raised locally to apply for matching H.E.W. funds of \$467,000.

This task was aided generously by the work of twenty League members. Over 125 organizations were contacted for speakers, and eighteen speeches were given by three members. A card file of 5,500 names was compiled by twelve members. Five on the committee arranged, wrote, and produced over twelve different spot announcements that were shown on commercial TV stations; and hundreds of phone calls were made as a follow up to the mailing lists. As of this May, we are waiting to receive word of the H.E.W. grant, followed by the approval of the State Operational Funds, in order to begin buying equipment, hiring a staff, etc.

In May, three guests attended our membership meeting: Mr. William Ballard; Mrs. David Oppermann, past ETV Chairman and producer of three weekly shows on ETV channel 19 in Saginaw, Michigan; and Mrs. Robert Purnford, present ETV Chairman-producer, Saginaw, Michigan. They described the challenges, directions and potentials of League participation in a local ETV station. That is where we are now — researching; planning ahead; optimistically anticipating the roll our League will play in a new, challenging, informative, and provocative medium in this area — that of Educational Television.

ENVIRONMENTAL ACTION

The West Michigan Environmental Action Council was able to hire an executive director and develop an educational program with the financial aid (\$3,000) and the moral support of the Junior League.

Activities started in early fall with volunteers working in the office, (chairing) and working on the Liason Committee as well as the Legislative Committee. Other League gals worked diligently putting together an environmental resource book in preparation for "Strategies for Environmental Control" a conference sponsored by AJLA and the Junior League of Chicago which Shirley Meadowcroft, the Council's executive director, and I attended. Since the conference we have helped many leagues across the country start environmental programs or establish environmental agencies in their communities.

In midwinter we investigated an environmental mobile but found it too costly. We have however initiated air pollution talks in the elementary schools and hope to expand this program with the "Ecology Games" next year. Other areas of league participation have been in recycling newspapers and working on the Urban Concerns Committee developing a comprehensive project to revitalize downtown Grand Rapids. This committee has emerged into a new separate project called Urban Revitalization and will receive additional funds and volunteers from the Junior League next year.

Awareness to our environmental crisis has greatly increased during the past year. I credit this to agencies as the West Michigan Environmental Action Council and to organizations as the Junior League who have given financial support and provided volunteer help in a great time of need.

Mrs. John D. Hibbard, Jr.
Chairman

ET CETERA

The purpose of the magazine has been to keep our entire membership aware of the activities of its many talented and busy members. The Committee Reports serve to tell of deeds accomplished and future plans. Sustainers have commented on their appreciation of being kept informed. The magazine represents our League to other Regions and many people from AJLA; it is also mailed to all of the companies and businesses which trust their advertising to us. A realistic view of the League's endeavors by these groups is healthy and important.

The cost of the publication is covered primarily by the revenue of advertisements; we have found that a supplement of \$50.00 an issue is sometimes necessary, therefore we recommended to the Finance Committee that such funds should be available. The staff of "Et Cetera" is appreciative of the co-operation of all contributors who helped with this communication.

GIRL SCOUT PILOT PROGRAM

The Junior League become involved in this pilot program in January of 1970, at the request of Daisy Franks, who is presently head of the Girl Scout special area programs. Volunteers worked as aides to inner-city mothers or as actual troop leaders in inner-city schools. They worked on a once-a-week basis after school, following the school year as a calendar.

In 1970 we had ten volunteers, two of which were from the League. In 1970-71 we have had twelve volunteers, two of which are League girls and one an in-coming Provisional. It was our hope that this fall we could expand the program to cover more inner-city and special area schools, but due to many problems, the most crucial of which was the lack of volunteers, we were unable to do this. All the volunteers expressed their enthusiasm for the program and felt it was a very educational and worthwhile experience; however, due to the time of this project and subsequently the interest of participating in it, it was decided by the membership to terminate this pilot program.

