Consequently Scriptures are sold in the United States below full cost and overseas at a fraction of their actual cost. They are cheerfully given without charge to those who cannot afford to pay anything.

This policy is made possible by gifts contributed to the Society and by asking the Society's customers to send full payment with their orders. Only with such cooperation can the low prices be maintained.

All of the items in this catalog were created for the purpose of attracting more readers to God's Word. Story Line is a television production of the American Bible Society, designed for children and now available on 16mm color film for church and school groups.

Annie Vallotton starts each 5½ minute program by describing a key line she will use in her picture. That's how STORY LINE got its name.

Drawing her stories from the Bible, she uses giant panes of glass. You can see her delightful face as she draws, tells, sings—even yodels—about what happens in:

Six stories based on the Old Testament (Nos. 2, 12, 14, 15, 16, 17).

Ten stories about Christ's life (Nos. 5, 6, 8, 11, 13, 18, 19, 20, 21, 23).

Seven stories based on parables told by Christ (Nos. 1, 3, 4, 7, 9, 10, 22).

Four stories about people who met God (Nos. 24, 25, 26, 27).

Scripture Cards are available separately or to coordinate with each of the Story Line films. These are 4x7½ inches with an Annie Vallotion drawing on one side and the appropriate Scripture passage on the other. They can be used as publicity pieces for Story Line films or as take-home items for children. 1c each. Order from American Bible Society, 1865 Broadway, New York, NY 10023.

#### Meet our President ...

First off . . . he's a person!

And the wonderful part about that fact is that he wants to know us as persons also. Dr. Sweeting has a literal "open-door" policy that includes us of the student body. Any student is free to make an appointment with him. Often I see him talking to students here in Alumni Plaza.

Our president has a deep appreciation of the rich heritage of Moody Bible Institute. Sometimes it seems as if he has just finished discussing something with one of our former presidents - Dwight L. Moody, Dr. Torrey, Dr. Gray, Dr. Houghton, or Dr. Culbertson.

Besides knowing about how God has worked here in the past, Dr. Sweeting is looking ahead progressively to the future. He wants to join modern technology and dedicated young people in an all-out effort to reach the whole world for Christ in this generation.

We've caught his enthusiasm!

#### ENROLLMENT

### ACTIVITIES

Probably the simplest way to put it is the best: new and different circumstances make the MBI student a new and different person.

We became interested in Moody Bible Institute when a third-year student described his experience this way: "I could practically feel myself growing every day!" We felt we'd like very much to share in that.

When you enroll at MBI you're taking the first step toward a life that is different from anything vou have known before. Your home will be a residence hall --- shared with many other students whose goal is service to Jesus Christ. You'll be leaving family ties to launch out on your own ---accept responsibility for your own time schedule, your own belongings, your own school assignments and work.

It's nice, though, to know that someone is there to help. Our teachers, our deans, our academic advisors - even our classmates - will want to share your fresh perspectives and your expanding horizons.

### FACULTY

The MBI faculty is made up of men and women who have a lot more going for them than just consecration. They have that too, but teaching students who want to serve Jesus Christ in this perplexing world of ours calls for solid academic preparation and practical Christian experience. That's what impressed us about the Moody faculty.

Combine a really progressive spirit with a quiet attitude of dedication to Christ, and you've got a description of the men and women who teach at Moody Bible Institute. Somehow they make it all personal --- and the 14 to 1 student-faculty ratio helps them keep it that way.

### THE CAMPUS

The student at Moody Bible Institute is part of a busy complex which involves the lives of one thousand students. When we arrived on the campus we found

- · Modern men's and women's residence halls.
- · An educational building with complete, contemporary facilities.
- · A well-stocked bookstore for all student needs.
- Two modern auditoriums completely equipped.
- · A library of more than 70,000 volumes.

There's a private box for each student at the MBI post office. The snack shop, activities rooms, barber shop, campus cleaners, student employment service, audiovisual center, and health service round out the personal touches that make our Moody campus life a tremendous experience.

