I. PURPOSE

To preside at the first meeting of the President's Committee on Urban Development and Neighborhood Revitalization.

II. BACKGROUND, PARTICIPANTS, AND PRESS PLAN

A. Background:

The Committee results from a convergence of two sets of recommendations regarding the problems and needs of our cities and neighborhoods. Your key Domestic policy advisors have pointed out the need for greater cooperation and coordination among Federal agencies administering programs which have an impact on cities and their neighborhoods. The increasing substitution of revenue sharing and of block grant programs for categorical programs offers urban centers the opportunity to formulate an overall strategy for their use of Federal resources. Also, the major recommendation of a May 5 meeting sponsored by the White House Office of Public Liaison and the National Center on Urban Ethnic Affairs was that the President establish a committee to study urban problems as they are perceived on the neighborhood level (Tab A).

On June 19, you approved the establishment of a Committee on Urban Development and Neighborhood Revitalization (Tab B).