GOODWILL INDUSTRIES

The Junior League can again be very proud of its accomplishments at Goodwill Industries. In September a new Auxiliary including ten League members was organized and even though the only main function of this Auxiliary is to provide volunteer service to Goodwill, Auxiliary members have been participating in several fund-raising events including a special estate and book sale and the opening of the new Frame Shop. Funds from these events helped purchase new busses for the Activity Center and a commercial carpet cleaner.

The Auxiliary now has a membership of thirty-seven and has completely taken over staffing of the Mushroom Shop, Clothes Tree and Book Nook. Five League volunteers did assist in these areas during the year, but our help was not needed in the clerical area. Four League girls have assisted the doctor on duty every Thursday morning from 9:00 - 11:30 with physicals and medical records. In the Activity Center,

six girls have given aid with bowling for two hours every Friday afternoon while eight girls have assisted the supervisors every Wednesday morning for an hour in six-week sessions. Several tours and slide talks were again given. One League Provisional member has delivered magazines to local doctors' offices for a contract job once a month while two Sustaining members have been very helpful with Auxiliary events. In every area of League-initiated assistance to Goodwill, new Auxiliary members are being trained to take over.

A League member has been re-elected to the Goodwill Board of Directors and is serving as Vice-President of that Board.

In June two League girls will attend the National Auxiliary convention in Milwaukee.

Twenty-eight League members serving a total of 925 hours and twenty-seven Auxiliary members providing many added hours have worked together to complete a total picture of satisfactory volunteer service and financial aid to Goodwill Industries for the year.

Chairman

HEALTH AND WELFARE

This was the second year for the Health and Welfare Board. We met in September to outline our goals for the coming year 1970-71. We agreed to use a rotating secretary, thus sharing responsibilities.

Representatives from the Michigan Coalition for Welfare Rights spoke to our board in November. We compiled a simple reading list and began a rotation system for book exchange.

Because of the extensive involvement Health and Welfare Board members have in their projects and League responsibilities, it was suggested by a committee that we eliminate this board and the Arts Board, therefore eliminating two board members and an additional monthly meeting. The idea was presented to the Junior League board in March. We have now combined all our on-going projects (Health, Welfare, and Arts) under one board member, the vice president. The responsibility for reporting and communicating with the League will belong to each project chairman, with the vice president acting to unify and follow through by reporting to the board.

I feel this new plan will streamline the organization and leave each chairman more time to devote to her project. She still will have many channels for communication and idea sharing.

Mrs. James S. Hale,
Chairman

MARY CONGER SLIGH

This year things have been running very smoothly. This has been possible because of the help of seven League volunteers who worked in the nursery and another seven who worked as recorders.

This year, for three weeks, two provisionals also worked in the nursery.

NOMINATING ANNUAL REPORT

According to the AJLA Handbook, "The purpose of the Nominating Committee is to develop and provide leadership for the Junior League and the Association, and to educate and encourage the individual member to accept her responsibility to become actively involved in leadership training." This committee made every effort to fulfill this purpose by using well-proven talents in the League, as well as offering opportunities for new talent to come to the fore.

At the October membership meeting the following people were voted in as the 1970-'72 Admissions Committee:

Mrs. Lawrence Allaben	Mrs. Jim W. Vahey
Mrs. Robert W. Corl, Jr.	Mrs. W. James Chamberlain
Mrs. John C. Peirce	Mrs. Theodore Fuger, Jr.

(Note: Mrs. Kenneth Ellis took Mary Meade Fuger's place when the latter was asked to serve as the new Placement Chairman.)