### TAKE THE NEXT STEP

We get a feeling that's hard to describe when we realize the fellows and gals sitting in class with us today will soon be serving the Lord on every continent of the globe. We may not know yet where God will use us - or even exactly how --- but we do know we'll be taking our place among more than 35,000 MBI alumni who have covered the earth to win the lost to Christ.

#### **STANDARDS**

MBI chooses students on the basis of proven spirituality, evangelistic zeal, scholastic ability, and good health. Can you measure yourself favorably against these standards?

- You must have been a Christian for at least a vear.
- You must belong to an evangelical church.
- You should graduate from high school in the top half of your class.
- You must take the American College Testing Program (ACT).
- You should have at least a "C" average.
- You must be in good health.

If you measure up, why not fill in the coupon below and mail it today?

#### **EXPENSES**

We've pointed out a lot of other advantages too, but one of the fantastic attractions at Moody Bible Institute is the low cost to the student. It may be the best chance you'll ever get to break that inflationary spiral.

Tuition is free. That gives us a big start in the crucial direction of finances. The heavy expense of tuition is cared for through the gifts of Christian people across the nation. They believe in what MBI is doing for the cause of Jesus Christ.

You'll need at least \$850 per semester for room, board, and regular school fees. Add to that what you need for books, supplies, and personal expenses. If you take private music lessons, that's extra, too. The aviation course involves the cost of flying time. Other technical majors mean extra money for laboratory, tools, and supplies.

But all in all, the cost is far less than most colleges. That's a "plus" worth serious consideration. You can get a complete breakdown of costs by sending for the Institute catalog.

# MODDY BIBLE INSTITUTE

## DWIGHT L. MODY 1837-1899

#### ... a man with vision

Mr. Moody based his dream of a training school for young Christians on the severe spiritual need he saw in his day. Always an innovator, Mr. Moody desired that the training be in three basic areas: fundamentals of the English Bible, church music, and a "learn-by-doing" method of practical Christian work. Since 1886 continuous pioneering and steady progress verify that D. L. Moody laid a practical foundation.

D. L. Moody needed a man of scholastic ability to direct the new Institute. Dr. Torrey was that man—a godly scholar with sincere interest in evangelism. To his able leadership goes the credit for Moody's basic curriculum. The practical Christian work program he started is still in use today. He founded the Correspondence School (1901) and the Evening School (1903). Mr. Moody discovered Dr. Gray of Boston. A quiet rector, in executive and an unusually gifted teacher. Dr. Gray came o Chicago at Mr. Moody's initation to give Bible lectures. After Dr. Torrey's resignation, Dr. Gray became president. Under Gray's administration every department grew in size and efficiency. Enrollment in Day School reached 900, Eveing School 1,000 and Correpondence School climbed to 000

Another era of expansion egan in 1934 when Dr. Houghon was elected MBI's fourth resident. The finest faculty as formed, new buildings ere erected, and Day School nrollment increased. *Moody lonthly* circulation doubled nd Moody Institute of Science as founded. Dr. Houghton as a soul-winner, an author nd a promoter. Dr. Culbertson was elected president in 1948. His tenure saw significant curricular changes, a degree program adopted, and an entire block of buildings completed. Elevated to Chancellor in 1971, he was followed by Dr. George Sweeting, the school's sixth president, under whose leadership the Institute continues to bioneer in Christian higher education

1905-197

Yes, D. L. Moody was a pioneer, and today, following the tradition of a glorious heritage, our young men are having visions and our old men are dreaming dreams.

For over 90 years the Institute has enjoyed God's miraculous direction. Many exciting things are happening on our campus and in our classrooms. But, at MBI, we are first concerned about the Bible—it is part of our name—and knowledge of the whole Bible is the foundation of a Moody education. Its use in teaching, witnessing and the worldwide outreach of our ministries in direct evangelism and edification is essential.

We invite you to link your hands and heart with us as we seek to reach our world in this generation.

## EVENING SCHOOL

Moody Evening School serves Chicagoland churches by providing their members with tuition-free training in Bible and related subjects—

Bible study Christian missions Bible background Evangelism Christian Sacred Music communications Christian education

Currently, approximately 75 classes are held three nights a week during the school year with an enrollment of 1,400. Classes are held at the Institute in Chicago and at other extension campuses in Joliet and Elgin, Illinois and Akron, Ohio. Most classes are taught by regular Day School faculty members.

## SUMMER SCHOOL

One-, two-, three-, and six-week sessions offer you an opportunity for specialized training whether you are a high school graduate, a college or seminary student, missionary on furlough, a pastor, Sunday school teacher, in other Christian work or in a secular occupation.

A large variety of subjects—basic and advanced, general and special are offered each summer. These subjects are taught by full-time faculty members and well-qualified guest instructors.

Why not be among other busy men, women and young people who come each summer to deepen their knowledge of God's Word in order to be more useful in the Lord's service?

Correspondence School is an ideal method of studying the Word of God at home whether you are a missionary, serviceman, housewife, working layman, pastor, student, prisoner or retiree and are unable to attend campus in person.

Fifty-six courses offer you a wide selection of subject areas—Bible survey, Bible book studies, doctrine, teacher training, practical Christian living, missions, church history, salvation, New Testament Greek and English. Written by highly recognized authorities, these courses are produced at various study levels—children's, popular, college credit and advanced.

A student can learn on his own or in groups in churches, homes, offices, factories, army bases, etc. Qualified instructors and a dedicated staff give personalized instruction, counsel and efficient service.

A well-rounded program of Bible instruction can add a new dimension to your life and service for Christ. Remember, it can come to you in your mailbox—it's only a postage stamp away!

If you cannot attend MBI, you could have MBI come to you.

Why not invite a member of the Extension staff—a Bible teacher, evangelist, faculty member, student team or radio personality — to conduct an evangelistic campaign, Bible class or conference or fill your pulpit while your pastor is away? Churches of many denominations throughout the United States and Canada have done this for over three quarters of a century.

Christians are strengthened and many individuals receive Jesus Christ as Saviour through Extension's specialized ministries.

You can use these thought-provoking films in your church, your place of employment, your own home, in museums and on college or university campuses to spark conversations regarding the claims of Christ.

Have you thought of using them to reach the people around you?

You can share the gospel with individuals in schools, foreign lands, hospitals, prisons, rescue missions, retirement homes, military service through Moody Literature Mission which produces and distributes millions of pieces of Christian literature in more than 100 languages for use in nearly 120 countries each year.

Overseas literature projects are usually carried out with a cooperating mission or a national church. Each project is carefully screened and the mission or church is asked to raise at least half the cost of the project. MLM then matches this amount to introduce Christian literature to the new area.

For the past several years alumni giving has increased and now has surpassed \$500,000 annually. Moody Week Bible Conference at Winona Lake. Indiana is an annual event sponsored by the Alumni Association.

The Alumni Association reports that today there are over 2,250 active foreign missionaries who have been trained at MBI. Thousands of other alumni work in the USA in churchrelated ministries and in all professions. These men and women represent Christ on every continent, thus in a tangible way fulfill His commandment: "Go ye into all the world and preach the gospel to every creature."

WHY NO TUITION? The answer to this question is two-fold. Thousands of young people each year complete their college education heavily in debt because they have had to borrow money to pay expenses. Tuition costs at comparable schools exceed \$2000 per year.

It is the desire of Moody Bible Institute to relieve its graduates of this burden and thus free them to pursue further education or go directly into Christian service without the responsibility of a heavy debt.

In addition to the academic work of the classroom, students at Moody Bible Institute are required to participate in practical Christian work activities-putting into practice the truths and techniques learned in the classroom. These assignments include hospital, home and jail visitation, boys' and girls' clubs and a variety of church-sponsored activities. For these reasons we feel that it is desirable for us to assume the responsibility of raising the funds necessary to provide the training of the young people who will be the Christian leaders of tomorrow.