In November Barb Eggerding requested that our committee study the possibilities of a two year President for our League. Each member of the committee, therefore, interviewed past League Presidents back through Mrs. Jordan Sheperd. This study involved the consideration of more than one Vice-President as well. These findings are consolidated in another report, but, briefly, we concluded our present system is still the best policy for our League at this time. At the March membership meeting the following single slate of officers was presented and unanimously passed by the members:

President	Mrs. D. Gray Slawson, Jr.
Vice-President	Mrs. John Porter II
Recording Secretary	Mrs. Garrett Ackerson III
Corresponding Secretary	Mrs. William A. Hoffhines
Treasurer	Mrs. John D. Hibbard, Jr.
Assistant Treasurer	Mrs. John C. Peirce
Admissions Chairman	Mrs. W. James Chamberlain

The Nominating Committee was responsible for selecting delegates and alternates to three conferences this year: The AJLA Professional Conference in Washington, D. C. in April — Mrs. Richard B. Lierle, delegate, and Mrs. William S. Farr, alternate; the S and D day-long Conference in Detroit, also in April — Mrs. Glen V. Borre and Mrs. Stephen G. Ryan, delegates, and Mrs. James E. Gould, alternate (Subject: the Provisional); and the Annual Conference in Colorado Springs in May — Mrs. D. Gray Slawson, voting delegate, and Mrs. John Porter II, delegate, and Mrs. Thomas D. Wisnom, alternate. Prior to our committee's convening, delegates were chosen for the Environmental Conference in Chicago in October, but we selected the alternate: Mrs. John C. Peirce.

This committee also recommended a By-Law change, involving Article IX, Section 1 a (2) and (4), which was approved and passed by the Board and by the membership. This change may be read in the By-Law section of the 1971-'72 Yearbook, as it is too lengthy to include here.

At the May meeting the membership elected four new members to the Nominating Committee to serve from 1971-'73. They are:

Mrs. Dean R. Britton	Mrs. William S. Farr
Mrs. Philip W. Goodspeed	Mrs. Richard L. Spindle

Delegates to the Fall Meetings will be chosen by next year's committee, when the subject for the meeting is known.

My sincere thanks to a wonderful committee in the most difficult job of selecting the right people at the right time to lead and represent our League. They have done an excellent job and are to be congratulated!

Mrs. Gaylord J. Gano,
Chairman

OPEN LINE

Kent County Open Line was perhaps saved from extinction by the timely support of the Junior League in 1970. The donation of \$500.00 paid the phone bill and the nine Junior League volunteers made up approximately one-third of the staff during that difficult year. This teen-age telephone counseling service operating from 8:00 to 12:00 nightly received over 4,000 calls.

By the spring of 1971 many changes had taken place. The Grand Rapids Foundation gave \$5,000.00 and the Youth Contact Center contracted with Open Line to handle their nighttime calls. Dr. James Chandler was instrumental in reorganizing Open Line in cooperation with Night Watch and a few other agencies.

The new organization (called Switchboard) has a paid director and assistant. It operates on a 24 hour basis from the Kent County Hospital Complex on Bradford, N.E. Anyone interested in applying as a volunteer may call Barry Johnson at 456-3535.

Mrs. Anthony Farage,
Chairman

PLACEMENT COMMITTEE

New Placement Brochures were compiled with a more readable and informative format. Each member was encouraged to choose one Major and one Minor project. 155 members were interviewed in April, so committee chairman could meet before the end of the year. This was done on a trial basis. Two girls transferred into our League and were interviewed in the Fall.

The League financed projects this year were Blandford, Open Line, Goodwill, Girl Scout Pilot Program, children's Theatre, Ed. T.V., and Project Rehab. The membership also gave many volunteer hours to Waalkes Juvenile Court Center, Mary Conger Sligh, Shawnee Park Oral Deaf School, and the Environmental Action Council.

In January, the Provisionals worked at a placement opportunity of their choice for six weeks. In February, they were interviewed by three advisors and signed up for their spring placement.

Placement coffees were held in March as an informal setting for explanation of new projects, and to take a vote on projects the Placement Committee felt should be dropped from our total program. The following projects have been dropped: Museum Docents, Mary Conger Sligh, Girl Scout Program, and C.A.P., Professional and Inactive Status were also defined by the Placement Committee. (See Placement)

It has been a satisfying and constructive year for Placement.