From the founding of the Institute till the present time Christians all across America have expressed approval of this practice by contributing to the support of this unusual educational institution. You may want to share in the blessing that comes from giving to a work blessed by God in such abundant measure.

Contributions can be made in the form of cash, stocks or bonds or real estate. They might be direct donations, annuity agreements, trusts, life income contracts or bequests. Details regarding any of these forms of contribution will be sent on request.

With Each Other ... Dr Against Each Other?

How closely does your family work with your church? Are you working together or do you have separate agendas, goals, values, motivations?

As never before the church and family—institutions ordained by God—are facing pressures from a secular society that is far more interested in doing its own thing rather than God's will. As never before church and family need to combine forces because . . .

The church and the family need each other.

Churches need members. In fact, churches *are* members. A church isn't a building; it's a living organism, part of the total body of Christ. Most churches draw most of their members from families. In fact, families are usually acknowledged as the backbone of the local church.

And families need the church. The Christian family seeks a relationship with God. It needs a place, more important, a community in which to worship, fellowship, learn and serve. The church provides that kind of community.

The church and the family feed each other.

The church feeds the family on the Word of God-through preaching and teaching. The church brings the family the good news that Christ died for the sins of all. And the church helps the family work out a Christian lifestyle-how to share Christ with the world, how to apply eternal biblical truth to the concerns and questions of everyday living.

And in many ways the family feeds the church. The family provides the church with stability, a sense of permanence, and resources. Family giving units are a key source of church support. Family units provide the manpower for the church the leaders, teachers, workers of all kinds. And family units are a key to church ministry, still effective channels for transferring the Christian faith. (See 1 Tim. 1:5.)

The church and the family should never bleed each other.

Ironically, the bleeding goes on, as the family unconsciously expects the church staff "to do the job." Education, evangelism, even fellowship, are left to the professionals to plan, promote and pull off. And, as the church moves into the vacuum, it often creates an activity schedule that bleeds the family of time and energy. It is significant and encouraging (also ironic) that church boards are voting to close everything down one night a week so families can have some time for themselves!

Are your family and church allies, or adversaries unawares? Take the quiz on p. 5. Think about it. Pray about it. Do something about it . . . now.

#### THE DILEMMA **OF DISCIPLESHIP page 6**

No teaching has stirred the charismatic world, or caused as much controversy, as the teaching on discipleship, Dr. Charles Farah, distinguished professor at Oral Roberts University and an elder in the Tulsa Christian Fellowship has been intimately involved in discipleship for more than 25 years. In this penetrating article, he analyzes the entire movement, points out some of the dangers involved, and then winds up with eight positive suggestions on how each Christian should get involved.

page 22 Juan Carlos Ortiz has been

called a heretic, a saint and the "guru" of the discipleship movement. His new book, Call to Discipleship (Logos) has raised more controversy than any other Christian book in years. It is difficult to find anyone who agrees with everything this still-young Argentine urges upon the Body of Christ. Yet, as Jamie Buckingham writes in his writer's preface to the book, "even though I cannot agree with all his conclusions, I must listen to them-for he has walked them out.'

#### **OBEYING THE LAST COMMAND page 14**

For the first time in his long and unblemished career as a teacher and leader in the charismatic movement, Bob Mumford is under fire from his friends. This popular Bible teacher, whom Billy Graham has called "my favorite preacher" has managed to hold the middle of the road in times past as his associates at the Christian Growth Ministries in Ft. Lauderdale were under the gun for their teachings on

deliverance, submission and "divine order." This time, however, Bob is right in the middle of the controversy in "discipleship." At the invitation of Logos Journal Bob pours out his heart in the article beginning on page 14.

AND FOREVER page 51

Mary Goforth Moynan the daughter of one of the most respected missionaries in Presbyterian history talks about the move of the Holy Spirit in her father's China revivals more than half a century ago, and then shares what has happened in her own life in these twilight years of her career.

of tension." Having spent over 40 vears in the charismatic movement. I have seen many new trends, ideas and

revelations-with the expected accompanying claimscome and go. The tendency to place emphasis on some tangent aspect of Scripture is always with us, it seems.

Currently the words submission, discipleship, relationships and covering are prominent. Sadly, even though these are good words, in some areas they are causing schisms and misunderstandings. Questions such as "To whom are you submitted?" are being used as a test of fellowship.

These times are similar to the days when the Apostle Paul wrote the churches in Galatia saying, "I marvel that ye are so soon moved from him that called you into the grace of Christ unto another Gospel: Which is not another; but there be some that trouble you, and would pervert the Gospel of Christ."

A publisher has the edge on most people because he sees the volume of manuscripts which reflect the divergent thinking of people all over the world. Much of the teaching on discipleship seems solid. But there are problems. Should the "shepherds" submit to shepherds outside their locality? Are the discipleship groups actually "churches?" Should the shepherds receive tithes from the "sheep"-or as one shepherd puts it, "I handle the wool.?" And finally, how do sheep ever get to be shepherds?

Reports are pouring in that people are being "disfellowshipped" because they do not submit to some elder who gos family. He has put together an experienced staff of in turn submits to another elder hundreds of miles away. qualified newsmen and women and has enlisted the help It makes me wonder whether even the Apostle Paul would of "stringers" from all over the world to feed stories to our be accepted today in some groups. Jamie Buckingham is no stranger to the readers of Logos Journal. Following the death of Al West it was natural for the board of Logos International Fellowship to ask Jamie to take over as Executive Editor for the Journal. This places a tremendous load on his shoulders, for not only is he one of America's best known writers, he continues as pastor of a rapidly growing congregation of Spirit-baptized people in Melbourne, Florida. He is uniquely qualified for this job having served on the staff of Guideposts magazine as well as having been with Logos from its first wobbly beginnings.

Early this fall America's first Christian newspaper, the National Courier, will hit the newsstands. Bob Slosser, one of the nation's foremost newsmen is sitting in the editor's chair. A Spirit-filled Episcopalian, Bob left the Washington bureau of the New York Times to join the Lo-

Dr. Henrietta C. Mears Founder **Gospel Light Publications** 

"Dreams do come true. The first thing I did in Hollywood was to write out what I wanted for my Sunday School. I set down my objectives for the first five years. They included improvements in organization, teaching staff, curriculums, and spirit. I wanted a closely graded program, a teaching material that would present Christ and His claims in every lesson, a trained teaching staff, a new education building, choirs, clubs, a camp program, a missionary vision, youth trained for the hour."

Enthusiasm Generates Partici-**Trained and Learners Eagerly** Anticipate Doing Lessons.

At Hope Church students run to class. With eager teachers trained, ready and anxious to teach each Sunday, Sunday Schools can grow. With something to do when learners arrive at each class, Sunday School pulsates with excitement. That's the kernel of success employed at Hope Presbyterian Church of Richfield, Minnesota; a total Gospel Light Living Word Curriculum Sunday School.

#### **TEACHER TRAINING**

"We are really sold on Gospel Light and feel it has done an excellent job for the Lord, not only with the students who use it, but with the teachers as well," says Mrs. Ruth Petersen, Administrative Assistant to the Senior Pastor, Dr. Robert W. Dickson.

At Hope Church you see the Spirit move during worship services with joyful participants singing and holding hands.

Hope Church combines its own pation Because Teachers Are teacher training with Gospel Light's International Center for Learning (ICL) Seminars. "We have been sending 18-25 people as often as possible, depending on the changing of department leaders. However, we have more than 200 people involved in our teaching program from toddlers through Junior High, so we want as many of them trained as possible," noted Mrs. Petersen.