Mrs. Louis Wickman,
Chairman

PROVISIONAL COMMITTEE

In the spring of 1970, based on suggestions from the previous provisional class, we completely revised the Provisional Course. Invitations were extended to twenty women in March 1970. Eighteen accepted, two of whom were professionals. In October one non-professional resigned and one provisional transfer joined the group.

Our program was designed to plan with the provisionals an "overview" study of the Community, to involve them in the mainstream of League activities through participation on in-League committees, and to introduce them to placement opportunities through participation in areas of League involvement.

Our previous experience indicated that these women are committed in other areas the spring of the year in which they are invited to join. Therefore we began the bulk of our program in the fall. The spring portion consisted of initial interviews with the President and Provisional Chairman to briefly explain the organization and the proposed provisional program. A coffee was held by the Admissions Committee where the Placement Chairman described current Junior League projects, and an evening dinner was given by the Provisional Committee at which time our committee and the newly elected Executive Board members were introduced and described their roles. The dates for the fall program were given and provisionals were invited to attend all regular Membership meetings April-June.

In the fall a series of six meetings was structured to cover Community areas where the League is currently involved. In addition each provisional was asked to choose from a broad spectrum of community activities, 5 "Opportunities" which they were to complete on their own.

Each provisional chose an in-league committee to serve upon (Sept.-Dec.) and reported the functions of the committee back to the rest of the group. Informal luncheons were held in October providing the opportunity for provisionals and their advisor to discuss aspects of the program.

January-March they chose an area of placement in which they participated. Each provisional was assigned an adviser from the provisional committee who worked closely with her during the entire year. In mid-February interviews were held with placement advisers outlining opportunities available through June.

An individual program tailored to specific availabilities and interests was planned for each of the two professionals.

Mrs. Hal De Longy,
Chairman

PUBLIC AFFAIRS COMMITTEE

The focus of the 1970-71 Public Affairs Committee has been two-fold: (1.) educating League membership as to the meaning of becoming involved in the public arena and (2.) establishing guidelines and procedures to facilitate that involvement. The February membership meeting was crucial to both. It was designed by the Public Affairs Committee to give League members an opportunity to dialogue about taking public action. Cecily McKelvy and Peg Emerson, President and Vice President of Toledo's Junior League, attended as resource people. Cecily's keynote address was followed by small group discussions concerning hypothetical situations in six interest areas

— Metropolitan Government, Disposable Bottles, Abortion Reform, School Millage, Housing in East Grand Rapids, and Urban Renewal.

Key questions that were answered in each group discussion and a questionnaire handed in at the February meeting, together with Advisory Planning's in-depth membership questionnaire, helped the committee develop procedures acceptable to the membership. Also, four areas of interest were defined and will be emphasized for study and possible action by next year's committee — the environment, metropolitan planning, education, and welfare reform. The committee has been involved in procedural changes related to taking action on national as well as state and local issues. It drafted an alternate bylaw proposal to AJLA Policy III, Procedure E, 1, which was presented by Susie Slawson at Annual Conference and approved for bylaw change consideration in 1972.

Other committee activities included hosting the State Public Affairs Committee of the Junior Leagues of Michigan at its Fall Conference in Grand Rapids September 15 and 16; circulating petitions at League membership meetings urging the Grand Rapids Board of Education to expand its school lunch program to inner city elementary schools; and the co-ordination of League volunteers desiring to assist the Grand Rapids School Millage campaign.

Mrs. Garret G. Ackerson,
Chairman

PUBLIC RELATIONS

Although the country and, indeed, the whole world has responded groggily, if not gracefully, to a decade of change, the League is coming through this same period in much better shape — a tribute, perhaps, to the character and style of the people involved.

The changes we've seen coming are mirrored in all leagues across the country. Sometimes these are nothing more than the cleaning out of dead wood and superfluous routine; sometimes, a response to needs that league members are not willing to ignore.

In November, the conscientious Auction committee felt the need to poll the members about support of an auction this year, in light of the depressing financial situation. This was handled by Public Relations, and the auction was OKed for this Spring.

Through-out the year the new Forum, set up by the committee to be used by any League member wanting factual information on current league issues, was a valuable clearing-house for committee members but, was not taken advantage of by the League at large.

A new brochure was printed that was a delight to everyone: colorful, easy to read, and perfect for getting our purposes across to the community.

The committee has been pleased with the depth of maturity shown by the entire membership during this very stimulating, busy, and valuable year.

Mrs. Frederick E. Vandenberg

REGIONAL COUNCIL — TEST AREA III

In hopes of being more effective and efficient in dealing with the problems of member Leagues, Region IV is being tested for one year using a new form of organization — The Regional Council.

The Council is made up of a delegate from each of the 15 Leagues in this Region. The Regional Director also sits on the Council. Each delegate also has an alternate (Sue Vahey is ours).

Since our first meeting in December the Regional Council has:

1. Established Base line Data for each League. We should be able to more accurately measure any progress at the end of the test period with a base line.
2. Elected a chairman — Sue Spademan — delegate from Birmingham League.
3. Establish a region newsletter (published every 2 months) — "The Regional Rag".
4. Form an Information Retrieval File headquartered in Akron. This will help to give fast, relevant information on programs and projects.

Task forces are organizing workshops dealing with common problems in the region. The first day long dialogue in April was concerned with the task of provisional training. The incoming Provisional Chairman and a new active from each League were the participants.

At this time the Regional Council is not quite half way through its experimental year. Thus, no recommendation can be made nor conclusions reached.

SHAWNEE PARK ORAL DEAF SCHOOL

Ten girls gave 300 hours of volunteer time to Shawnee Park Oral Deaf School this year. Their time was greatly appreciated by the teaching staff! These volunteers included two provisionals who choose Shawnee as their placement following their provisional course.

All interested volunteers attended a meeting in October where Miss Barbara Benton, the principal, outlined the schools program and showed a film entitled, "Voices Of The Future". The film shows the school's complete program.

The girls aided the teachers in many ways. One helped in planning field trips each week where she knew she could be a big help in guiding the children. A "rhythm" music program was introduced and will hopefully continue next year.

Working with handicapped children is a very rewarding experience. I am very grateful to all of the girls who gave their time to help these "special" children this year.

WAALKES JUVENILE COURT CENTER

In 1970 the Junior League continued the Guardian Ad Litum and Probation Aid programs. We have had several women working in homes and at school with problem teens. The Court Center held several training sessions for the volunteers before they became involved with the children.

The League also purchased a much needed set of exercise bars for the boys' unit and carpet and curtain rods for the girls' detention area.

The continued involvement of interested volunteers in the Juvenile system is not only a great help to the Court, it also shows the children the community is interested in their welfare and rehabilitation.

The basic court philosophy is to reward good behavior instead of punishing bad. This policy has brought forth the incentive program which enables the kids to work for points based on a pattern set up by their Probation Officer. They are able to earn merchandise, skiing passes, etc., all donated by people in the community. Thus far the program has been very successful, however, it still depends on people and their interest.

The Court still needs and much appreciates the efforts of our volunteers.

WARRIOR INDEPENDENT COURT CENTER

In 1970 the Justice Department announced the formation of the
Warrior Independent Court Center. The center had a dual purpose
of providing a forum for the public to express their views
on the judicial system and to provide a means for the public
to express their views on the judicial system.

A GUIDE FOR SPONSORS OF CANDIDATES FOR JUNIOR LEAGUE MEMBERSHIP

Are you thinking of proposing a friend for League membership? If so, you will be interested in reviewing the purpose of League membership and also the mechanics of writing a proposal. If you plan to propose a candidate for Junior League membership, you must make your intentions known to the Admissions Chairman by January 1.