"We hear from the teachers, children and parents," according to Mrs. Marylin Hanson, Assistant Director of Children's Work at Hope Church. "Teachers are really enthused. Primarily they are lay people, without teaching experience. But they are so inspired," says Mrs. Hanson. New teachers are especially

#### **GUNG-HO**

Six years ago, under the leadership of the present Director of Children's Work at Hope, Mrs. Doris Langseth, Hope "professionalized" their teaching staff and leaders with Living Word Curriculum. "That's how we got so gung-ho on Gospel Light," notes Mrs. Hanson. Hope was looking for total session teaching, a feature of Living Word Curriculum. "Living Word Curriculum is Bible centered, Christ centered, and Gospel centered; which is the primary reason we chose Gospel Light," according to Mrs. Hanson, "Then," she said, "we are impressed by the excellent teaching methods employed." These two reasons for using Gospel Light are corroborated by national statistics showing them as the two top priorities for selecting Living Word Curriculum.

Hope Church, which uses Living Word Curriculum from 2-year-old children thru its Senior High classes, has

SEE BACK COVER FOR SAVINGS PLAN

A heart-warming documentary of Nicky Cruz, former warlord of a ruthless gang and now an ambassador of truth. Art Linkletter and Nicky visit the old places where Nicky was the most feared gang leader in the Bronx.

Rejected by his mother, certain that no one cared, Nicky had indulged in nearly every crime known to man before he reached 18. Then he had a personal encounter with Jesus.

So dramatic was the change that Nicky led his gang to the police to surrender their weapons. In return, they asked the shocked officers to autograph their Bibles.

NO NEED TO HIDE will help your restless youth and adults find meaning and purpose in Christ.

Though Walk Through The Vallev

Tony Brouwer had terminal cancer. Unexpectedly he and his family face new questions, new fears and new sadness as death confronts life and is the loser. THOUGH I WALK THROUGH THE VALLEY is a remarkably sensitive documentary of the last six months of a man's life. Filmed to show the warm tenderness a Christian father has for the family he must leave behind, it also displays the love and courage of his wife and daughters as they learn to "walk through the valley of the shadow of death.

THOUGH I WALK THROUGH THE VALLEY is not the typical deathbed story nor is it aimed at the tear ducts. It skillfully avoids cliches and sentimental pieties while simply illustrating that a man can live his life so that when death comes he can meet it as a friend, tenderly and gently in Christian hope. #### IT ALL LEADS TO THE EARTH'S FINAL HOUR ... **AS FORETOLD**

The human race is on a collision course with its day of reckoning. The Bible, science and the news media all agree - there is not much time left.

Two film crews covered 24,000 miles and twelve cultures ranging from jungle tribes to man's most modern centers to film the tragic conditions of our failing world.

THE FINAL HOUR graphically portrays the realities of life on our declining planet and sensitively links those facts to the Word of God. Its message will alert people of our day to the vital spiritual needs of a world rapidly approaching THE FINAL HOUR and underscores the blessed hope that Christians have in the Lord Jesus Christ.

# one day after Christ returns

David Wilkerson is a phenomenon of our times. Led by God into one of the more difficult areas of this country, he pioneered a Gospel ministry that is now world-wide. Again - led of God - he began writing and produced a best seller, "The Cross and the Switchblade." Once again - David Wilkerson has added a new field-motion pictures-and THE RAPTURE is the result.

At a time when a number of films are appearing on the subject of the return of Christ, THE RAPTURE is an imaginative portraval of how a television network might possibly handle the spectacular catching away of millions of Saints with the chaos that would be the result.

While recognizing that there are diverse opinions as to the return of Christ, THE RAPTURE is, in our opinion, a fairly accurate picture of how the people of science, a liberal clergy, and the news media would react to the sudden and unexplained disappearance of millions of people whenever it occurs in God's chronology of events.

THE RAPTURE, in a very graphic way, reveals the folly of not being ready for the return of Christ whenever it occurs and - after all - isn't that what the Bible is all about.