Membership in the Junior League, as stated in the Junior League Handbook of Information, has a three-fold connotation: education, participation and obligation. The League is a training ground for volunteer service. Your friend need not necessarily have proved herself by past volunteer work to be a community leader, but she must have the capability, interest and time to become a committed volunteer in her community through the training provided by the Junior League.

Is your candidate really outstanding? The outstanding candidate for membership is a young woman of integrity, self-control, adaptability and honesty toward her share of the work. Is she effective in dealing with others?

The following are suggestions to proposers offered by the Admissions Committee:

1. Please read Section 2, Article III of the Bylaws pertaining to the eligibility of candidates. Consider carefully the Standing Rules governing Admissions procedures. Think long and carefully on your candidate's qualifications. Are you sure that you want to propose her and that this is the year to do it? Remember that you will be responsible for her during her first year of membership. Specific responsibilities are that you attend a proposer education meeting, attend League meetings with her or arrange for an endorser to accompany her, that you take her to the initial interview with the president and participate in a midyear and final progress session with her. If you are a sustainer, you will arrange that an endorser, who is an active member accompany your candidate in your place.

2. Consider her interests, talents, her potential for training and leadership, her adaptability and character. Is she sincerely interested in serving her community?

3. Decide that if you present her for membership, you will be doing a service to the League and to her.

LEAGUE FUNDED PROJECTS — LIST I

"A job, well done . . ."

CHILDREN'S THEATRE — Margie Jones, Chairman — 949-2768

No special training is needed for the theatre production committees. It's fun to work with the wide range of community people involved in the children's theatre. There are actors students interested in the theatre from local colleges, children from the theatre school, a wide variety of ages and interests. The plays (probably two this year) run from approximately 7:30 - 9:00 on Fridays; 10:30 - 2:30 on Saturdays and 4:30 on Sundays.

1. **Publicity** — Chairman or co-chairmen; to publicize membership campaign, each production, any special productions, the children's theatre classes and any pertinent matter that would promote this project. This would be done through radio and TV, newspapers, schools (PTA) and a special programs. Perhaps one committee member would handle one area. Fully organized outline and suggested procedures are available from last year including key names to contact, deadlines for material, etc.
2. **Program chairman** — This would include advertising, layout, copy and printing of the program. Organized report of procedures available to chairman.
3. **Play Selection** — Chairman plus two or three committee members to assist the director in selecting new plays. The committee sends for the new plays and then reads and discusses them with the director. Plays are chosen in the spring for the following season. Reading would be done in winter followed by a few meetings in the spring.
4. **Production Chairman** — To staff the production committees. The chairman could have the option to do one or part of one of the production.
 - a. **Costumes** — much of the work can be done at home. Some members needed at dress rehearsal for final touches, one member for each production night. Opportunity for design, if desired.
 - b. **Lights** — individual training would be given. Time involved includes dress rehearsals and all performances (one week).
 - c. **Make-up** — one-the-job training. Time involved includes the beginning of all dress rehearsals and performances. Approximately 6:00 - 7:30 for one week.
 - d. **Sets** — to be completed before dress rehearsal. Work be done at any time at the theatre — afternoons or evenings.
 - e. **Props** — list of props needed made with director from script. Props are gathered or made and completed one's own time before dress rehearsal.

They will also schedule "In-School Players" in the various schools throughout the country.

ENVIRONMENTAL ACTION COUNCIL — Karen Schermer — Chairman — 245-9350.

The Council needs women who are interested in working at the office on a regular basis, doing general office work and helping council members and outsiders. Also, there are many active committees on which to serve along with other community people. The Council is well organized and entrenched in the community, offering numerous ways in which to serve and to "do something" about our environment.

4. **Decorator** — There is a need for a decorator. Some areas at The Bridge need painting, color, texture, etc.