In this film he demonstrates how people are often tricked into believing that they are communicating with the spirit world and he gives warning both to the serious student and the curious dabbler that it is possible to communicate with demons who impersonate the dead.

Moving from the world of the seance, Kole, one of the world's great illusionists, stirringly demonstrates how at the fall, man's light went out.

WORLD OF THE SEANCE has a beautifully clear presentation of the way of salvation. It is Biblical, it's convicting, it's entertaining. Quite a combination!

The power and cunning of man's oldest enemy. Everyone knows about Nicky Cruz. The books,

The Cross and the Switchblade, Run Baby Run, as well as the movie NO NEED TO HIDE graphically document his life as a New York hoodlum and gang leader. These tell, too, of his dramatic conversion. Little, however, is known of his early life in Puerto Rico—of a home life where parents were Satan worshippers, traders in demonology.

Because his story, and theirs, can help to alert curious dabblers of dangers that lurk in the occult, Nicky went back to Puerto Rico to recreate on film the tragedy that tore him apart.

The result is SATAN ON THE LOOSE. SATAN ON THE LOOSE warns, it instructs. It points out danger. It leads to life. Life found only in the Lord Jesus Christ.

On December 23, 1972, a 35 second earthquake destroyed Managua, Nicaragua. It totally devastated an 81/2 square mile area leaving thousands dead, tens of thousands injured and hundreds of thousands homeless. The city that was is no more.

A NIGHT OF TERROR not only documents the earthquake and its destruction, it also shows the church moving clear of the rubble to feed, house, provide medical assistance and minister to spiritual needs providing a beautiful illustration of Psalm 46.

A NIGHT OF TERROR shows a church uprooted and believers scattered to actually find themselves planted in areas where formerly there was no Gospel witness- seeds from which new works could arow. A NIGHT OF TERROR will, in a dynamic way, enable the people of your church to see just how fragile material possessions are in an unfriendly world. \* Formerly Titled "A Test of Faith"

A touchingly beautiful film that discusses and illustrates the basic fun-damental concept that God planned creation; that in the beginning the world was nothing in the middle of nothing until God fixed the world so it would work and make it beautiful—God spake, "and it was done."

IN THE BEGINNING is a photographic study of the six days of creation through which viewers are led into the realization that the order and design of God's creation feels good; that plants, animals and man are interdependent; that each nourishes the other by life and even by death. IN THE BEGINNING declares that the real problem of today is man and that as "in the beginning" a loving God moved in creation, so also has a loving God moved through the cross to bring order and set man free. This film doesn't depend on a lot of words to get its message across What it does say, it says powerfully leaving viewers to stand in awe of the God of Creation.

# Discipline in the Home

Wrestling with mealtime and other problems in the home can get dreadfully sticky at times. Dr. Howard Hendricks, a noted authority on family relations, makes good use of caricature and animation to show parents how they may see their children not only in terms of their problems but also in terms of the potential of what they may become. He explains how to use both corrective and preventive discipline so that the children might not suffer the insecurity of either over discipline or under discipline. Take your children to see this film. Then talk about it later. You will be surprised at the results.

Can these sandcastles become reality?

This film will help you find answers.

# SANDCASTLES

Most parents think of the family as an inter-dependent strong unit at peace with one another and with God, communicating for a life-time. Deep inside many parents is the stark truth that the possibility of having such a family is really the building of sandcastles in the mind for the more they strive, the more elusive the dream becomes.

Psychologist Dr. Bruce Narramore states that parents create roles for their children out of the fabric of their own hopes and dreams. When a child refuses to cooperate, the self-esteem and security of the parent seemingly is threatened so that home often becomes a social battlefield where emotional battering often marks a child permanently.

In SANDCASTLES Dr. Narramore goes on to show that even though each family is unique and constantly changing, the dreams parents create can become reality through the discovery of just how Jesus breaks down barriers and creates understanding.