Youth Contact Center plans a Fall orientation and training session for all volunteers. The data collection and receptionist jobs will be on a regular half day a week basis. The others will be as involving as the volunteer desires.

URBAN REVITALIZATION — Judy Hooker, chairman — 949-6489

Although considerable citizen input was solicited at the outset and several public hearings have been held to review the plan for the development of the West River Bank further citizen reaction is necessary to achieve understanding of the project and its impact on the entire region. This is an area in which the Junior League could provide a valuable service to the City through volunteer efforts to achieve citizen reaction and further citizen input into the planning process.

It is anticipated that a training program would be established to prepare League members for participation in the planning process with immediate reference to the West River Bank Study, should the Junior League, a local foundation, and the City, decide to participate in the hiring of an individual to coordinate planning activities in the remainder of the downtown area.

It coordinates activities such as the forums and seminars, publishes a book list or review from time to time on topics relating to recent meetings. In general, this committee is set up to edu-

cate the League on any topic it desires. Under this structure this committee has a wide berth of activities and will be a very creative group. They will meet as often as necessary. These meetings will include primary planning sessions to be acted upon by the individuals.

The job of this committee will be the coordination of the affairs of our office. They will explore the possibilities of improving our equipment, making more efficient our use of our space and studying possible relocation of the office. Also, their responsibilities will include necessary interior decoration.

PLACEMENT — Mary Meade Fuger — 949-1674

1. This committee is composed of 14 advisors and a chairman. Seven girls are selected each January for a two year term. Selection of advisors are dependent on a good background of League activities.
2. The advisors role is to counsel and be responsible for 12 League members.
3. The committee meets every other month until February. From February through April there are an average of six meetings.

PROVISIONAL — Betsy Borre — 949-4493

1. **Purpose:** To plan a program of Community involvement and League orientation for new members and transfers.
2. **Size:** Normally 8 to 10 girls. This is dependent on size of the provisional class.
3. **Meetings:** Committee meets in the Spring to plan any spring orientation program and to structure the fall program. Committee members will also meet on a monthly-semi-monthly basis in the Fall — either as an advisor/or committee member. They will act in an advisory capacity to two or three provisionals. Each member is responsible for the planning and follow-up for one or two meetings and is asked to attend as many of the provisional functions as possible.
4. **Background:** A good background in community involvement is an asset to committee members. Hospitable and friendly attitude most helpful. (Aren't we all?)

Members of this committee will become League resource people in areas which the Public Affairs Committee feels are likely to require public action. Members will be responsible for synthesizing the resources and materials in their area of interest and making their findings available to the Public Affairs Committee.

If an individual wants to be a member of Public Affairs and work in an area not included in this placement brochure, provisions will be made for her to pursue her interests in Public Affairs.

An attempt will be made to concentrate the efforts of Public Affairs for maximum results. Focusing in on limited issues will facilitate the implementation of educational programs for the membership.

The following areas were indicated most frequently as priority areas through the questionnaire and the February meeting evaluation sheet:

1. **Environment** — Public attention is focused on the subject of a possible ban on throwaway beverage containers, as a partial solution to the solid waste and litter problems and as a means of conserving resources. This is already a stated area of interest of other Leagues in the State of Michigan and we might discover a new degree of effectiveness by working in cooperation with other Leagues to introduce and take part in the passage of an important piece of environmental legislation.
Two more very important bills in the state legislature deal with banning the use and sale in Michigan of some of the persistent pesticides still on the market. These bills will need strong citizen support to counteract industry lobbying.
2. **Metropolitan Government** — This over-all look at the question of how we work to achieve a more unified form of government shows the various actions that must take place if, in fact, metropolitan government is to become a reality.
 - 1st action — May 3 — meeting to begin to form the Kent County Government Action Council.
 - 2nd action — Discuss proposed amendment to State County Home Rule Act. Get Amendment passed in Legislature.
 - 3rd action — Educate public on all aspects of issues surrounding County home rule.
 - 4th action — Get Charter Commission elected.
 - 5th action — County Charter Commission write Charter.
 - 6th action — Get charter passed by electorate.
 - 7th action — Implement County Charter.
3. **Welfare Reform** — Long needed welfare reform legislation based on recommendations of Gov. Milliken's Welfare Study Commission can only be implemented by an educated citizenry. "Often the greatest contribution we as volunteers can make is to work at changing those things that cause existing problems."
4. **Education** — Greater involvement by the public in the issues confronting public education will be essential if we are to resolve crises faced by schools throughout our country and in our own communities.
Current Issues in Education providing opportunities for research, observation, study and action:

a. Educational Reform

- (1) School financing

PROBATION AID (Waalkes Juvenile Court Center —

Mr. Jack Finn — Volunteer coordinator.

Opportunity for working with juveniles on probation to the court by:

1. Tutoring — reading and basic education. There will be professional teaching and reading training offered the volunteer from the Grand Rapids Board of Education.
2. Periodic home visits with foster children and foster parents to evaluate the care being given the child, the child's development and to uncover problems that might have arisen.
3. Big Sister.
4. Monitors — gathering data in the child's school for probation officer.

SHAWNEE PARK ORAL DEAF SCHOOL — 2036 Chesaning, S.E.

Judy Britton, chairman — 241-2214

Opportunity to work with deaf and hard of hearing children.

JOB — work with teacher and children on special projects:

- a. Arrange bulletin boards and other art displays.
- b. Prepare teaching material.
- c. Work with small groups of children in teaching situations.

No special training needed — just loving children and an eagerness to help a "special" child.

SENIOR CITIZENS COMMITTEE — The League has been asked to appoint a member to this committee which is a standing committee of the Planning Division, of United Community Services. This group meets once a month at noon (or 12:30 if lunch is not desired) as the directors and advisory body to the **Kent County Senior Citizens Project** (including the West Side Complex, The Keen-Age Koffee House and XYZ Center). This volunteer would participate in evaluation of existing programs for the Senior citizen and in the planning and expansion of programs.

PROBATE COURT GUARDIANS — Volunteers to serve as guardians for older citizens who have become incompetent by the probate court to meet an increasing demand for this type of service. There are many older persons who need guardians. A surprising number have no relatives, or none close by available for this task. If there is a sizeable estate involved there is no trouble since they can obtain volunteers for a fee. But many have no estate and need guardians who will act without pay. Many of the elderly receive only Social

security, welfare or Old Age Assistance checks. So the guardian's duties are quite simple. In many cases they merely receive the monthly checks and turn them over to the nursing homes or care facilities. If there are any funds left over, the guardian may take charge of furnishing a few personal needs.

"But the human element is important, too," Judge Stoppels says, "just to know that someone will be coming to see them periodically is of importance, too."

MARY CONGER SLIGH CHILD DEVELOPMENT CENTER

This project is designed for the prevention and early detection of emotional disturbances in young children. It has proved its value in our community. Although it has been accepted as a function of the Grand Rapids Child Guidance Clinic, it does depend on volunteers to keep it operating. The experience and insight gained through the volunteer capacities of this program are extremely worthwhile for any of us interested in children's health and welfare.

1. **Nursery School Volunteers** — Volunteers needed to assist Nursery School teachers one morning a week (9:00 - 11:00) for ten weeks — Tuesday, Wednesday and Thursday. **Fall** series begin in September; **Winter**, in January; **Spring**, in March. Opportunity to participate in stimulating discussion with teachers and clinic staff. There will be an orientation meeting on techniques of handling children.
2. **Recorders** — Volunteers needed to take detailed notes (in long-hand) during the mothers' discussion group. Same days and hours as above.

SALVATION ARMY — needs an antique appraiser to periodically review their donations with an eye to opening a resale shop for quality items.
